# Guiding Principles

---

The School District of Palm Beach County firmly believes a positive school culture promotes equal educational opportunity and establishes the framework for a safe learning environment. The Student Code of Conduct is comprised of a set of policies, rules, and laws by which order is established and maintained for the benefit of all. Discipline within a school must have the qualities of objectivity, consistency, and equity. It is the responsibility of all school personnel, students, parents, external stakeholders, and the greater community to ensure the school environment encourages a climate conducive to learning.

The Student Code of Conduct is intended to be an instructive policy based on interventions and supports for students. However, when consequences are warranted, they shall be implemented based on a system of progressive discipline. Minor infractions and first offenses have less serious consequences than major infractions and repeat offenses. Factors such as age, grade level, social, emotional, and intellectual development, and overall student rights and responsibilities shall also be considered. Disciplinary issues will be resolved by every means possible prior to exclusion from school. Equitable and reasonable procedures will be followed to assure students of their rights.

The School District of Palm Beach County expects all stakeholders to demonstrate mutual respect for the rights of others. # Attendance

---

This policy is to encourage regular school attendance and punctuality by establishing requirements for student attendance, outlining guidelines or procedures for attendance monitoring and reporting, and establishing procedures supporting chronically absent and habitually truant students as required by Florida laws, rules, and regulation.

Research indicates that students miss school for many reasons, which can be divided into three broad categories (The Importance of Being in School: A Report on Absenteeism in the Nation's Public Schools. Robert Balfanz & Vaughn Byrnes, John Hopkins University Center for Social Organization of Schools, May 2012):

- a. Students who *cannot attend* school due to illness, family responsibilities, housing instability, the need to work, or involvement with the juvenile justice system.
- b. Students who *will not attend* school due to bullying, unsafe conditions, harassment, and embarrassment.
- c. Students who *do not attend* school because they or their parents do not see the value in being there, they have something else they would rather do, or nothing stops them from skipping school.

This policy applies to District students enrolled in grades Pre-K to 12<sup>th</sup> grades.

The Board believes that regular and punctual school attendance play important roles in a student's achievement, as there is a strong correlation among regular school attendance, academic achievement, and the completion of school. Although school attendance is the responsibility of the parents or guardians and students, the District is dedicated to increasing the meaningful involvement of parents and guardians in all aspects of their students' lives, including the reduction of chronic absences and truancy.

To combat unexcused absences and truancy, all District schools are dedicated to providing culturally, linguistically, fair, and age-appropriate interventions. District students shall not be treated differently with regard to attendance, absence or truancy on the basis of their race, color, ethnicity, national origin, sex, sexual orientation, marital status, age, religion, disability, genetic information, gender identity or expression.

In accordance with Fla. Stat. § 1003.26, the superintendent is responsible for enforcing school attendance of all children and youth subject to the compulsory school age in the District's schools.

a. **Attendance, Absence, and Excuse Requirements**

- i. *In General.* Except as provided in Fla. Stat. § 1003.24 and State Board of Education Rule 6A-1.09513, all students are expected to attend school regularly and to be on time for classes in order to benefit from the instructional program and to develop habits of punctuality, self-discipline, and responsibility. Each student is required to attend classes

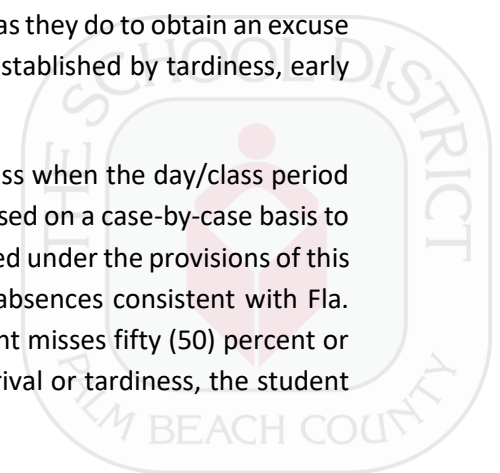

one hundred and eighty (180) days each school year. To be in compliance with these attendance requirements, students must not accumulate fifteen (15) unexcused absences in a period of ninety (90) calendar days.

- ii. *Parental Notification of Absence to School.* Parents and guardians are responsible for notifying the school when a child will be absent and for informing the school of the reason for the absence. Thus, parent and guardians are expected to notify the school when their child is absent and inform the school of the reason for the absence within twenty-four (24) hours by a written note. Otherwise, students returning from an absence shall be required to present a written explanatory excuse from their parents or guardians stating the cause for the absence.
- iii. *Tracking of Absences.* The school centers shall track students' excused and unexcused absences and attendance in the District's computer system.
- iv. *Makeup of Assignments.* For excused and unexcused absences, including suspensions, the student will be afforded the opportunity to make up work without academic penalty. For in-school suspensions, students will receive assignments daily. For out-of-school suspensions, students will receive assignments in a timely manner.
  - a. *Excused or Unexcused Absences.* The number of days allowed to make up the work shall be the same as the number of days the students was absent. It is the student's responsibility to contact his or her teacher(s) about the makeup assignments and to complete all makeup work timely.
  - b. *Suspensions.* For in-school and out-of-school suspensions, all work is due on the day of return from the suspension.
- v. *Reporting on Student Report Cards.* Attendance, including absences and tardiness, shall be reported on student report cards, as required by Fla. Stat. § 1003.33(1)(c) and (2).

### **Late Arrival and Early Dismissal**

The Board recognizes that from time-to-time compelling circumstances require that a student be late to school or dismissed before the end of the school day. Parents or guardians must follow the same process to obtain an excuse for tardiness or to obtain permission for early dismissal, as they do to obtain an excuse for an absence. A pattern of non-attendance for instructional activities is established by tardiness, early sign-outs, or absences for all or any part of the day.

- i. *Late Arrivals or Tardiness.* Students reporting late to school/class when the day/class period begins are considered tardy. Excessive tardiness shall be addressed on a case-by-case basis to determine if there is a pattern of non-attendance. Unless excused under the provisions of this policy, accumulated tardiness will be recorded as unexcused absences consistent with Fla. Stat. § 1003.02(1) (b) and this policy. When a secondary student misses fifty (50) percent or more of the identified instructional class period due to late arrival or tardiness, the student shall be considered absent.

- ii. Early Dismissal. Excessive early sign-outs will be addressed on a case- by-case basis to determine if there is a pattern of non-attendance. Unless excused under the provisions of this policy, accumulated early dismissals will be recorded as unexcused absences consistent with Fla. Stat. § 1003.02(1)(b) and this policy. When a secondary student misses fifty (50) percent or more of the identified instructional class period due to early dismissal, the student shall be considered absent.
- iii. Academic Time. Students are not to be sent home or refused admission to school due to tardiness. Students who arrive late for any class period must be allowed to proceed to their classes after obtaining proper documentation of their tardiness.
- iv. School Rule or Policy. Any school creating a late arrival and/or early dismissal rule or policy shall submit the proposed school rule or policy to the Area Superintendent for review and approval prior to the implementation of the rule/policy.

### **Driving Privileges and Attendance: Report to Department of Highway Safety and Motor Vehicles**

Pursuant to Fla. Stat. §§ 322.091 and 1003.27, the District is required to report to the Florida Department of Highway Safety and Motor Vehicles (DHSMV) the names, dates of birth, sex and social security numbers of students ages 14 - 18 who accumulates fifteen (15) unexcused absences in any consecutive 90-calendar-day period. Whenever any student has a total of fifteen (15) days of unexcused absence from school during any semester, the student will be considered habitually absent. The Board authorizes the superintendent to inform the student and parents/guardians of the record of excessive absences as well as the District's intent to notify the DHSMV of the student's excessive absences

In accordance with law, the District shall hold a hardship hearing upon the request of any student whose license has been suspended pursuant to this section. The board hereby authorizes the superintendent to develop procedures for administrative implementation for such hearing, consistent with state laws and technical assistance from Florida Department of Education. The principal or designee will conduct the hardship hearing within thirty (30) calendar days of receiving the request in accordance with the procedures established by the Superintendent.

# Student Dress Codes and Uniforms

---

It is a fundamental function of the District to create and maintain a positive educational environment by devoting attention to learning, increasing school safety, encouraging good behavior and discipline, and minimizing disruptions and distractions. The Board believes that appropriate attire and grooming contribute to a productive and effective learning environment. Thus, all students are expected to be groomed and dressed appropriately for age, grade level, school, and school activities.

Student attire or grooming that substantially or potentially disrupts the educational environment or school program creates a distraction which interferes with the educational process or classroom activity, or presents a health or safety hazard to the students or school community is not permitted. The determination of what constitutes a safety or health hazard, or what constitutes a distraction of students from a classroom activity, or what constitutes a disruption of a school program or excessive maintenance of school property shall be made by the principal or designee. The principal or designee shall have final authority to decide if a student's attire complies with a dress code or uniform dress code, and shall use reasonable discretion in interpreting and implementing the provisions of this policy. The dress and uniform codes as described below shall be applicable for the District.

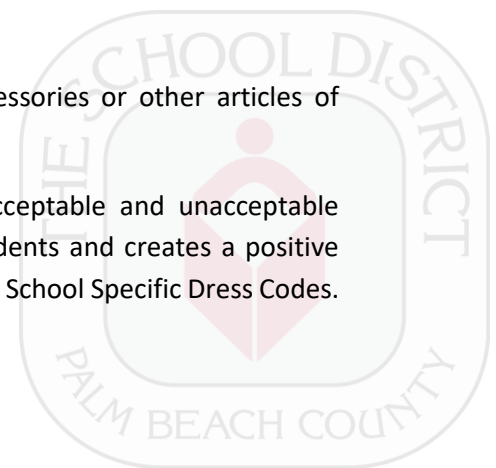

All documents, forms and communications that are provided to parents, must be translated for parents who speak a language identified as a Major Language in the District. Furthermore, parents who speak languages other than the identified Major Languages, written translations or oral interpretation will be provided upon parents' request, or if the need for translation or interpretation becomes apparent.

Section 1001.43(1) (b), Fla. Stat., authorizes the Board to require uniforms to be worn by the student body or impose other dress-related requirements if the Board finds that these requirements are necessary for the safety or welfare of the student body or school personnel.

The Board recognizes that individual students have a right to free expression and that right must be balanced with the Board's responsibility to provide classrooms and campuses which are safe, secure, and orderly, and an educational environment which is supportive of the school system's academic goals and educational responsibilities. In support of these goals and expectations, the Board establishes the following dress codes for District students.

### **Clothing Assistance**

It is a policy of the Board that no student will be denied attendance at school or otherwise denied an education for failing to wear clothing that complies with the District-wide, a School Specific (Standard), or a Higher Standard (Uniform) Dress Code, whichever is applicable, if such failure is due to financial hardship. Each principal and SAC shall develop procedures and criteria to offer assistance to students who would have or are having difficulty complying with their school's Higher Standard (Uniform) Dress Code due to financial hardships. Parents may request such assistance from the principal or designee. The identity of the family or child shall not be disclosed.

### **New and Transfer Students**

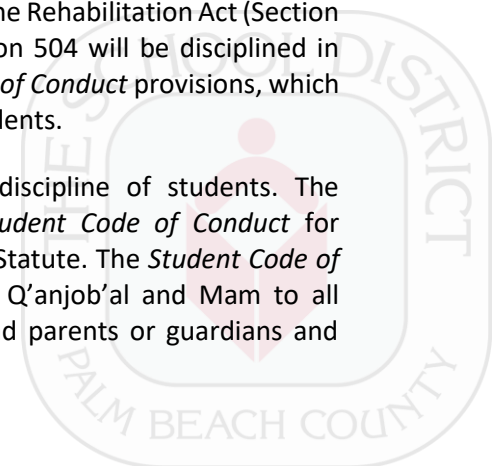

Students entering the Palm Beach County Public School System for the first time during the school year shall be granted a grace period up to five (5) days before being required to comply with a Higher Standard (Uniform) Dress Code, unless the school provides the student(s) with clothing to comply with the Higher Standard (Uniform Dress Code).

# Student Conduct and Behavior

---

- Every student, pre-school through adult, has the right to be educated in a safe, respectful and welcoming environment. Every educator has the right to teach in an atmosphere free from disruption and obstacles that impede learning. This will be achieved through the adoption and implementation of a consistent *Student Code of Conduct* and through the implementation of a PBS Plan in all schools.
- The PBS Plan emphasizes teaching students to behave in ways that contribute to academic achievement, school success, and support a school environment where students and school staff are responsible and respectful.
- The PBS Plan will include: teaching school rules, reinforcing appropriate student behavior, using effective classroom management and positive behavior support strategies by providing early intervention for misconduct and appropriate use of consequences.
- Palm Beach County (PBC) schools are established for the benefit of all students. The educational purposes of the schools are accomplished best in a positive school climate that teaches, models, and reinforces student behavior that is socially acceptable and conducive to the learning and teaching process. There must also be a consistent continuum of consequences for ongoing student misconduct across PBC schools.
- The School Board supports the administrative staff and teachers in taking all necessary and reasonable steps to implement the *Student Code of Conduct* and administrative policies to maintain appropriate student behavior. Important among these policies and directives are those in the areas of conduct, involving behavioral interventions and supports, enhancing the climate for learning, and policies governing suspensions and expulsions.
- The policies herein serve as the code governing student conduct and discipline and are applicable to all students. These policies shall constitute the *Student Code of Conduct*, which are incorporated as Board policy pursuant to Florida Statute. Copies of these documents are available in Spanish, Haitian Creole, Portuguese, Q'anjob'al and Mam languages on the District web site, on file in the Board Minutes Office, the Public Affairs Department, and shall be available at each school and each Area Superintendent's office.
- The School Board recognizes that the *Code of Student Conduct* must be consistent with the Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act (Section 504). Therefore, students eligible for services under IDEA or Section 504 will be disciplined in accordance with these acts and are governed by those *Student Code of Conduct* provisions, which specify that they apply to students covered under IDEA and 504 students.
- The School Board establishes guidelines for the conduct and discipline of students. The Superintendent shall recommend, based on these policies, a *Student Code of Conduct* for adoption by the School Board annually, in accordance with Florida Statute. Furthermore, in working within the Student Code of Conduct, school administration and staff must be sensitive to cultural differences a student may exhibit.

# Scope of the Student Code of Conduct

---

The *Student Code of Conduct* is intended to outline a range of appropriate responses for inappropriate behaviors:

- Poor academic achievement is not an act of misconduct. Therefore, the *Student Code of Conduct* must not be used to discipline students for poor academic achievement or failure.
- A parent's failure to appropriately support his/her child's education cannot be considered misconduct on the part of the child.
- The *Student Code of Conduct* applies to all students. However, discipline for students with disabilities shall be administered in accordance with federal and state law.
- In working within the Student Code of Conduct, school administration and staff must be sensitive to cultural differences a student may exhibit.

The *Student Code of Conduct* applies to actions of students during the time:

- Students are waiting for school transportation, being transported to and from school at public expense.
- Students are attending school.
- Students are participating in school-sponsored activities, whether in county, out of county, out of state or out of country
  - Prom
  - College campus trips
  - Grad bash
  - Field trip
  - Safety Patrol
- Commission of off campus conduct which substantially disrupts the school learning environment.

In an effort to fully implement Positive Behavior Support (PBS) and reduce the loss of instructional time the School District of Palm Beach County expects that each school will utilize a wide variety of corrective strategies. Teachers must utilize and document a minimum of two research-based interventions prior to writing and submitting a discipline referral on a minor offense. Some examples are provided below.

### Sample Classroom/ Teacher Interventions and Corrective Strategies Prior to Discipline Referral

# Social Media Guide

---

Palm Beach County Public Schools realizes that part of 21st century learning is adapting to the changing methods of communication. The importance of teachers, students and parents engaging, collaborating, learning, and sharing in these digital environments is a part of 21st century learning. As such, educational standards are now requiring the use of online educational tools to demonstrate proficiency. To address related issues, PBCSD has developed guidelines to provide direction for students and the school district community when participating in online social media activities.

Social Media refers to the use of web-based and mobile technologies that enable all Palm Beach County Public Schools' internal and external stakeholders to connect, collaborate, and form virtual communities via the computer and/or Internet. For some, social media is used mainly for social purposes, but for others, these sites and technologies are used as tools to teach and to connect with the community. The First Amendment, in general, protects the rights of individuals to participate in social media. However, the laws and courts have ruled that schools can discipline students and staff if their speech, including online postings off campus, materially and substantially disrupts school operations, reasonably likely causes a material and substantial disruption of the school, constitutes a violation of certain relevant federal or state laws or School Board policies.

Since social media reaches audiences far beyond the community and can leave lasting impressions, students must use social sites responsibly and be accountable for their actions. Students should consider not posting or linking anything to social networking sites that they would not want peers, teachers, college admissions officers, or future employers to access. Students should be sure to utilize privacy settings to control access, never share personal information with parties unknown on unsecure sites and be protective of site passwords.

Misrepresentation of someone else's identity must also be avoided. Students should remember to be respectful to others. When responding to someone during a disagreement, be sure that criticism is constructive and not hurtful. Beware of profane, obscene, or threatening language.

If the use or posting to a social media site creates a substantial and material disruption on a school campus, regardless of time or location while posting to a social media site, students will be subject to the behavioral standards set forth in the Student Code of Conduct.

# Discipline Guide

---

The Discipline Guide is a tool for administrators to respond appropriately when students have committed discipline infractions, per the *Code of Student Conduct*. This tool is designed to offer consistency at all levels across the District so that students are disciplined fairly from school to school when their behavior requires discipline beyond the classroom.

The Discipline Guide does not apply to classroom management as assigned by the teacher, but rather as a progressive step when a student has broken the rules requiring a principal and/or his designee to assign consequences. Certain violations of the rules such as weapon possession, assault, sexual harassment, require immediate initial administrative action.

The Discipline Guide is designed to assist you and your child in understanding the consequences of violating school rules. While most parents will have no need to be familiar with the discipline guide, the School Board and the district want to ensure that parents are knowledgeable about the actions of its school administrators when students misbehave. The discipline guide enables administrators to assign consequences consistently, regardless of the school your child attends. When a student has multiple violations in one incident, such as fighting with a weapon, the administrator will impose the more *severe consequences*.

The Marjory Stoneman Douglas High School Public Safety Act (SB 7026) requires a mandatory mental health services referral for students who commit the following infractions: (1) any student who is determined to have made a threat or false report; (2) brought a firearm or weapon; (3) any person who makes, posts, or transmits a threat in a writing or other record, including an electronic record, to conduct a mass shooting or an act of terrorism, in any manner that would allow another person to view the threat. Additionally, a mental health services referral will be required for any student that is recommended for expulsion.

Like the Student Code of Conduct, the Discipline Guide is reviewed annually by District stakeholders, including parents, teachers, administrators, counselors, and other community representatives.

Discipline Referral Incidents in Palm Beach County are classified as Level 1, Level 2, Level 3 or Level 4 infractions. When deciding what disciplinary action should be taken, the Principal or designee shall consider the student's age, exceptionality, ELL status, previous conduct, intent, and severity of the incident.

Administrators are asked to administer discipline in a progressive manner. The underlying principle is to use the least severe action that is appropriate for the misbehavior. Administrators will increase the severity of the action if the misbehaviors continue.

# District Imposed Consequences

---

Consequences that schools can recommend but only District staff can impose.

## **Alternative Placement Pending Expulsion**

The District will assign students to an alternative education site pending the outcome of a Discipline Review Committee

## **Assignment to Special Program/ Alternative School/ Alternative Program (District-placed)**

The District will place students at an alternative education site for a specified period of time. (Pursuant to School Board Policy 8.13)

## **Criminal Youth Diversion**

The District will work in collaboration with the Department of Juvenile Justice to recommend students who commit a criminal offense to be allowed to participate in a civil citation or similar pre-arrest diversion program.

## **Expulsion**

The removal of the right and obligation of a student to attend a public school under conditions set by the District School Board and for a period of time not to exceed the remainder of the term or school year and 1 additional year of attendance. Expulsions may be imposed with or without continuing educational services and shall be reported accordingly. F. S. § 1003.01(6) (Pursuant to School Board Policy 5.18175)

## **Felony Suspension Incident**

This incident code should be used for a student who has been felony suspended per F.S. § 1006.09(2) and SBER 6A-1.0956 and is assigned to an alternative education program until the student is adjudicated. If the student is adjudicated guilty, the principal may recommend expulsion. (Pursuant to School Board Policy

## **Honoring an Expulsion from another District**

The School District of Palm Beach County will honor the expulsion from another school district if it is an expellable offense in Palm Beach County.

## **IAES**

Interim Alternative Educational Setting for an ESE student for up to forty-five (45) calendar days without parental consent for:

- a. Possession of dangerous weapons in school or at school functions; or
- b. Possession, use, sale or solicitation of a controlled substance while at school or at a school function; or
- c. Serious Bodily Harm.

## **Long-Term Suspension (District approved and entered)**

F.S. § 1006.09(1) (b) permits the Superintendent to extend a suspension beyond ten (10) school days if the student is being recommended for expulsion.

## **Refer to Courts or Juvenile Authorities**

The District can refer students through some type of action for any reason either to the courts or juvenile authorities.

**Virtual Suspension**

If the District utilizes Distance Learning for any reason, the District will utilize “Virtual Suspensions” for students who commit a Student Code of Conduct infraction that results in a suspension.

## Authorization for Suspension

---

Suspension of a student from school for committing any of the infractions warranting suspension under the Palm Beach County Student Code of Conduct shall be employed only if the offense is related to school activity or school attendance.

These offenses may occur at any time, including, but not limited to, while on school grounds; while utilizing school transportation; or during a school-sponsored activity. Bus suspensions can also be warranted for infractions that occur on school transportation vehicles.

Whenever a student has been suspended during a school year for **fifteen (15)** cumulative school days, the appropriate Regional/Instructional Superintendent's Office shall be notified, and the student referred to the School Based Team for necessary discussion and possible interventions.

Informal suspension (i.e., a parent is told to keep a child at home under the supervision of the parent, or a student is sent home without benefit of a conference and of official documentation) is a violation of Florida's compulsory attendance laws, the Individual's with Disabilities Education Act (IDEA), and District policy. It is prohibited.

## Appeal Process for Suspension

---

The principal is to advise parents or guardians, in their native language, of the appeal procedures for an out-of-school suspension. The appeal must first be made to the school principal. A decision by the school principal must be made within 24 hours of receipt of the appeal. If the parents do not agree with the principal's decision, they may appeal to the Regional/Instructional Superintendent or designee. The conference shall be arranged as soon as possible following the parents' request; during the period of appeal, the suspension remains in effect for the length of time designated.

The results of the appeal may include, but are not limited to:

1. Sustaining the suspension in all respects.
2. Modification of penalties imposed.
3. Rescinding the suspension and expunging the suspension from the student's records.

The parents shall be notified of the appeal decision.

Note: If the student is recommended for expulsion or severe incident assignment, the appeal will be heard by the Discipline Review Committee instead of the Region.

## Discipline for Students Eligible for Services under the Individuals with Disabilities Act

---

### 1. Statutes and Rules

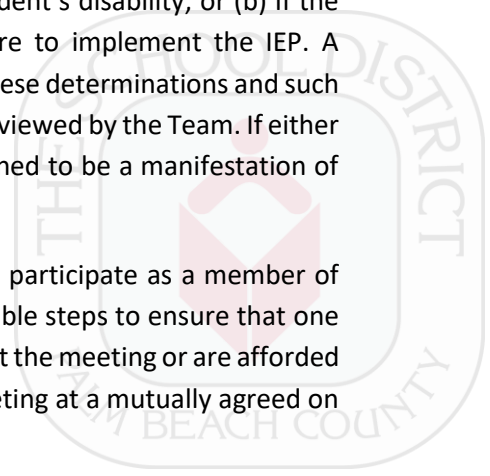

- a. The discipline of all students with disabilities (“ESE”) is governed by federal statutes and regulations under the Individuals with Disabilities Education Act (“IDEA”) as well as Florida Statutes and State Board of Education Rules.
- b. If the district knows or should know that a student may be eligible for special education and related services, but has not yet determined such eligibility, that student may assert all or any of the protections stated within this policy.

### 2. Suspension

- a. Suspension is the temporary removal of a student from all classes of instruction on public school grounds and all other school-sponsored activities, for a period not to exceed ten (10) cumulative school days per year. Any removal from school, even if the necessary paperwork for a formal suspension is not initiated or completed, counts toward the 10-

day rule. All days a student with a disability spends out of school as a result of school action, whether formal or informal, apply towards the 10-day limit.

- b. A principal/designee may remove a student eligible for services under the IDEA for up to **ten (10) cumulative school days per calendar year** for disciplinary infraction(s).
- c. Prior to consideration of suspension, the school must have made and documented reasonable attempts to use less restrictive alternatives and/or interventions to decrease the inappropriate behavior.
- d. Educational services may be provided during the ten (10) days, but are not required.
- e. If an ESE student is arrested on campus **and** suspended those days count towards the cumulative ten (10) days allowed each year school year.
- f. The IEP team must meet no later than the tenth (10<sup>th</sup>) day of the cumulative suspension to:
  - i. Determine if the student's behavior is a manifestation of the student's disability.
  - ii. Initiate an FBA or review the student's current FBA and behavior intervention plan.
  - iii. If the behavior is a manifestation of the disability, review the student's IEP.
- g. The Manifestation Determination Review (MDR) must be conducted at the IEP meeting.
  - i. When making a manifestation determination, the district, parent, and relevant members of the Team shall review and take into consideration the student's present program and case history, including all relevant information in the student's file, the student's accommodation plan, any teacher observations, and any relevant information provided by the parents.
  - ii. The team shall then determine: (a) If the conduct in question was caused by, or had a direct and substantial relationship to, the student's disability; or (b) If the conduct in question was the direct result of failure to implement the IEP. A consensus of the members of the team shall make these determinations and such determination will be based upon the information reviewed by the Team. If either (a) or (b) is applicable the conduct shall be determined to be a manifestation of the student's disability.
- h. The student's custodial parent/guardian must be invited to participate as a member of this IEP Team and the principal/designee must take reasonable steps to ensure that one or both of the parents of a child with a disability are present at the meeting or are afforded the opportunity to participate, including scheduling the meeting at a mutually agreed on

time and place. If neither parent can attend an IEP Team meeting, the principal/designee shall use other methods to ensure parent participation, including individual or conference telephone calls. The custodial parent/guardian must be provided with a copy of procedural safeguards.

- i. A school cannot make a parent conference mandatory prior to the ESE student being returned to campus after suspension. A conference may be suggested, but the student maintains the right of access to education under the IDEA after ten (10) cumulative days per school year, even if the parent does not attend the conference.
  - j. If the student's behavior is a manifestation of the student's disability, the IEP Team shall conduct a functional behavioral assessment and implement a behavior support plan, which includes the provision of Positive Behavior Interventions and Supports, if such assessment for conduct was not completed prior to the behavior. If a behavior support plan has been developed, the committee shall review the IEP, modify it, as necessary, to address the behavior and include the provision of Positive Behavior Interventions and Supports, and *return the student to the placement from which he or she was removed*. Nothing herein shall be construed as preventing the team from proposing another placement, so long as the placement is appropriate and in the least restrictive environment.
  - k. If the IEP Team determines that the student's behavior is not a manifestation, then the student may be suspended from school in the same manner students not eligible for services under the IDEA. Nevertheless, such student shall continue to receive educational services, so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the student's IEP, and receive, as appropriate, a functional behavioral assessment, behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur.
3. **Bus Suspension.** Suspension of ESE students from the bus must be counted as part of the cumulative ten (10) days if transportation is needed for the student to access FAPE and an alternative means of arriving to school is not available.
4. **In-School Suspension**
- a. In-school suspension is the temporary removal of a student from the student's regular school program and placement in an alternative program, such as that provided Florida Statute, under supervision of district personnel, not to exceed ten (10) school days.
  - b. A student's IEP must continue to be delivered while assigned to in-school suspension.
  - c. Repeated removals of a student from the regular/ESE classroom to an in-school suspension are prohibited.

5. **Expulsion**

- a. Expulsion is the removal of the right and obligation of a student to attend a public school under conditions set by the board, for a period not to exceed the remainder of the term or school year and one additional year of attendance.
- b. Expulsion cannot be considered for students eligible for services under the IDEA because it would constitute a cessation of educational services for that period of time.

## 6. Exclusion

- a. An ESE exclusion is the removal of the right and obligation of a student to attend a public school under conditions set by the board, and for a period not to exceed the remainder of the term or school year and one additional year of attendance, provided however, that appropriate educational services developed through an Individual Education Plan (“IEP”) will continue to be provided through some alternative means.
- b. The educational services must enable the child to continue to participate in the general education curriculum, although in another setting, and to make reasonable progress toward meeting the goals set out in the child’s IEP, and include, as appropriate, a functional behavioral assessment, behavioral intervention services modifications, that are designed to address the behavior that gave rise to the violation so that it does not recur.

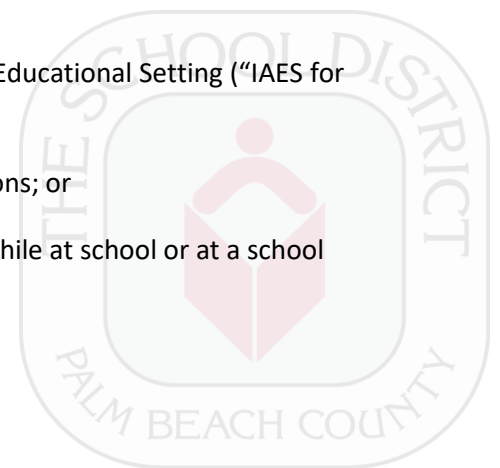

## 7. A Manifestation Determination Review (MDR)

- a. MDR is a process by which parents and the school meet to determine if the student is being subjected to a disciplinary change in placement for behavior that is a manifestation of his or her disability. Whenever a student with a disability is subjected to a disciplinary change of placement (e.g., suspension or expulsion), the school district must conduct an MDR within 10 days of the decision to remove the student from school.
- b. If prior to a manifestation determination meeting, the Team determines that an FBA is needed for a student with a disability, the Team will promptly commence the FBA and postpone the student’s discipline until the FBA is completed. The Team will consider the data gathered from the FBA in determining whether the student’s behavior is/was a manifestation of the disability.

## 8. Disciplinary Action for Drugs and Weapons

A student with a disability may be placed in an Interim Alternative Educational Setting (“IAES” for up to forty-five (45) calendar days without parental consent for:

- Possession of dangerous weapons in school or at school functions; or
- Possession, use, sale or solicitation or a controlled substance while at school or at a school function; or
- Causing serious bodily injury

A dangerous weapon is defined as a weapon, device, instrument, material or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that such item does not include a pocketknife with a blade of less than two and one-half inches (2-½”) in length.

Serious Bodily Injury is defined as bodily injury that involves a substantial risk of death; extreme physical pain; protracted and obvious disfigurement; or protracted loss or impairment of the function of a bodily member, organ, or mental faculty. Incidents where injury occurred, but first aid or medical attention is not needed, are not required to be reported in SESIR as Injury-related.

9. **Interim Alternative Educational Setting (“IAES”)** Placement is a very restrictive placement which is permitted if the circumstances set for in paragraph 5(a) above exist:
- a. Placement in an IAES may occur pursuant to paragraph 5(a) above whether the behavior is or is not a manifestation of the student’s disability.
  - b. Under the circumstances set forth in paragraph 5(a) above, placement in an IAES may occur at the request of the principal.
  - c. An IEP meeting must be scheduled within the first ten (10) days of placement. The principal/designee will take reasonable steps to ensure that one or both of the parents of a child with a disability are present at the meeting or are afforded the opportunity to participate, including scheduling the meeting at a mutually agreed on time and place. If neither parent can attend an IEP Team meeting, the principal/designee shall use other methods to ensure parent participation, including individual or conference telephone calls.
  - d. A meeting may be conducted without a parent in attendance if the principal/designee is unable to convince the parents that they should attend. In this case, the district will keep a record of its attempts to arrange a mutually agreed on time and place.
  - e. The custodial parent/guardian must be provided a copy of their procedural safeguards.
  - f. An MDR must be conducted at the IEP meeting.
  - g. When making a manifestation determination, the district, parent, and relevant members of the Team shall review and take into consideration the student’s present program and case history, including all relevant information in the student’s file, the student’s accommodation plan, any teacher observations, and any relevant information provided by the parents.
    - i. If prior to a manifestation determination meeting, the Team determines that an FBA is needed for a student with a disability, the Team will promptly commence the FBA and postpone the student’s discipline until the FBA is completed. The Team will consider the data gathered from the FBA in determining whether the student’s behavior is/was a manifestation of the disability.

- h. The team shall then determine: (a) If the conduct in question was caused by, or had a direct and substantial relationship to, the student's disability; or (b) If the conduct in question was the direct result of failure to implement the IEP. A consensus of the members of the team shall make these determinations and such determination will be based upon the information reviewed by the Team. If either (a) or (b) is applicable the conduct shall be determined to be a manifestation of the student's disability.

# Discipline for Students Eligible for Services under Section 504 of the Rehabilitation Act of 1973

---

1. This Policy for discipline of students eligible for services under Section 504 is designed to comply with State Board of Education Rule 6A-6.0331(8), the Section 504 Regulations at 34 C.F.R. Part 104, and 29 U.S.C. § 794 (“Section 504”). The phrase “eligible for services under Section 504” refers to students with active Section 504 accommodation plans and students with disabilities who require Section 504 plans. *However, for purposes of this policy, if the student’s sole impairment is drug or alcohol dependence, the student is not eligible for protection under Section 504 or the ADA if the student is currently a user of illegal drugs or alcohol. Such students may be disciplined in the same manner as other students for use or possession of illegal drugs or alcohol under Policies 5.1812 or 5.1813 [and Policy 5.1815] and will receive the same due process and substance-abuse assistance as other students under those Policies.*
2. **Definitions.** The words suspension and expulsion of students eligible for services under Section 504 shall have the following meanings through this policy:
  - a. **Suspension.** Pursuant to Fla. Stat. § 1003.01(5) (a) [and Policy 5.1815], suspension, also referred to as out-of-school suspension, is defined as the temporary removal of a student from all classes of instruction on public school grounds, except as authorized by the principal/designee, for a period up to ten (10) cumulative school days and remanding of the student to the custody of the student’s custodial parent with specific homework assignments for the student to complete. *Any removal from school, even if the necessary paperwork for a formal suspension is not initiated or completed, counts toward the 10-day rule. All days a student with a disability spends out of school as a result of school action, whether formal or informal, apply toward the 10-day limit.*
  - b. **Expulsion.** As defined in Fla. Stat. § 1003.01(6), and Policy 5.1817, expulsion is the removal of the right and obligation of a student to attend a public school under conditions set by the Board, and for a period of time not to exceed the remainder of the term or school year and one (1) additional year of attendance. Expulsions may be imposed with or without continuing educational services (subject to Section (4) (f) below) and shall be reported accordingly.
  - c. **Re-evaluation.** Students with active Section 504 accommodation plans who are recommended for suspension in excess of ten (10) days, or expulsion, must have a re-evaluation prior to a significant change in placement, as required by 34 C.F.R. § 104.35(d). Students with disabilities, suspected of being eligible for services under Section 504, who are recommended for suspension in excess of ten (10) days, or expulsion, must be evaluated prior to a significant change in placement, as required by 34 C.F.R. § 104.35(b).

3. **Suspension of Students under Section 504/ADA.** Unless otherwise indicated by their accommodation plans, students eligible for services under Section 504 are expected to follow the rules of the student conduct code. Students who are eligible for services under Section 504/ADA may be suspended for infractions as defined for all students pursuant to Policies 5.1812 or 5.1813 [and Policy 5.1815], with the following limitations:
- a. **Suspension for Ten (10) Cumulative Days or Less.** Unless otherwise indicated by their accommodation plans, student suspension procedures [in Policy 5.1815] will be followed for students who are eligible for services under Section 504/ADA and recommended for suspension for ten (10) cumulative days or less.
  - b. **Any Suspension beyond Ten (10) Cumulative Days.** No student who is eligible for services under Section 504/ADA shall be suspended beyond ten (10) cumulative days per school year, except through the following procedure. It is the responsibility of the principal/designee to monitor all serial/cumulative suspensions. **NOTE:** If a student has been referred for ESE evaluation prior to or during the Section 504 manifestation determination, the student is then protected under the IDEA for discipline provisions. Therefore, the manifestation team must treat the student as an ESE student. The principal/designee shall notify the 504 Multi-Disciplinary Team immediately when a student who is or may be eligible for services under Section 504/ADA violates the student conduct code and will be considered for suspension for more than ten (10) cumulative days per school year.
    - i. Within twenty-four (24) hours of the recommendation for the extended suspension, the principal/designee shall provide written notice to the custodial parent/guardian and the student of the proposed suspension, alleged misconduct, and time and date of the scheduled 504 Multi-Disciplinary Team meeting. Notification of purpose, participants and location of the meeting will be included. The custodial parent/guardian shall also be notified that the 504 Multi-Disciplinary Team will also serve as a 504-plan team and may change the student's Section 504 plan. The custodial parent/guardian shall be given a copy of the Section 504/ADA Procedural Safeguards.
    - ii. The principal/designee will take reasonable steps to ensure that one or both of the parents of a child with a disability are present at the meeting or are afforded the opportunity to participate, including scheduling the meeting at a mutually agreed on time and place. If neither parent can attend an IEP Team meeting, the principal/designee shall use other methods to ensure parent participation, including individual or conference telephone calls.
    - iii. *Conducting a meeting without a parent in attendance.* A meeting may be *conducted without a parent in attendance if the principal/designee is unable to convince the parents that they should attend.* In this case, the district will keep a record of its attempts to arrange a mutually agreed on time and place.

- iv. The notice and copy of Section 504/ADA Procedural Safeguards shall be delivered by registered or certified mail (return receipt requested) or personally delivered by the principal/ designee at least twenty-four (24) hours prior to the meeting. A signed receipt of delivery must be obtained.
- v. Before the student can be removed from the campus for the suspension recommendation, the principal/designee will arrange a 504 Multi-Disciplinary Team review of the incident that was the basis for the recommendation for suspension.
- vi. Members of the Committee must include the following personnel:
  1. A school psychologist as the person knowledgeable of the evaluation procedures pursuant to the disability.
  2. If the disability of record is a medical disability, the school nurse should be present to consult with the psychologist.
  3. A teacher, counselor, or appropriate person knowledgeable of the student.
  4. An administrator (not the recommending administrator) as the person who is knowledgeable of the suspension/expulsion process.
- vii. The 504 Multi-Disciplinary Team will review the case and determine whether the student's conduct was or was not a manifestation<sup>1</sup> of the disability for which the student has a Section 504 plan. A Manifestation Determination Review (MDR) is a process by which parents and the school meet to determine if the student is being subjected to a disciplinary change in placement for behavior that is a manifestation of his or her disability. Whenever a student with a disability is subjected to a disciplinary change of placement (e.g., suspension or expulsion), the school district must conduct an MDR within 10 days of the decision to remove the student from school.
- viii. When making a manifestation determination, the district, parent, and relevant members of the Team shall review and take student's accommodation plan, any teacher observations, past disciplinary referrals/infractions and any relevant information provided by the parents.
- ix. The team shall then determine: (a) if the conduct in question was caused by, or had a direct and substantial relationship to, the student's disability; or (b) if the conduct in question was the direct result of failure to implement the Section 504 Accommodation Plan. A consensus of the members of the team shall make this

---

<sup>1</sup> Manifestation of the Disability: A manifestation of the disability is the exhibition of behaviors which are considered to be a component of the individual student's disability.

determination and such determination will be based upon the information reviewed by the Team. If either (a) or (b) is applicable the conduct shall be determined to be a manifestation of the student's disability.

- x. "PBSD 2209 the Manifestation of Disability Determination Process for Students with Section 504 Plans"
  - i. If prior to a manifestation determination meeting, the Team determines that an FBA is needed for a student with a disability, the Team will promptly commence the FBA and postpone the student's discipline until the FBA is completed. The Team will consider the data gathered from the FBA in determining whether the student's behavior is/was a manifestation of the disability.
  - xi. If the 504 Multi-Disciplinary Team determines that the student's behavior is not a manifestation, then the student may be suspended from school in the same manner students not eligible for services under Section 504. Nevertheless, such student shall continue to receive education services, so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the student's Section 504 accommodation plan, and receive, as appropriate, a functional behavioral assessment, behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur.
  - xii. If it is determined that the student's behavior is a manifestation of the student's disability, the Multi-Disciplinary Team shall conduct a functional behavioral assessment and implement a behavior intervention plan, which includes the provision of Positive Behavior Interventions and Supports, if such assessment for conduct was not completed prior to the behavior. If a behavior support plan has been developed, the committee shall review the plan, modify it, as necessary, to address the behavior and include the provision of Positive Behavior Interventions and Supports, and return the student to the placement from which he or she was removed. Nothing herein shall be construed as preventing the team from proposing another placement, so long as the placement is appropriate and in the least restrictive environment.

#### 4. Expulsion of Students under Section 504/ADA

- a. Students eligible for services under Section 504/ADA may be recommended for expulsion as defined for all students.
- b. The principal/designee shall notify the 504 Multi-Disciplinary Team immediately when a student with a Section 504 plan is being recommended for expulsion.

- c. In addition to procedures under Policy 5.1817, within twenty-four (24) hours of the recommendation for expulsion, the principal/designee shall provide written notice to the custodial parent/guardian and the student of the proposed expulsion and the date and time of the scheduled 504 Multi-Disciplinary Team meeting to determine manifestation of disability. The procedures for *conducting a MDR and for ensuring parental participation* shall apply to proposals for expulsions.
- d. The notice, procedural safeguards, and a copy of this Policy shall be delivered by certified mail (return receipt requested) or the principal/designee shall personally deliver it and obtain a signed receipt.
- e. If it is determined that the misconduct is not a manifestation of the student's disability, the student may be expelled in the same manner as students not eligible for services under Section 504. *Nevertheless, such student shall continue* to receive educational services, so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the student's Section 504 accommodation plan, and receive, as appropriate, a functional behavioral assessment, behavioral intervention services and modifications, that are designed to address the behavior that gave rise to the violation so that it does not recur.
- f. If it is determined that the student's misconduct is a manifestation of the student's disability, federal law does not permit a school district to cease all educational services. If it is determined that the student's behavior is a manifestation of the student's disability, the Multi-Disciplinary Team shall conduct a functional behavioral assessment and implement a behavior intervention plan, which includes the provision of Positive Behavior Interventions and Supports, if such assessment was not completed prior to the behavior. If a behavior intervention plan has been developed, the committee shall review the plan, modify it, as necessary, to address the behavior and include the provision of Positive Behavior Interventions and Supports. In either case, the student shall be returned to the placement from which he or she was removed. Nothing herein shall be construed as preventing the team from proposing another placement, so long as the placement is appropriate and in the least restrictive environment.

Definitions of terms and/or student conduct which are considered to be violations of the Student Code of Conduct are described in this section of the handbook. The use of words, such as battery and arson, are not meant to be considered equivalent to or to carry the same standards and consequences as the same words, which are defined in the criminal context in the Florida Statutes. The School Board retains the flexibility and right to attach definitions found in Board Rule to such words without attaching any criminal standards set by the courts or legislature. When a student has committed an infraction, the misbehavior is to be classified according to the definition which best describes it. All students and parents/guardians must understand that, in addition to taking corrective strategies at the school level, certain criminal and/or disruptive behavior must by Board Rule be reported to School Police.
