## **Purpose of Collection Development Policy**

The purpose of this collection development policy is to state the principles and guidelines used by the Polo Park Middle School Library Media Center in the selection, acquisition, evaluation, and maintenance of library media center materials. This policy is to help guide and drive the daily and long term policies of the library media center at Polo Park

The acquisition and maintenance of the Library Media Center materials collection is a primary function of the library media staff. Collection development and management refers to the process of building and maintaining the library's entire materials collection, in print, non-print, audio visual and electronic formats so that they are available to every student at the time of need to support and enrich the student's educational experience.

The collection development process includes the formulation of policy and procedures, budget allocations, needs assessments, selection, collection maintenance and evaluation, de-selection and resource sharing.

**The primary goal of the Media Center's collection development efforts is to build a current collection that supports the needs of the curriculum and the school community and maintains the recommended boundaries for:**

- Ø size of collection,
- Ø average age of collection and
- Ø access to the collection.

The Library Media Center recognizes its responsibility to respond to the reading, reference and research needs of the student body and faculty in an age of information abundance. The electronic catalog of resources for the school and the district is maintained by the Department of K-12 Instructional Materials and Library Media Services and is available at all times to students, faculty and parents.

## Background Statement & School Community

Our library media center serves the administration, faculty, staff, and students at Polo Park Middle School. Polo Park is one of three public middle schools located in Wellington, a suburban community in Palm Beach County, Florida. Polo Park Middle School draws from a diverse population.

We serve students in grades 6-8 and support curricular programs for ESE, ESOL, and Gifted students. We have a Pre-Engineering program and a Pre-IT program at Polo Park. Next year, we are adding a Dual Language Program. We are a controlled open enrollment school, opening enrollment to any student who chooses to attend Polo Park regardless of where they live.

Interests and maturity levels vary greatly between our incoming sixth graders and our outgoing eighth graders, which must be reflected in our collection. Additionally, our collection must reflect the reading levels of our patrons, even those reading way below grade level. Our school diversity this year, as of October 2022 is as follows:

6% Asian

36% Hispanic

13% Black

1% American Indian

5% Mixed Race

39% White

54% of our student population is male (628)

46% of our student population is female (527)

33% of our students qualify for free and reduced lunch

Our school has earned an A rating since 2001, the first year the school received a school grade.

When looking at our population in terms of patron reading interests and requests, our students most often requested the following: graphic novels, and the genres of fantasy, mystery and scary/horror. Most often students seem unsure of what they like and ask the library media specialist to help them find a good book. This year the focus has been on building our fiction in order to promote independent reading.

## **Responsibility for Collection Management & Development**

The responsibility for collection management and development depends on input from all stakeholders; the media specialist, administration, teachers, students, parents and district personnel. This input comes in the way of surveys, presentations, and suggestions.

The library media specialist is on the SAC committee made up of parents, teachers, administration and community members. The Polo Park SAC has awarded the library media center grants for initiatives and programs that support curricula and student achievement. The Polo Park library media specialist has also been awarded funding from the PTSA, again to support the library media program and student achievement.

Students can submit book suggestions that they would like to see in the Polo Park library media center. The library media specialist makes sure the books are purchased as long as they have two grade-level, positive, professional reviews and in compliance with the state legislation giving stakeholders the required time for review and comments. Students are also involved in decision making for lunch time activities.

## **Mission Statement**

Polo Park Middle School will empower our students to attain their maximum potential through partnering with parents and the community to foster the understanding, cooperation, and communication skills necessary for students to become literate, productive citizens.

## **Media Center Mission Statement**

The Polo Park Middle School Library Media Center is committed to providing its patrons with a learning environment that promotes respect, independent thinking and individuality.

The Library Media Center is dedicated to designing and maintaining a library media program that supports, complements, and expands the instructional program of the school.

## Library Program

The overall goal is to create a strong middle school library media program. At Polo Park we have an open schedule. Teachers are able to schedule time in the library media center and students are able to visit with a pass from their teacher(s). The library media center is open 4 days a week before school starts. On Tuesdays, before school, parent teacher conferences are held in the library media center.

We have a few incentive programs that utilize the Reading Counts program. The first is our Half-Way There Club, students must read 500,000 words based on Reading Counts to qualify. The next is our Million Word Club, students must read 1,000,000 words based on Reading Counts to qualify. Students in both of these “clubs” are invited to author visits as well as other literacy happenings. Students in the Million Word Club also get a t-shirt once they qualify. Teachers can also become members of the Million Word Club. Our third reading incentive is the Ice Cream Extravaganza; to qualify students must read 3 or more SSYRA (Sunshine State Young Readers Award) books and pass the Reading Counts quizzes for those books. This year, since lunch seems to be the best time to get students into the library, this is one area where I will concentrate my efforts next year.

This year we were able to get an author, Christina Diaz Gonzalez, to come to Polo Park. Her visit was really wonderful as she presented in both English and Spanish. Our ELL students were so excited because they could fully participate in her visit. We already have an author visit planned for next fall.

Library programming is in part driven by funding. The library media specialist at Polo Park fundraises and writes grants in order to fund library media activities and programs.

## Goals and Objectives

The overall goal is to create an outstanding middle school library media program. Last year, one of our goals was to increase programming in the library media center. This year we began to implement lunchtime activities; we did this during Literacy Week and National Library Month. Although attendance was not great at the beginning, it did pick up. Next year we hope to grow that program. This year, we were able to hold an author visit with a luncheon, a Barnes & Noble literacy event, our Million Word Club luncheon and our SSYRA Ice Cream Extravaganza. Hopefully FY 24 will allow the library media specialist to see this coming year’s goals come to fruition. The vision is to increase programming during lunch hour including book clubs, makerspace activities, games and more. The following are long- and short-term goals for the Polo Park Library Media Center; some can be implemented by the collaborative efforts of library media specialist and teachers; others may require funding in order to effectively implement them. Since the pandemic there has been a dramatic decline in the number of books checked out (as well as in participation of our reading programs.) and we hope that changes this coming year.

## **Goal 1 -**

**To build a reading culture and increase circulation** – This is a primary goal as the more students read, the better they become as readers.

- Establish a school-wide reading initiative.
- Invite teachers to bring their students down for book checkout.

## **Goal 2 -**

**Increase participation in library incentive programs,**

**Sunshine State Young Reader Award:**

- Order books in spring in order to be ready for the start of the school year both in print and e-book formats.
- Select SSYRA books to be included on our summer reading list.
- Work collaboratively with teachers to encourage students to participate in SSYRA activities.
- Use SSYRA resources to track student reading progress
- Use SSYRA brag tags as incentive rewards

**Half-Way There Club and Million Word Club –**

Each year we encourage students to ‘join’ our reading clubs by reading 500,000 words and more, the goal is the Million Word Club.

- Schedule ELA orientation for all classes -have a handout about SSYRA, Half-Way There Club and Million Word Club
- Send information to the PTSA to disseminate to parents.

## **Goal 3 –**

**Increase the types of programming as well as the number of state and literacy initiatives taking place in the library media center.**

- Continue with lunchtime activities and expand them to activities being held monthly.
- Hold an author visit
- Plan displays and/or programs for Banned Books Week, Children’s Book Week, International Dot Day as well as Hispanic Heritage Month, Black History Month, Women’s History Month, Jewish American Heritage Month, Asian American Pacific Islander Month.
- Share information, regarding programming, with PTSA to share with parents via e-mails and social media.

## Budget and Funding

The Polo Park Middle School library media center is supported through various funding sources. The library media center receives an operating budget from the school and allocations in specific funding areas from the State of Florida.

Capital Funds for the Destiny Project for Library Media Centers: a color poster printer

State Categorical Funds for Library Media Centers: (allotted \$2,084.00)

The library media center's budget is supplemented through SAC, PTSA, book fairs, donations, grants and fundraising. The library media center participates in an annual fundraising field trip that helps support the library media programming.

Since school and state budgets are based on a per student basis, it is expected that our library media center's operating budget will need to seek additional outside funding sources. This will need to be in the form of additional grants and fundraising. In FY23 the library media specialist received grants from PTSA and SAC to support our author visits and year end reading celebrations and recognition. Due to these grants, every child attending the author visits received a personalized autographed book. Budget goals for FY24 and beyond include:

- funding an author visit
- funding lunchtime/afterschool/evening literary programs
- funding for attendance at the library media (FAME) conference (professional development)

### **Scope of the Collection**

The collection is focused on curriculum and the selection of materials for independent pleasure reading for the students of Polo Park Middle School. The selection of materials for the collection follows the guidelines of the School District of Palm Beach County, which in turn are governed by the Department of Education of the State of Florida. All materials selected and collected must be age appropriate and have two positive reviews from School Library Journal, School Library Connection, Booklist and other professional review sources.

According to best practices for school libraries in the United States, and Policy 8.12, section 5, all collections - print and non-print at Polo Park Middle School are arranged by the Dewey Decimal Classification System. In the fiction section the books are arranged by Dewey within their respective genre sublocations. Additional resources are provided by district-wide subscriptions to electronic information databases. MackinVia provides our students with 24 hour a day access to reading materials. Although we focused on our print collection this year, we will continue to support both MackinVia and our print collection. The district provides access to databases which supplement our non-fiction section that are also available to students both in school and away.

Through affiliation with the public library system, and through our inter-library loan policy, the Polo Park Middle School library media center is able to extend its collection to provide any major resource needed by a patron.

Polo Park Middle School is a Pre-Engineering, Pre-IT and soon to be a Dual Language choice school. This year, when acquiring books, I added Spanish language books; mostly fiction as non-fiction is hard to find. Both IT and Engineering change rapidly, so books relating to these areas must be updated regularly in order to stay current.

## Collection Development

Collection development is the process by which quality books, materials, and equipment are added to the library media center. The library media specialist leads the process of collection development with input from students, teachers, parents and community members. The goal of collection development is to ensure that there are enough books and materials to support the academics at Polo Park; this includes both the student's academic and independent reading and learning needs.

## Selection and Evaluation Criteria

The library media center selects and evaluates materials always keeping in mind our Polo Park community. When selecting materials the media specialist considers the following:

- Media Center materials reflect sensitivity to the achievements, needs, and rights of men and women, various ethnic groups, and other cultures.
- Media Center materials are selected for a reason. The materials are evaluated according to their aesthetic, literary and social value, appropriateness to student age and emotional maturity and relevance to the curriculum.
- The selection of media center materials about political theories and ideologies, religion, public issues and controversial topics is directed toward maintaining a balanced representation with various opinions.
- Media center materials are judged as a whole, considering the author's/producer's intent rather than focusing solely upon individual pages, phrases, pictures or incidents taken out of context.
- Other factors that are considered in the final decision to purchase new materials include their educational significance; need and value to the collection as a whole; and their relationship to the interests of students and curriculum course of study. Publication date and lexile range may also be used as determining factors.

When selecting materials, the library media specialist will make sure that materials have two positive reviews and are recommended for the grade level or age of our students. Books recommended for 8<sup>th</sup> grade and higher will be classified with a YA label and shelved in a YA section. Students must have a signed letter on file stating the parent's consent for their child to read from the YA shelves. The media specialist will use reputable, unbiased, professional reviewing sources used for selection including but not limited to: School Library Journal, The Library Connection, BookTalk, Bulletin for the Center for Children's Books, and Kirkus Review.

**Materials considered for purchase are selected on the basis of the criteria established in SDPBC 8.12 see (Appendix C)**

Electronic database subscriptions and online curricular software that are made available

to Polo Park Middle School Library Media Center through the school district and are selected using a similar educational criterion to that established for the material physically in a school.

## **District-Wide Procedures for Selecting and Developing Library Collections**

### **Who Makes the Selection**

1. Each book made available to students through this School District's library media centers must be selected by a school district employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated, or otherwise made available to students.
2. In HereFurther, employees holding a valid educational media specialist certificate must also have completed the required Florida Department of Education training once it is available and by law must be developed by January 1, 2023.
3. In addition, the person selecting the books is employed at that school location or if a qualified person is not employed at the school, by another District employee with these qualifications.
4. For resources needing additional review by District Library Media Services, school-based certified library media specialists or principal designee will use PBSD 2671 to solicit additional input.
5. Consultation with stakeholders is required which is accomplished by the following:
  - a. Any community stakeholders may provide consultation on selections via the list of LMS Selections for the current school year at Active Book Orders.
  - b. On the date of the requested purchase or acceptance of library media center materials, the District will provide an email or text notice to current members of the Board's Academic Advisory Committee (Policy 1.097) that there are new materials under consideration, the link to find the list of materials, and the deadline(s) for submitting questions or comments.
  - c. Stakeholders with questions or concerns are directed to the following email address: [librarymediaservices@palmbeachschools.org](mailto:librarymediaservices@palmbeachschools.org), for sending their feedback to be reviewed by the District Library Media Services for consideration.

2. Support toward compliance is available when the assigned school library media specialist(s) attend professional development/training hosted by the District Library Media Services.
3. Annually, the District requires using the selection criteria and the removal criteria referenced in these procedures to have library media specialists evaluate their collection in order to write a School Collection Development Plan to enhance their individual library programs that align to the District required components. They will share that plan with both their principal and District Library Media Services. Once the plan is approved, the school will post the school's plan on the school website. No materials will be added to the collection if they are out-of-date or age-inappropriate material simply because they were donated. All gifts and donations must follow the same processes as new book orders.

## Collection Maintenance

In order to maintain a collection, the collection must be analyzed, inventoried, weeded and new books must be purchased. We inventory the collection on a three-year rotation as per Board Policy 8.12 (5). Based on inventory and analysis we then can see what to weed and also what to focus on as we add to the collection.

## Reconsideration of Materials

Polo Park Middle School follows all School District policies and state laws with regard to the selection of library media materials. However, if a challenge arises, the library media specialist will follow Board Policy 8.125 on challenged materials. Please see Policy 8.125 ( Appendix D) and form PBSB 1113 (Appendix E) with regard to book challenges.

## Appendix A

### LIBRARY BILL OF RIGHTS

The American Library Association affirms that all libraries are forums for information and ideas and that the following basic policies should guide their services.

- I. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.
- II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.
- III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.
- IV. Libraries should cooperate with all persons and groups concerned with resisting the abridgment of free expression and free access to ideas.
- V. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.
- VI. Libraries that make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

### INTELLECTUAL FREEDOM

#### **AMERICAN LIBRARY ASSOCIATION THE FREEDOM TO READ STATEMENT**

The freedom to read is guaranteed by the Constitution. Those with faith in free people will stand firm on these constitutional guarantees of essential rights and will exercise the responsibilities that accompany these rights.

We therefore affirm these propositions:

1. *It is in the public interest for publishers and librarians to make available the widest diversity of views and expressions, including those that are unorthodox, unpopular, or considered dangerous by the majority.*
2. *Publishers, librarians, and booksellers do not need to endorse every idea or presentation they make available. It would conflict with the public interest for them to establish their own political, moral, or aesthetic views as a standard for determining what should be published or circulated.*
3. *It is contrary to the public interest for publishers or librarians to bar access to writings on the basis of the personal history or political affiliations of the author.*
4. *There is no place in our society for efforts to coerce the taste of others, to confine adults to the reading matter deemed suitable for adolescents, or to inhibit the efforts of writers to achieve artistic expression.*
5. *It is not in the public interest to force a reader to accept the prejudgment of a label characterizing any expression or its author as subversive or dangerous.*
6. *It is the responsibility of publishers and librarians, as guardians of the people's freedom to read, to contest encroachments upon that freedom by individuals or groups seeking to impose their own standards or tastes upon the community at large; and by the government whenever it seeks to reduce or deny public access to public information.*
7. *It is the responsibility of publishers and librarians to give full meaning to the freedom to read by providing books that enrich the quality and diversity of thought and expression. By the exercise of this affirmative responsibility, they can demonstrate that the answer to a "bad" book is a good one, the answer to a "bad" idea is a good one.*

This statement was originally issued in May of 1953 by the Westchester Conference of the American Library Association and the American Book Publishers Council, which in 1970 consolidated with the American Educational Publishers Institute to become the Association of American Publishers.

Adopted June 25, 1953; revised January 28, 1972, January 16, 1991, July 12, 2000, June 30, 2004, by the ALA Council and the AAP Freedom to Read Committee.

First Amendment of the Bill of Rights to the United States Constitution CONGRESS SHALL MAKE NO LAW RESPECTING AN ESTABLISHMENT OF RELIGION, OR PROHIBITING THE FREE EXERCISE THEREOF; OR ABRIDGING THE FREEDOM OF SPEECH, OR OF THE PRESS; OR THE RIGHT OF THE PEOPLE PEACEABLY TO ASSEMBLE, AND TO PETITION THE GOVERNMENT FOR A REDRESS OF GRIEVANCES.

The Bill of Rights to the U.S. Constitution was ratified on December 15, 1791

### Policy 8.12 - Selection of Library Media Center Materials and Reading List Materials

1. **Adequate Library Media Materials.**-- Library media materials for the school's Library Media Center, including print, non-print, serials [periodicals], electronic resources, computer software, video images, films, and instructional television programs, represent fundamental resources selected for schools to support instruction, promote reading, further the pursuit of knowledge through research and exploration, and provide information literacy experiences of educational significance for class groups, individual students, teachers and administrators. It is the shared responsibility of the State, District, and school, within budgetary constraints, to provide an adequate number and range of library media materials and resources in a variety of formats that are appropriate, timely, and essential to the attainment of specified educational objectives subject to District policy. It is also the responsibility of the State and District and school to provide library media materials that represent the diverse cultures, ethnic groups, languages and religious beliefs of the community and that are free of bias, stereotypes, distortions, and prejudices.
2. **Reading List Materials.**-- Reading list materials are recommended or assigned materials school- wide or grade level.
3. **Purpose.**-- The Board believes that the selection of library media materials and reading list materials is within its jurisdiction pursuant to relevant statutory and constitutional laws. The library media center, within budgetary constraints, shall contain a comprehensive collection of materials and equipment, in a variety of media formats that are accessible to students during the school day, to:
  - a. Promote the development of lifelong reading habits and information literacy skills in students;
  - b. Provide a broad background of information resources in areas of knowledge;
  - c. Support the general educational goals of the District and the objectives of specific courses, including materials that represent diverse points of view in order that young citizens may develop, under guidance, the practice of critical analysis of media and intellectual integrity in forming judgments;
  - d. Meet the personal needs and interests of students, including materials that: nurture the development of recreational reading/listening/ viewing, cultural appreciation, and aesthetic values; represent the many religious, racial, ethnic, linguistic, and cultural groups in our society and reflect their contributions to the heritage and culture of our civilization; foster respect for the diverse roles available to women and men in today's society; and provide access to materials in heritage language as stipulated by the META agreement.

e. Support the professional needs of teachers and administrators; and

f. Introduce new instructional technologies into the learning environment.

4. **Choice.**-- Library media materials are available to students and staff as optional resources and are usually not mandatory reading as is the case with textbook instructional materials.

Library media that is sensitive or mature may not be appropriate for all readers in a school but remains a part of the collection to address the needs of some of the reading community if it meets the selection criteria of the school. Educators and library media specialists should be sensitive to the reading level, belief system, interest level and maturity level of students when helping make selections for individuals, reading aloud to groups, or when having whole class participation in a reading project. If a parent or adult student states a reasonable objection to library reading material assigned to a class, comparable instruction will be made available for the student through an alternate reading assignment without penalty.

5. **Use of Library Media Materials Allocation.**-- School principals are responsible for ensuring that operating budget and state categorical funds are used to purchase library media materials that reinforce instruction and stimulate leisure reading for the students enrolled at the grade level(s) for which the materials are designed and to effectively communicate to parents the manner in which materials are used to implement the curriculum of the school under Fla. Stat. § 1006.40.

6. **Management of Library Media Materials.**-- Following practice and precedent, the school library media centers in Palm Beach County will arrange media and materials according to the Dewey Decimal Classification System. Library media materials acquired with funds from the General Appropriation Act of the State of Florida are to be cataloged and inventoried as part of the library media collection. Library media materials may be inventoried in one to three year cycles.

7. **Selection.**-- HB 1467 (2022), amending Fla. Stat. § 1006.28 provides selection requirements.

a. Initial Review Process

- i. "Each book made available to students through a school district library media center or included in a recommended or assigned school or grade-level reading list must be selected by a school district employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated, or otherwise made available to students."
- ii. For resources needing additional review by District Library Media Services, school-based certified library media specialists or principal designee will use PBSD 2671, attached hereto and incorporated as part of this policy, to solicit additional input.

- b. The School Board is herein adopting "procedures for developing library media center collections" and shall "post the procedures" on each school's website within the District.

- c. Each elementary school <sup>[1]</sup> must "publish on its website, in a searchable format prescribed by the [Florida Department of Education], a list of all materials maintained in the school library media center (as defined by SBER 6A-7.0713, including classroom libraries) or required as part of a school or grade-level reading list."

- d. Per HB 1467 (2022), § 1006.28 (2) (d), these procedures for developing library media center collections must:

- i. "Require that **book selections** meet the criteria in s. 1006.40(3) (d)."<sup>[2]</sup> \_\_\_
- ii. Require consultation of reputable, professionally recognized reviewing periodicals<sup>[3]</sup> \_\_\_, if available after a documented diligent search, and school community stakeholders. <sup>[4]</sup> \_\_\_
- iii. "Provide for library media center collections based on reader interest, support of state academic standards and aligned curriculum, and the academic needs of students and faculty."
- iv. "Provide for the regular removal or discontinuance of books based on, at a minimum, physical condition, rate of recent circulation, alignment to state academic standards and relevancy to curriculum, out-of-date content, and required removal pursuant to subparagraph (a) 2."<sup>[5]</sup> \_\_\_

In addition to regular review, removal, or discontinuance by a school library media specialist, the Superintendent or designee, even without an Objection or challenge, has the authority to remove library media materials or materials on reading lists based on statutory considerations.

The basis for the removal shall be documented. Removal procedures regarding an Objection are based on Statute and/or School Board Policy 8.1205 Objection Procedures for Instructional Materials.

- e. The District may restrict access to school library media and reading list materials from students in grade Kindergarten through Grade Three if such materials instruct on sexual orientation or gender identity because HB 1557 (2022) prohibits such instruction.

## 8. Additional Selection Criteria

- a. Materials for use in school media centers or classroom library collections shall be carefully selected subject to the requirements stated above in Paragraph 7. A choice of materials that support the instructional program and promote reading shall be available to students and professional staff to allow for varying achievement levels, interests, and teaching/learning styles. Each school shall, in conjunction with the "Library Bill of Rights" (<https://www.ala.org/advocacy/intfreedom/librarybill>) of the American Library Association ("ALA"), State Statute, and District policy, follow District procedures for the evaluation, selection, management, and disposal of library media materials in conformance with this Policy and Policy 8.1205. Annually, the District requires using the selection criteria and the removal criteria referenced in this Policy to have library media specialists evaluate their collection in order to write a School Collection Development Plan to enhance their individual library programs that align to the District required components<sup>[6]</sup>. They will share that plan with both their principal and District Library Media Services. Once the plan is approved, the school will post the school's plan on the school website. District Library Media Services will offer annual training on this process.
- b. The "Library Bill of Rights" referenced herein is to be used as a suggested guideline. To the extent that there are inconsistencies between the guidelines in the "Library Bill of Rights" and State Statute, or District policy, State Statute and District policy shall take precedence and shall govern the selection, retention and disposition criteria of library media materials for library media centers and classrooms.
- c. Selection of materials shall also be consistent with the provisions in the School Board's collective bargaining agreement with CTA relating to academic freedom and responsibilities--Article II, Section K--to the extent those provisions are applicable.
- d. Moreover, consistent with Fla. Stat. § 1006.28 (2) (a) 2, library media materials must be suited to student needs and their ability to comprehend the material presented.
- e. In conjunction with the selection criteria above, employees holding a valid educational media specialist certificate (with the required training once it is available as stated in Paragraph 10 below) at each school location or if a qualified person is not employed at the school, by another District employee with these qualifications, shall evaluate and select print and non-print materials for the library media center using several of the criteria outlined below, as appropriate for the media type. **Any library media material containing pornography or otherwise prohibited by Fla Stat. § 847.012 as harmful to minors may not be used or made available within any public school.**
- f. Additional criteria used in evaluating and selecting all materials include:
- i. EDUCATIONAL SIGNIFICANCE. -- Material is valuable to an individual course of study or to the library media collection; the degree to which the material would be supplemented and explained by mature classroom instruction.
  - ii. APPROPRIATENESS. -- Material is geared to the age, maturity, diverse interests, and learning levels of students for whom it is intended. Reading levels and Lexile's are considered to provide a range of material that challenges the student and guides their selection process.

  - iv. LITERARY MERIT. -- Fiction that has a noteworthy plot, setting, characterization, style and theme.
  - v. SCOPE. -- Content is covered adequately to achieve its intended purpose.
  - vi. AUTHORITY. -- The author, editor, or producer has a superior reputation for producing materials of this nature.
  - vii. SPECIAL FEATURES. -- The item has maps, charts, graphs, glossaries, and/or other learning aids that support the content, are unique or are valuable.

10. The Florida Department of Education (FL DOE) is developing an online training program by January 1, 2023 for school librarians, media specialists, and other personnel involved in the selection and maintenance of library media and collections or materials maintained on a reading list. These persons must complete this training once it is available before reviewing and selecting age appropriate materials, reading list materials, and library resources.
11. Per Fla. Stat. § 1006.29 (6), no later than July 1, 2023, and annually thereafter, the Superintendent must certify to the FL DOE that all school librarians and media specialists employed by the District have completed the FL DOE online training program.

### **Policy 8.1205 - Objection Procedures for Instructional Materials, Library Media Materials, and Supplemental Classroom Materials, including Reading Lists**

This Policy does not apply to the 30-day post-adoption challenges to specific instructional materials by parents or County residents in compliance with Fla. Stat. § 1006.28(1) (a) (3). The procedures to follow for those challenges are outlined in School Board Policy 8.122, subparagraph (3)(g).

In addition, the Superintendent or designee, even without an objection or challenge, has the authority to remove instructional materials, library media materials, supplemental classroom materials on reading list based on statutory considerations. The basis for the removal shall be documented.

This Policy implements Fla. Stat. § 1006.28 (2)(a)2 relating to: objections by parents or this County's residents to: a) instructional materials more than 30 days after adoption of instructional materials and b): library media materials, including reading lists, and non-adopted classroom materials. The procedures to follow for those challenges are outlined below; however, a parent or a resident of this County has the option to speak and proffer evidence at the Board hearing on adopting instructional materials and the Board adoption meeting without having followed the procedures below.

#### **1. Grievance Procedures Concerning Core Instructional Materials, Library Media Materials, Reading Lists, and Supplemental Classroom Instructional Materials**

- a. The Superintendent or his/her designee is authorized to administer the following procedures in accordance with federal and state law.
- b. Any resident of Palm Beach County, or emancipated student or parent of a child attending public school in Palm Beach County may file an objection with a school or the Board Clerk concerning the use of or content in instructional materials, library media materials, and supplemental classroom materials, including reading lists.
- c. The parent or resident will be provided the opportunity to proffer evidence on the grounds stated within Fla. Stat. § 1006.28(2)(a)(2), relating to instructional materials, library media materials, and supplemental classroom materials, including reading lists.
- d. Challenged materials may be removed from use in the school where the objection was initiated after the procedures of this Policy have been completed or if it is agreed by the District at any of these stages. Per Fla. Stat. § 1006.28(2)(a)(2), if the School Board "finds that an instructional material does not meet the criteria under sub-subparagraph a. or that any other material contains prohibited content under sub- subparagraph b., the school district shall discontinue use of the material for any grade level or age group for which such

use is inappropriate or unsuitable.”

- e. Objections filed by a parent or emancipated student shall be heard in the school in which that student is registered. If the parent has children at different schools in Palm Beach County, then the objection must specify which school(s) the objection pertains to and it will be heard in that/those school(s). If the objecting party is not the parent of a child in the School District, the objection will be assigned to the appropriate school within the boundary corresponding to the residence of the objecting party for review if the material is located at that school or to the school in close proximity where the material is located.

## 2. School Level: Informal Complaint

- a. Any complaint arising out of the use of a material in a school shall be registered in writing with the principal of the school. Within five school days of the receipt of the complaint, the principal and/or his/her designee and the appropriate staff member(s) shall meet with the complainant to explain:
  - i. the school's selection procedures for these materials;
  - ii. the criteria used for the selection of these materials;
  - iii. the role that the material in question has in the school's curriculum or library media center or classroom collection; and
  - iv. whatever additional information is deemed needed regarding the item's use.
- b. If the complainant is not satisfied with the explanation and desires to file a formal complaint, the formal procedures below shall be followed.

## 3. School Level: Formal Complaint

- a. The form can be found on the District's forms website at: <https://www2.palmbeachschools.org/formssearch/pdf/2569.pdf> .
- b. For objections to Library Media Materials, the complainant shall file form PBSD 1113 ("Objection to, Library Media Materials") and this form can be obtained from the Principal or a designee. - c. The complainant shall sign and sufficiently complete the applicable form in its entirety for each I material to be considered, including stating the basis of the objection, retain one copy, and send one copy of the completed form to the principal of the school. *Failure to sufficiently fill out the form along with complainant's signature will result in the rejection of the form and no formal review process under this subsection will be initiated.*
- d. A challenge to the same material(s) by multiple challengers within one school can be consolidated into one challenge for consideration by the School Materials Review Committee, Principal, Superintendent, District Material Review Committee, and School Board (the reviewing persons and entities) as set forth in the below proceedings.
- e. A challenge to multiple materials will require additional preparation time for the reviewing persons and entities set forth below. A challenge of more than five materials will add an additional two (2) days per item to the time deadlines for the school or District actions that are specified within this Policy.
- f. For materials used *in that school*, the form and the material in question shall be studied by a School Materials Review Committee appointed on an ad hoc basis by the school Principal. Representation on the School Materials Review Committee should reflect the diversity of the District and school, and the following provisions apply:
  - i. The committee shall consist of the Principal or his/her designee of the school where the complaint was made; two teachers in the appropriate subject area/grade; one teacher from another subject area/grade; a library media specialist; a guidance counselor; one student from the appropriate grade level or a student who is accomplished in the specific subject area (middle and senior high school only); one layperson from the school's Parent-Teacher Association or the School Advisory Council; a representative designated by the Regional Superintendent, and a representative from the District department representing Instructional Materials and/or Library Media Services.
  - ii. The School Materials Review Committee shall meet within fifteen (15) school work days of receipt by the Principal of the reconsideration form. The complainant shall be notified of the committee's meeting

date and time and shall be invited to present arguments for no more than 10 minutes unless time is extended by the committee for good cause. A question/answer period or committee discussion may follow the presentation at the committee's discretion.

- iii. The School Materials Review Committee shall solicit, if readily available, professionally written reviews of the material, from sources such as those listed in School Board Policy 8.12(7)(d)(ii).
  - iv. The School Materials Review Committee shall be chaired by the Principal or his/her designee. A recorder of minutes shall be appointed from the membership of the committee to take minutes and to record the recommendation of the committee.
  - v. If the review is not completed, the committee may schedule additional meetings. Within five (5) school work days of its final meeting, the School Materials Review Committee shall prepare the committee's recommendation with supporting reasons and use form PBSB 1857, School Materials Review Committee Recommendations, or a signed letter written on school letterhead. The form can be found on the District's forms Web site at <https://www2.palmbeachschools.org/formssearch/pdf/1857.pdf> and is incorporated herein by reference.
- g. Guidelines for Committee's Recommendation. -- The School Materials Review Committee shall review enough of the relevant portions of the material being challenged in order to make an informed recommendation on the request. The committee shall also consider readily available reviews of the material, study the comments on the complainant's questionnaire, consider one or more of the evaluative criteria in Policy 8.12(7) (for media center materials) or State requirements and guidelines and Policy 8.122 (for textbooks or other instructional materials and reading lists) and shall render a decision based on a majority vote.
- i. The selection criteria in Policy 8.12(7), for media center, shall be made available to all interested persons.
  - ii. The recommendation to the Principal will be based on the selection criteria in School Board Policy 8.12(7) (for media center materials), State requirements and guidelines and School Board Policy 8.122 (for textbooks and instructional materials), and the following additional factors and criteria:
    - A. educational significance of the material;
    - B. appropriateness of age and maturity level;
    - C. need and value to the collection/curriculum;
    - D. summation of the professional reviews on the media;
    - E. literary merit;
    - F. validity, accuracy, objectivity, and up-to-date and appropriate information;
    - G. freedom from stereotypes, bias, prejudice or distortion; and
    - H. timeliness or permanence.

A. In addition, the recommendation shall also consider the provisions in the School Board's collective bargaining agreement with CTA relating to academic freedom and responsibilities-- Article II, Section K--to the extent those provisions are applicable. However, pursuant to current case law, the committee may not recommend removal of non-curricular books from the school's media center or classroom simply because a majority of the committee dislikes the ideas or the points-of-view contained in the media center instructional or supplemental classroom instructional materials.
- h. Committee's Recommendation to the Principal. -- The committee's final recommendation shall be immediately forwarded to the school Principal and may be any or a combination of the following:

  - iii. limit the educational use of the challenged material;

- iv. transfer the challenged material to a higher level school (e. g. elementary to a middle school); and/or
- v. remove the challenged material from the school environment.

i. Principal's Written Decision. -- Within five (5) school work days after receipt of the School Materials Review Committee's recommendation, the Principal shall make a decision, based on the same criteria considered by the committee as set forth in subsection (3)(g) above, on whether to follow the committee's recommendation, and shall inform the complainant *in writing* of the recommendation of the committee, the Principal's decision, and *the reasons for the recommendation and decision*. This written communication must inform the complainant of the next level of appeal under this policy and the time deadline if the decision is not the relief sought by the objecting party. Such communication shall be sent by regular U. S. Mail, and certified mail, return receipt requested.

4. **District Level: Formal Appeal.** -- The complainant may appeal the Principal's decision to the Superintendent, subject to the following provisions.

- a. If the complainant appeals the Principal's decision, the Principal shall send copies of all reports and communications to division and department heads that supervise Instructional Materials and Library Media Services and to the appropriate Regional Superintendent.
- b. Access to challenged materials shall not be restricted during the reconsideration process; the materials shall remain in use unless the School Materials Review Committee, through formal vote, recommended removal of the instructional materials to the Principal, and the decision to remove is made by the Principal.
- c. Within twenty (20) calendar days of the date of the Principal's decision, the complainant shall notify the Superintendent in writing of the request to appeal. *Failure to comply with these requirements will result in the appeal not being considered.*
- d. Within twenty (20) school work days of receipt of such request, the Superintendent or his/her designee and appropriate staff shall review the action taken at the school level and issue a decision based on the same criteria set forth in subsection (3)(g) above and with the same alternative results as set forth in subsection (3)(h) above. If the decision does not include further review by the Superintendent/designee (and District Materials Review Committee), the complainant shall be so notified of the decision and be informed of the ability and deadline to request *in writing* an appearance to appeal directly to The School Board of Palm Beach County, Florida in accordance with this Policy. Notice to the complainant shall be made by regular U. S. Mail and certified mail, return receipt requested.
- e. If the Superintendent finds cause for further review, the complaint shall be submitted to a District Materials Review Committee whose representation reflects the diversity of the District and school, appointed on an ad hoc basis by the Superintendent or his/her designee, according to the following provisions:
  - i. Representation on District Instructional Materials Committees should reflect the diversity of the District and schools.
  - ii. Individuals on the District Materials Review Committee cannot be the same as those that served on the School Materials Review Committee.
  - iii. The committee shall consist of the Chief Academic Officer or his/her designee; an appropriate Regional Superintendent or designee; one Principal at the appropriate level; a division or department head that supervises Instructional Materials, and/or Library Media Services, an appropriate subject area Administrator/Program Planner; one teacher in the appropriate subject area/grade; one library media specialist; one student from the appropriate grade level or a student who is accomplished in the specific subject area (middle and senior high only); a representative from the Palm Beach County Council of Parent-Teacher Associations who will be appointed by the President of the District Association, a representative from the District Academic Advisory Committee; and one lay person. The General Counsel to the School Board, or designated attorney(s) of his/her Office, may be invited to provide legal advice to the Committee, if deemed appropriate by the Superintendent.
  - iv. In the event that a person from a position named above cannot be present at the District Materials Review Committee meeting(s), the Superintendent may appoint an alternate.
  - v. District Materials Review Committee Procedures
    - A. The District Materials Review Committee shall be chaired by the Chief Academic Officer or his/her designee. A recorder of minutes shall be appointed from the membership of the committee to take minutes and to record the recommendation of the committee.

- B. The District Materials Review Committee shall solicit, if readily available, professionally written reviews of the material, from sources such as those listed in Policy 8.12(7)(d)(ii).
  - C. The District Materials Review Committee shall meet and *provide a recommendation with supporting reasons* to the Superintendent within twenty (20) school work days of receipt of the referral from the Superintendent, based on the criteria set forth in subparagraph (4)(e)(v)(D) and paragraph (vi) below. The complainant shall be notified of the committee's meeting date and time and shall be invited to present argument for no more than 10 minutes, unless time is extended by the committee for good cause. A question/answer period or committee discussion may follow the presentation *at the committee's discretion*.
  - D. If the review is not completed, the committee may schedule additional meetings. Within five (5) school work days of its final meeting, the District Materials Review Committee shall prepare the committee's recommendations with supporting reasons.
- f. Guidelines for Recommendation to the Superintendent. -- The District Materials Review Committee shall review enough of the relevant portions of the material being challenged in order to make an informed recommendation on the request. The committee shall also consider readily available reviews of the material, study the comments on the complainant's questionnaire, consider one or more of the evaluative criteria in School Board Policy 8.12(7) (for media center materials) or State requirements and guidelines and School Board Policy 8.122 (for textbooks and instructional materials) and shall render a decision based on a majority vote.
- i. The Selection Criteria in Policy 8.12(7) (for media center materials) shall be made available to all interested persons.
  - ii. The recommendation to the Superintendent will be based on the selection criteria in School Board Policy 8.12(7) (for media center materials), State requirements and guidelines and School Board Policy 8.122 (for textbooks and instructional materials), as well as the following criteria:
    - A. educational significance of the material;
    - B. appropriateness of age and maturity level;
    - C. need and value to the collection/curriculum;
    - D. summation of the professional reviews on the media;
    - E. literary merit;
    - F. validity, accuracy, objectivity, and up-to-date and appropriate information;
    - G. freedom from stereotypes, bias, prejudice or distortion; and
    - H. timeliness or permanence.
    - I. In addition, the recommendation shall also consider the provisions in the School Board's collective bargaining agreement with CTA relating to academic freedom and responsibilities-- Article II, Section K--to the extent those provisions are applicable. However, pursuant to current case law, the committee may not recommend removal of non-curricular books from the school's media center or classroom simply because a majority of the committee dislikes the ideas or the points-of-view contained in the media center or supplemental classroom instructional materials.
- g. Committee's Recommendation to the Superintendent. -- The recommendation of the District Materials Review Committee and the basis for that recommendation shall be transmitted to the Superintendent; the Chief Academic Officer, the Principal of the school that received the original complaint; and the complainant.
- h. Superintendent's/Designee's Written Decision. -- The Superintendent or his/her designee shall make a final decision, based on the same criteria considered by the committee as set forth in subparagraph (4)(f) above, within five (5) school work days of receipt of the District Materials Review Committee recommendation, and send a written report of that decision to the Chief Academic Officer, the appropriate Assistant Superintendent, the Principal of the school; and the complainant. *The written decision shall state procedures and time limits to appeal to the Board if the complainant is dissatisfied.* This decision shall be sent to the complainant by regular U. S. mail and certified mail, return receipt requested.

- i. The Department of Communications & Engagement shall make the selection criteria and a copy of the material(s) in question available for review upon request of interested persons.

## 5. Board Level Appeal

- b. After notice to the appealing party, the School Board Level review shall occur at a public meeting and allow presentation of evidence. The School Board's decision shall be based on the same criteria considered by the Superintendent as set forth in subsections (4)(f) and (h) above.

## 6. Policy Awareness

- a. A copy of the selection and reconsideration procedures as set forth in this Policy and in Board Policy 8.12 should be a part of the Collection Development Plan for each school library media center and should be available for easy access and reference.
- b. Each school Principal should include at a minimum, a summary or references to this Challenge Policy and School Board Policy 8.12 in the school's staff handbook and shall review the selection and reconsideration procedures with the staff as needed, emphasizing Board policy pertaining to the teaching of controversial issues and the ethical considerations that are needed in handling citizen complaints with courtesy and integrity.
