Proposed Plan Modification No. 23

**½-CENT SALES TAX REFERENDUM RESOLUTION
CAPITAL PLAN MODIFICATION**

School/Project: Wellington Area Middle School (02-JJ)

Recommendation: *I recommend the Independent Sales Surtax Oversight Committee approve the Proposed Plan Modification revising the project budget for Wellington Area Middle School (02-JJ) from \$30,958,626 to \$32,728,040.*

Description of Proposed Modification:

- This action revises the total project budget for the school.
- This action authorizes the use of contingency funds included in the Capital Plan.
- Excess funds are available for the John I. Leonard HS Modernization project to cover the additional cost.

Reason for Modification:

- Construction industry prices have continued to escalate throughout the country and especially in South Florida where the market has shown no signs of letting up following the hurricanes of 2004.
- The July 4, 2005 *Engineering News Record* indexes show inflation for construction continuing above the national inflation rate of approximately 3%:

Cost Index	% Change Month	% Change Year
Construction	+0.1	+4.2
Building	+0.1	+4.6
Materials	-0.2	+5.3

- A March 23, 2005 *Wall Street Journal* article titled “Construction Sticker Shock” quoted an RS Means estimate of a 10.5% construction cost increase last year.
- Our construction managers are seeing even greater increases here in South Florida. One construction manager has found that the concrete bid for a middle school is twice what it was for the same school built two years ago.
- *Florida Construction News* reports that construction costs have experienced an increase of about 10% to 15% in the last six months due to cement shortage, rising fuel costs, a hike in steel prices, and an increase in overall demand.

Additional Considerations:

- The source of funds is the Capital Contingency.
- Contingency funds were included in the Plan to account for situations such as this.

Proposed Plan Modification No. 29

½-CENT SALES TAX REFERENDUM RESOLUTION CAPITAL PLAN MODIFICATION

School/Project: Various Projects

Recommendation: *I recommend the Independent Sales Surtax Oversight Committee approve the Proposed Plan Modification revising the Plan to match the FY 2006-2010 Five-Year Capital Plan.*

Description of Proposed Modification:

- This action aligns the referendum project plan (“The Plan” as defined in the resolution authorizing the referendum) to match the proposed FY 2006-2010 Five-Year Capital Plan.

Reason for Modification:

- Many of the projects in the Plan are funded by sources other than the ½-Cent Sales Surtax, however they are presented here because they are included in “The Plan”. **THERE HAS BEEN NO CHANGE TO THE USE OR AMOUNT OF THE ½-CENT SALES SURTAX; IT REMAINS AT \$560 MILLION AND THE PROJECTS ARE BEING FUNDED AND CONSTRUCTED AS PROPOSED.**
- Each year the School District is required to update the Five-Year Capital Plan. This exercise involves numerous steps including, but not limited to:
 - updating enrollment projections
 - identifying new schools needed to meet school concurrency
 - including additional schools to be modernized
 - adding projects required based on programmatic needs
 - updating project budgets
 - updating project status
 - receiving input from the public, municipalities, advisory committees, Board Members and others
- Previously approved budget and schedule amendments have been reflected, however, budget and schedule amendments have also been included for future projects not previously discussed in other ISSOC meetings, therefore, approval of this modification is required at this time.
- Construction price increases have been explained previously, however, a presentation will be made at the September 7th meeting to address this issue in more detail.
- The changes that affect these projects are global, therefore, all of the changes are being addressed in this Proposed Plan Modification.

Additional Considerations:

- All changes are shown on the update of the August 23, 2005 Referendum Program Status Report and the FY 2006-2010 Five-Year Capital Plan.

Date: June 25, 2007

Proposed Plan Modification No. 116

**½-CENT SALES TAX REFERENDUM RESOLUTION
CAPITAL PLAN MODIFICATION**

School/Project: Emerald Cove Middle (02-JJ) (Formerly Wellington Area Middle)

Recommendation: *I recommend the ISSOC approve the Proposed Plan Modification revising the Project Budget for Emerald Cove Middle (02-JJ) from \$33,244,461 to \$33,575,791.*

Description of Proposed Modification:

Revisions	Yes	No
Opening Date		✓
Timing of Funding		✓
Project Budget	✓	
Scope Change		✓

Reason for Modification:

- Additional funds are required to cover additional costs for Furniture, Fixtures & Equipment (FF&E). New educational technology standards include sound field enhancement, LCD projectors and document cameras in each classrooms.

Additional Considerations:

- The proposed budgets that will be included in the FY 2008-2012 Five-Year Capital Plan will include the new technology standards in the project budgets.
- This change is being made at this time for this project because the school will open in August 2007, therefore the balance of the FF&E purchases need to be made immediately.

Proposed Plan Modification No. 130

**½-CENT SALES TAX REFERENDUM RESOLUTION
CAPITAL PLAN MODIFICATION**

School/Project: Various Projects

Recommendation: *I recommend the Independent Sales Surtax Oversight Committee approve the Proposed Plan Modification revising the Plan to match the FY 2008-2012 Five-Year Capital Plan.*

Description of Proposed Modification:

Revisions	Yes	No
Opening Date	✓	
Timing of Funding	✓	
Project Budget	✓	
Scope Change	✓	

Reason for Modification:

1. This action revises the project budgets, timing of funding and opening dates for various projects in accordance with the FY 2008-2012 Five-Year Capital Plan approved by the School Board on September 5, 2008.
2. The budgets included in the FY 2008-2012 Five-Year Capital Plan reflect the most recently awarded projects of similar scope plus a reasonable annual inflation rate. Additional funds have been placed in Construction Contingency for unanticipated increases.
3. Budget changes are typically for one of the following reasons: (1) reflect latest design phase (Schematic Design, Design Development or Construction Documents) estimate or negotiated Guaranteed Maximum Price, (2) reflect negotiated change orders, or (3) reflect revised inflation assumptions.
4. The only scope changes are: (1) reduction of the new Riviera Beach HS (03-MMM) from a 1,800 to 1,500 student capacity, and (2) increase planned capacity of Manatee ES Addition from 970 to 1,200 students.
5. The opening dates were revised for projects were revised due to issues associated with site acquisition in addition to funding. This is the case with the Pahokee Stadium, Pahokee Area MS (03-MM), and Royal Palm Beach Area ES (03-W).
6. The changes proposed are in large part the result of the need to cut approximately \$212 million from the 5-Year Capital Plan due to actual and projected decreases in funding as well and lower enrollment projections. Property tax, impact fees and Class Size Reduction revenues for FY 2008 were all lower than previously projected.
7. Staff implemented a prioritization process which was thoroughly feted amongst the School Board Members at several public meetings.
8. These changes are essentially the same as those presented to the ISSOC at the June 25, 2007 ISSOC Meeting. There have been no changes to the opening dates of any projects since that meeting, however, project budgets and some funding dates have been updated.

A report comparing the differences between the June 25th information and the current information is provided for reference.

Additional Considerations:

1. No project that was included in Referendum Plan has been deleted as a result of this action. Some projects have been rescheduled due to lower enrollment projections and/or funding.
2. No changes were made which would cause the District to violate School Concurrency, however, it is possible that some modulars, which are counted towards permanent capacity, may be needed at a few schools in order to meet the required Level of Service.
3. Most projects are funded in two fiscal years. The first fiscal year funding typically covers the cost of pre-construction activities including planning and design, and the second fiscal year of funding covers construction and furnishings.
