## **Purpose of Collection Development Policy**

The Collection Development Policy is designed to support the Library's Mission statement and serves as a guide for the selection, acquisition, maintenance, and retention of materials by establishing roles, responsibilities, and a process for addressing Library user concerns.

As our state regulations and student population change, the Media Center at Verde K-8 reassesses and adapts its collections to reflect new and differing areas of interest and concern. The collection development policy is annually evaluated and revised as necessary to provide guidance for implementing changes in the collection.

## **~~Background Statement & School Community~~**

The users of Verde K-8 School Library Media Center come from grades Kindergarten through Eighth Grade, in addition to the faculty, staff and parents of that community of users. Verde K-8 has a culturally and ethnically diverse student population representing different cultural and economic (42% Free and Reduced Lunch) backgrounds, which include 48% white, 39% Hispanic, 4% Black, 4% Asian, 1% American Indian and 4% multi-race.

In addition, Verde K-8 School Library Media Center supports the unique curricular needs of more than 200 ESE and ESOL students. The Media Center also supports the curricular needs required by the Cambridge Pre-AICE and Technology Certification programs offered in our middle school grades 6-8.

## **Mission Statement**

The mission of Verde K-8 is to empower our learners with knowledge, confidence, responsibility, and citizenship for success in a changing world.

## **Media Center Mission Statement**

The mission of the Verde K-8 Media Center is to provide our students with opportunities to strive for their personal best through literacy and technology experiences in our Media Center, while supporting the Verde K-8 School Mission.

## **Responsibility for Collection Management & Development**

The Library Media Specialist is responsible for the on-going maintenance of a quality collection which includes procurement of new materials and discarding of ineffective items. Teachers, administration, and the school library media advisory committee assist in the re-evaluation, purchasing, and systematic deleting of materials and equipment to ensure that the collection remains responsive to user needs, changing curriculum and advancing technology.

## **Library Program**

The library media center program at Verde K-8 strives to work collaboratively with teachers to develop meaningful traditional literacy and information literacy lesson plans that integrate into classroom learning. At Verde K-8, the library media specialist uses Blender as a mechanism to review the standards being taught at a grade level in each trimester and works to develop compatible lessons that support classroom learning. These lesson plans are designed with emphasis on Standards which support the Information and Media Literacy Standards embedded in Language Arts. The library is open throughout each day that students are in attendance to ensure equitable access for all students to library media resources.

The school administration and faculty are aware that recent research documents improvement in student learning gains when the library media center is available to the student at the point of need. At Verde K-8, the Library Media Center works on a fixed schedule to ensure that all elementary classes have access to materials and resources on a rotating schedule. Grades 6 - 8 teachers are invited to schedule times to access the resources in the Media Center in coordination with the Media Specialist's schedule. Open Media is offered to students in Grades 3 - 8 every day for 30 minutes to ensure equitable access for all students. The Media Specialist is also responsible for offering a middle school elective, based on FLDOE Learning Standards. In the past two years, these electives have included Creative Writing and TV Production and will continue to develop as needs warrant.

The library at Verde K-8 typically hosts two book fairs each year. The first book fair is held in the fall, the second book fair is held in the spring and will promote summer reading. Money raised from the book fairs will be used to purchase books, ebooks, computer equipment, cameras or other materials for the library media center. The Verde K-8 media center participates and promotes Read Across America, Families Read Together, SSYRA, Battle of the Books, Barnes & Noble Book Fairs, Scholastic

Book Fairs, special programs through The Children's Service Council of Palm Beach County, World Read Aloud Day, and Literacy Week events.

### **Goals and Objectives**

**Goal 1:** Increase the collection of books to represent cultural diversity. Books will represent different abilities, cultures, beliefs and races. 10% of library funds will be used for this purchase.

**Goal 2:** Based on the collection analysis, the nonfiction collection will be updated to include more recent informational texts in high-interest areas, such as sports, technology, and other research areas to meet the needs of middle school students in the Cambridge AiCE program. 10% of library funds will be used for this purchase.

**Goal 3:** In conjunction with Goal 2, the nonfiction collection will be weeded for outdated materials. The current average age of the nonfiction collection is 2007.

Weeding and updating the nonfiction collection will help to improve the average age.

**Goal 4:** Currently, we have available 11.7 items per student. This is in agreement with the SACS recommendation of an average of 10 items available per student. A goal for SY2024 will be to update the average age of the items available to students, in conjunction with Goals 1 and 2.

### **Budget and Funding**

The media center at Verde K-8 receives school funds for supplies, periodicals, AV equipment, furniture and fixtures and books. We also receive district funds from Library Media Services that can be used for books and ebooks. Library Media Services also offers a choice of technology equipment to schools each year, this equipment is selected by the librarian. Funding is also earned through Scholastic Book Fair and Barnes & Noble Book Fair events. This funding is used to purchase books, supplies, incentives, and subscriptions to online reading platforms, such as BookFlix.

The collection development is focused on the curriculum of Verde K-8 School, which follows the guidelines of the School District of Palm Beach County, which in turn are governed by the Department of Education of the State of Florida. According to best practices for school libraries in the United States, the print and non-print collection at Verde K-8 is arranged by the Dewey Decimal Classification System (per District policy). Additional resources are provided by district-wide subscriptions to electronic information databases. The library media collection includes all the resources available in the school library media center along with all those that students, faculty, and administrators can access through interlibrary loan. Students also have access to eBooks 24/7 through tiles on their PBCSD Portals, such as MackinVIA, BookFlix, and TrueFlix. Materials at Verde K-8 support both curriculum and pleasure reading as per School Board Policy 8.12 (2d).k

### **Collection Development**

Collection Development is the process of providing quality materials and equipment for the library media center. The goal of collection development is to ensure the collection has information sources in adequate quantity and variety to support student's academic and personal interest needs. The media specialist is charged with leading this process with the input of teachers, students and parents.

### **Selection and Evaluation Criteria**

Selection of materials for the Verde K-8 Media Center will be made in accordance with school district policy, using the needs of the Verde K-8 students and curriculum as a guide. Two professional reviews are required for each item selected for inclusion in the collection. The media specialist will consult with other professionals and reviews such as School Library Journal, Booklist, award winners (Sunshine State Young Readers Association suggestions, Newbery Award, Caldecott Award, Coretta Scott King Award, etc.) to determine items that fit the specifications of the state and school district requirements for collections. The selections will be made according to the PBCSD Procedures for Selecting and Developing Library Collections.

## **District-Wide Procedures for Selecting and Developing Library Collections**

### **Who Makes the Selection**

1. Each book made available to students through this School District's library media centers must be selected by a school district employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated, or otherwise made available to students.
2. In HereFurther, employees holding a valid educational media specialist certificate must also have completed the required Florida Department of Education training once it is available and by law must be developed by January 1, 2023.
3. In addition, the person selecting the books is employed at that school location or if a qualified person is not employed at the school, by another District employee with these qualifications.

### LIBRARY BILL OF RIGHTS

The American Library Association affirms that all libraries are forums for information and ideas and that the following basic policies should guide their services.

- I. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.
- II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.
- III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.
- IV. Libraries should cooperate with all persons and groups concerned with resisting the abridgment of free expression and free access to ideas.
- V. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.
- VI. Libraries that make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

Adopted June 19, 1939.

Amended October 14, 1944; June 18, 1948; February 2, 1961; June 27, 1967; and January 23, 1980;

### INTELLECTUAL FREEDOM

#### AMERICAN LIBRARY ASSOCIATION THE FREEDOM TO READ STATEMENT

The freedom to read is guaranteed by the Constitution. Those with faith in free people will stand firm on these constitutional guarantees of essential rights and will exercise the responsibilities that accompany these rights.

We therefore affirm these propositions:

1. *It is in the public interest for publishers and librarians to make available the widest diversity of views and expressions, including those that are unorthodox, unpopular, or considered dangerous by the majority.*
2. *Publishers, librarians, and booksellers do not need to endorse every idea or presentation they make available. It would conflict with the public interest for them to establish their own political, moral, or aesthetic views as a standard for determining what should be published or circulated.*
3. *It is contrary to the public interest for publishers or librarians to bar access to writings on the basis of the personal history or political affiliations of the author.*
4. *There is no place in our society for efforts to coerce the taste of others, to confine adults to the reading matter deemed suitable for adolescents, or to inhibit the efforts of writers to achieve artistic expression.*
5. *It is not in the public interest to force a reader to accept the prejudgment of a label characterizing any expression or its author as subversive or dangerous.*
6. *It is the responsibility of publishers and librarians, as guardians of the people's freedom to read, to contest encroachments upon that freedom by individuals or groups seeking to impose their own standards or tastes upon the community at large; and by the government whenever it seeks to reduce or deny public access to public information.*
7. *It is the responsibility of publishers and librarians to give full meaning to the freedom to read by providing books that enrich the quality and diversity of thought and expression. By the exercise of this affirmative responsibility, they can demonstrate that the answer to a "bad" book is a good one, the answer to a "bad" idea is a good one.*

This statement was originally issued in May of 1953 by the Westchester Conference of the American Library Association and the American Book Publishers Council, which in 1970 consolidated with the American Educational Publishers Institute to become the Association of American Publishers.

Adopted June 25, 1953; revised January 28, 1972, January 16, 1991, July 12, 2000, June 30, 2004, by the ALA Council and the AAP Freedom to Read Committee.

First Amendment of the Bill of Rights to the United States Constitution CONGRESS SHALL MAKE NO LAW RESPECTING AN ESTABLISHMENT OF RELIGION, OR PROHIBITING THE FREE EXERCISE THEREOF; OR ABRIDGING THE FREEDOM OF SPEECH, OR OF THE PRESS; OR THE RIGHT OF THE PEOPLE PEACEABLY TO ASSEMBLE, AND TO PETITION THE GOVERNMENT FOR A REDRESS OF GRIEVANCES.

The Bill of Rights to the U.S. Constitution was ratified on December 15, 1791

Endorsed by the Board of Library Trustees: August 24, 2009, October 22, 2012, August 22, 2016

### **Policy 8.12 - Selection of Library Media Center Materials and Reading List Materials**

1. **Adequate Library Media Materials.**-- Library media materials for the school's Library Media Center, including print, non-print, serials [periodicals], electronic resources, computer software, video images, films, and instructional television programs, represent fundamental resources selected for schools to support instruction, promote reading, further the pursuit of knowledge through research and exploration, and provide information literacy experiences of educational significance for class groups, individual students, teachers and administrators. It is the shared responsibility of the State, District, and school, within budgetary constraints, to provide an adequate number and range of library media materials and resources in a variety of formats that are appropriate, timely, and essential to the attainment of specified educational objectives subject to District policy. It is also the responsibility of the State and District and school to provide library media materials that represent the diverse cultures, ethnic groups, languages and religious beliefs of the community and that are free of bias, stereotypes, distortions, and prejudices.
2. **Reading List Materials.**-- Reading list materials are recommended or assigned materials school- wide or grade level.
3. **Purpose.**-- The Board believes that the selection of library media materials and reading list materials is within its jurisdiction pursuant to relevant statutory and constitutional laws. The library media center, within budgetary constraints, shall contain a comprehensive collection of materials and equipment, in a variety of media formats that are accessible to students during the school day, to:
  - a. Promote the development of lifelong reading habits and information literacy skills in students;
  - b. Provide a broad background of information resources in areas of knowledge;

  - d. Meet the personal needs and interests of students, including materials that: nurture the development of recreational reading/listening/ viewing, cultural appreciation, and aesthetic values; represent the many religious, racial, ethnic, linguistic, and cultural groups in our society and reflect their contributions to the heritage and culture of our civilization; foster respect for the diverse roles available to women and men in today's society; and provide access to materials in heritage language as stipulated by the META agreement.

e. Support the professional needs of teachers and administrators; and

f. Introduce new instructional technologies into the learning environment.

4. **Choice.**-- Library media materials are available to students and staff as optional resources and are usually not mandatory reading as is the case with textbook instructional materials.

Library media that is sensitive or mature may not be appropriate for all readers in a school but remains a part of the collection to address the needs of some of the reading community if it meets the selection criteria of the school. Educators and library media specialists should be sensitive to the reading level, belief system, interest level and maturity level of students when helping make selections for individuals, reading aloud to groups, or when having whole class participation in a reading project. If a parent or adult student states a reasonable objection to library reading material assigned to a class, comparable instruction will be made available for the student through an alternate reading assignment without penalty.

5. **Use of Library Media Materials Allocation.**-- School principals are responsible for ensuring that operating budget and state categorical funds are used to purchase library media materials that reinforce instruction and stimulate leisure reading for the students enrolled at the grade level(s) for which the materials are designed and to effectively communicate to parents the manner in which materials are used to implement the curriculum of the school under Fla. Stat. § 1006.40.

6. **Management of Library Media Materials.**-- Following practice and precedent, the school library media centers in Palm Beach County will arrange media and materials according to the Dewey Decimal Classification System. Library media materials acquired with funds from the General Appropriation Act of the State of Florida are to be cataloged and inventoried as part of the library media collection. Library media materials may be inventoried in one to three year cycles.

7. **Selection.**-- HB 1467 (2022), amending Fla. Stat. § 1006.28 provides selection requirements.

a. Initial Review Process

i. "Each book made available to students through a school district library media center or included in a recommended or assigned school or grade-level reading list must be selected by a school district employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated, or otherwise made available to students."

ii. For resources needing additional review by District Library Media Services, school-based certified library media specialists or principal designee will use PBSO 2671, attached hereto and incorporated as part of this policy, to solicit additional input.

b. The School Board is herein adopting "procedures for developing library media center collections" and shall "post the procedures" on each school's website within the District.

c. Each elementary school <sup>[1]</sup> must "publish on its website, in a searchable format prescribed by the [Florida Department of Education], a list of all materials maintained in the school library media center (as defined by SBER 6A-7.0713, including classroom libraries) or required as part of a school or grade-level reading list."

d. Per HB 1467 (2022), § 1006.28 (2) (d), these procedures for developing library media center collections must:

i. "Require that **book selections** meet the criteria in s. 1006.40(3) (d)."<sup>[2]</sup> \_\_\_

ii. Require consultation of reputable, professionally recognized reviewing periodicals<sup>[3]</sup>, if available after a documented diligent search, and school community stakeholders.<sup>[4]</sup> \_\_\_

iii. "Provide for library media center collections based on reader interest, support of state academic standards and aligned curriculum, and the academic needs of students and faculty."

iv. "Provide for the regular removal or discontinuance of books based on, at a minimum, physical condition, rate of recent circulation, alignment to state academic standards and relevancy to curriculum, out-of-date content, and required removal pursuant to subparagraph (a) 2."<sup>[5]</sup> \_\_\_

In addition to regular review, removal, or discontinuance by a school library media specialist, the Superintendent or designee, even without an Objection or challenge, has the authority to remove library media materials or materials on reading lists based on statutory considerations.

The basis for the removal shall be documented. Removal procedures regarding an Objection are based on Statute and/or School Board Policy 8.1205 Objection Procedures for Instructional Materials.

- e. The District may restrict access to school library media and reading list materials from students in grade Kindergarten through Grade Three if such materials instruct on sexual orientation or gender identity because HB 1557 (2022) prohibits such instruction.

#### 8. Additional Selection Criteria

- a. Materials for use in school media centers or classroom library collections shall be carefully selected subject to the requirements stated above in Paragraph 7. A choice of materials that support the instructional program and promote reading shall be available to students and professional staff to allow for varying achievement levels, interests, and teaching/learning styles. Each school shall, in conjunction with the "Library Bill of Rights" (<https://www.ala.org/advocacy/intfreedom/librarybill>) of the American Library Association ("ALA"), State Statute, and District policy, follow District procedures for the evaluation, selection, management, and disposal of library media materials in conformance with this Policy and Policy 8.1205. Annually, the District requires using the selection criteria and the removal criteria referenced in this Policy to have library media specialists evaluate their collection in order to write a School Collection Development Plan to enhance their individual library programs that align to the District required components<sup>[6]</sup>. They will share that plan with both their principal and District Library Media Services. ~~Once the plan is approved, the school will post the school's plan on the school website. District Library Media Services will offer annual training on this process.~~
- b. The "Library Bill of Rights" referenced herein is to be used as a suggested guideline. To the extent that there are inconsistencies between the guidelines in the "Library Bill of Rights" and State Statute, or District policy, State Statute and District policy shall take precedence and shall govern the selection, retention and disposition criteria of library media materials for library media centers and classrooms.
- c. Selection of materials shall also be consistent with the provisions in the School Board's collective bargaining agreement with CTA relating to academic freedom and responsibilities--Article II, Section K-- to the extent those provisions are applicable.
- d. Moreover, consistent with Fla. Stat. § 1006.28 (2) (a) 2, library media materials must be suited to student needs and their ability to comprehend the material presented.
- e. In conjunction with the selection criteria above, employees holding a valid educational media specialist certificate (with the required training once it is available as stated in Paragraph 10 below) at each school location or if a qualified person is not employed at the school, by another District employee with these qualifications, shall evaluate and select print and non-print materials for the library media center using several of the criteria outlined below, as appropriate for the media type. **Any library media material containing pornography or otherwise prohibited by Fla Stat. § 847.012 as harmful to minors may not be used or made available within any public school.**
- f. Additional criteria used in evaluating and selecting all materials include:
  - i. EDUCATIONAL SIGNIFICANCE. -- Material is valuable to an individual course of study or to the library media collection; the degree to which the material would be supplemented and explained by mature classroom instruction.
  - ii. APPROPRIATENESS. -- Material is geared to the age, maturity, diverse interests, and learning levels of students for whom it is intended. Reading levels and Lexile's are considered to provide a range of material that challenges the student and guides their selection process.
  - iii. ACCURACY. -- Nonfiction information is correct, recent, and objective.
  - iv. LITERARY MERIT. -- Fiction that has a noteworthy plot, setting, characterization, style and theme.
  - v. SCOPE. -- Content is covered adequately to achieve its intended purpose.
  - vi. AUTHORITY. -- The author, editor, or producer has a superior reputation for producing materials of this nature.
  - vii. SPECIAL FEATURES. -- The item has maps, charts, graphs, glossaries, and/or other learning aids that support the content, are unique or are valuable.
  - viii. TRANSLATION INTEGRITY. -- Material translated from one language to another maintains the stylistic characteristics of the original.

- ix. ARRANGEMENT. -- Concepts are presented in a logical sequence and in a way that assures learning.
- x. TREATMENT. -- Typeset, visuals, style, and/or medium captures and holds the student's attention.
- xi. TECHNICAL QUALITY. -- Sound is clear and audible; visuals project clearly.
- xii. AESTHETIC QUALITY. -- Material is superior to similar items in attractiveness and presentation of content.
- xiii. POTENTIAL DEMAND. -- Item has particular timeliness or popular appeal.
- xiv. DURABILITY. -- Material has the potential for frequent use or is of a nature that it will be considered consumable.
- xv. COPYRIGHT.-- Library media materials used in a school shall be procured and used in accordance with federal, state and District copyright laws, rules, and policies as referenced in School Board Policy 8.121.
- xvi. GRAPHIC NOVELS AND PERIODICALS.-- In addition to the above criteria, all pictures are to be reviewed for appropriateness prior to placing the graphic novel or periodical into circulation.

**9. Compliance**

- a. Per HB 1467 (2022), school principals are responsible for overseeing compliance with school district procedures for selecting school library media center materials at the school to which they are assigned.
- b. Support toward compliance is available when the assigned school library media specialist(s) attend professional development/training hosted by the District Library Media team.

10. The Florida Department of Education (FL DOE) is developing an online training program by January 1, 2023 for school librarians, media specialists, and other personnel involved in the selection and maintenance of library media and collections or materials maintained on a reading list. These persons must complete this training once it is available before reviewing and selecting age appropriate materials, reading list materials, and library resources.

11. Per Fla. Stat. § 1006.29 (6), no later than July 1, 2023, and annually thereafter, the Superintendent must certify to the FL DOE that all school librarians and media specialists employed by the District have completed the FL DOE online training program.

### **Policy 8.1205 - Objection Procedures for Instructional Materials, Library Media Materials, and Supplemental Classroom Materials, including Reading Lists**

This Policy does not apply to the 30-day post-adoption challenges to specific instructional materials by parents or County residents in compliance with Fla. Stat. § 1006.28(1) (a) (3). The procedures to follow for those challenges are outlined in School Board Policy 8.122, subparagraph (3)(g).

In addition, the Superintendent or designee, even without an objection or challenge, has the authority to remove instructional materials, library media materials, supplemental classroom materials on reading list based on statutory considerations. The basis for the removal shall be documented.

This Policy implements Fla. Stat. § 1006.28 (2)(a)2 relating to: objections by parents or this County's residents to: a) instructional materials more than 30 days after adoption of instructional materials and b): library media materials, including reading lists, and non-adopted classroom materials. The procedures to follow for those challenges are outlined below; however, a parent or a resident of this County has the option to speak and proffer evidence at the Board hearing on adopting instructional materials and the Board adoption meeting without having followed the procedures below.

#### **1. Grievance Procedures Concerning Core Instructional Materials, Library Media Materials, Reading Lists, and Supplemental Classroom Instructional Materials**

- a. The Superintendent or his/her designee is authorized to administer the following procedures in accordance with federal and state law.
- b. Any resident of Palm Beach County, or emancipated student or parent of a child attending public school in Palm Beach County may file an objection with a school or the Board Clerk concerning the use of or content in instructional materials, library media materials, and supplemental classroom materials, including reading lists.
- c. The parent or resident will be provided the opportunity to proffer evidence on the grounds stated within Fla. Stat. § 1006.28(2)(a)(2), relating to instructional materials, library media materials, and supplemental classroom materials, including reading lists.
- d. Challenged materials may be removed from use in the school where the objection was initiated after the procedures of this Policy have been completed or if it is agreed by the District at any of these stages. Per Fla. Stat. § 1006.28(2)(a)(2), if the School Board "finds that an instructional material does not meet the criteria under sub-subparagraph a. or that any other material contains prohibited content under sub-subparagraph b., the school district shall discontinue use of the material for any grade level or age group for

which such use is inappropriate or unsuitable."

- e. Objections filed by a parent or emancipated student shall be heard in the school in which that student is registered. If the parent has children at different schools in Palm Beach County, then the objection must specify which school(s) the objection pertains to and it will be heard in that/those school(s). If the objecting party is not the parent of a child in the School District, the objection will be assigned to the appropriate school within the boundary corresponding to the residence of the objecting party for review if the material is located at that school or to the school in close proximity where the material is located.

## 2. School Level: Informal Complaint

- a. Any complaint arising out of the use of a material in a school shall be registered in writing with the principal of the school. Within five school days of the receipt of the complaint, the principal and/or his/her designee and the appropriate staff member(s) shall meet with the complainant to explain:
  - i. the school's selection procedures for these materials;
  - ii. the criteria used for the selection of these materials;
  - iii. the role that the material in question has in the school's curriculum or library media center or classroom collection; and
  - iv. ~~whatever additional information is deemed needed regarding the item's use.~~
- b. If the complainant is not satisfied with the explanation and desires to file a formal complaint, the formal procedures below shall be followed.

## 3. School Level: Formal Complaint

- a. As stated in Policy 8.122, objections to instructional materials and Supplemental Classroom Materials, including Reading Lists, shall be filed on form PBSO 2569 (Petition to Object/Objection to Instructional Materials), which is part of this policy and incorporated herein as part of this Policy. The form can be found on the District's forms website at: <https://www2.palmbeachschools.org/formssearch/pdf/2569.pdf>.
- b. For objections to Library Media Materials, the complainant shall file form PBSO 1113 ("Objection to, Library Media Materials") and this form can be obtained from the Principal or a designee. A copy of the form is also available on the District's forms Web site at <https://www2.palmbeachschools.org/formssearch/pdf/1113.pdf> and is incorporated herein by reference as part of this Policy.
- c. The complainant shall sign and sufficiently complete the applicable form in its entirety for each material to be considered, including stating the basis of the objection, retain one copy, and send one copy of the completed form to the principal of the school. *Failure to sufficiently fill out the form along with complainant's signature will result in the rejection of the form and no formal review process under this subsection will be initiated.*
- d. A challenge to the same material(s) by multiple challengers within one school can be consolidated into one challenge for consideration by the School Materials Review Committee, Principal, Superintendent, District Material Review Committee, and School Board (the reviewing persons and entities) as set forth in the below proceedings.
- e. A challenge to multiple materials will require additional preparation time for the reviewing persons and entities set forth below. A challenge of more than five materials will add an additional two (2) days per item to the time deadlines for the school or District actions that are specified within this Policy.
- f. For materials used *in that school*, the form and the material in question shall be studied by a School Materials Review Committee appointed on an ad hoc basis by the school Principal. Representation on the School Materials Review Committee should reflect the diversity of the District and school, and the following provisions apply:
  - i. The committee shall consist of the Principal or his/her designee of the school where the complaint was made; two teachers in the appropriate subject area/grade; one teacher from another subject area/grade; a library media specialist; a guidance counselor; one student from the appropriate grade level or a student who is accomplished in the specific subject area (middle and senior high school only); one layperson from the school's Parent-Teacher Association or the School Advisory Council; a representative designated by the Regional Superintendent, and a representative from the District department representing Instructional Materials and/or Library Media Services.
  - ii. The School Materials Review Committee shall meet within fifteen (15) school work days of receipt by the Principal of the reconsideration form. The complainant shall be notified of the committee's meeting

date and time and shall be invited to present arguments for no more than 10 minutes unless time is extended by the committee for good cause. A question/answer period or committee discussion may follow the presentation at the committee's discretion.

- iii. The School Materials Review Committee shall solicit, if readily available, professionally written reviews of the material, from sources such as those listed in School Board Policy 8.12(7)(d)(ii).
  - iv. The School Materials Review Committee shall be chaired by the Principal or his/her designee. A recorder of minutes shall be appointed from the membership of the committee to take minutes and to record the recommendation of the committee.
  - v. If the review is not completed, the committee may schedule additional meetings. Within five (5) school work days of its final meeting, the School Materials Review Committee shall prepare the committee's recommendation with supporting reasons and use form PBSB 1857, School Materials Review Committee Recommendations, or a signed letter written on school letterhead. The form can be found on the District's forms Web site at <https://www2.palmbeachschools.org/formssearch/pdf/1857.pdf> and is incorporated herein by reference.
- g. Guidelines for Committee's Recommendation. -- The School Materials Review Committee shall review enough of the relevant portions of the material being challenged in order to make an informed recommendation on the request. ~~The committee shall also consider readily available reviews of the material, study the comments on the complainant's questionnaire, consider one or more of the evaluative criteria in Policy 8.12(7) (for media center materials) or State requirements and guidelines and Policy 8.122 (for textbooks or other instructional materials and reading lists) and shall render a decision based on a majority vote.~~
- i. The selection criteria in Policy 8.12(7), for media center, shall be made available to all interested persons.
  - ii. This written communication must inform the complainant of the next level of appeal under this policy and the time deadline if the decision is not the relief sought by the objecting party. Such communication shall be sent by regular U. S. Mail, and certified mail, return receipt requested.

4. **District Level: Formal Appeal.** -- The complainant may appeal the Principal's decision to the Superintendent, subject to the following provisions.

- a. If the complainant appeals the Principal's decision, the Principal shall send copies of all reports and communications to division and department heads that supervise Instructional Materials and Library Media Services and to the appropriate Regional Superintendent.
- b. Access to challenged materials shall not be restricted during the reconsideration process; the materials shall *remain in use unless the School Materials Review Committee, through formal vote, recommended removal of the instructional materials to the Principal, and the decision to remove is made by the Principal.*
- c. Within twenty (20) calendar days of the date of the Principal's decision, the complainant shall notify the Superintendent in writing of the request to appeal. *Failure to comply with these requirements will result in the appeal not being considered.*
- d. Within twenty (20) school work days of receipt of such request, the Superintendent or his/her designee and appropriate staff shall review the action taken at the school level and issue a decision based on the same criteria set forth in subsection (3)(g) above and with the same alternative results as set forth in subsection (3)(h) above. If the decision does not include further review by the Superintendent/designee (and District Materials Review Committee), the complainant shall be so notified of the decision and be informed of the ability and deadline to request *in writing* an appearance to appeal directly to The School Board of Palm Beach County, Florida in accordance with this Policy. Notice to the complainant shall be made by regular U. S. Mail and certified mail, return receipt requested.
- e. If the Superintendent finds cause for further review, the complaint shall be submitted to a District Materials Review Committee whose representation reflects the diversity of the District and school, appointed on an ad hoc basis by the Superintendent or his/her designee, according to the following provisions:

The General Counsel to the School Board, or designated attorney(s) of his/her Office, may be invited to provide legal advice to the Committee, if deemed appropriate by the Superintendent.
  - iv. In the event that a person from a position named above cannot be present at the District Materials Review Committee meeting(s), the Superintendent may appoint an alternate.

- i. The Selection Criteria in Policy 8.12(7) (for media center materials) shall be made available to all interested persons.

## 7. Reporting Objections

- a. HB 1467 (2022), which created Fla. Stat. § 1006.28 (2)(e) requires that:

"Annually, beginning June 30, 2023, [the School Board] submit to the Commissioner of Education a report that identifies: a. Each material for which the school district received an objection pursuant to [Fla. Stat. 1006.28] subparagraph (a)2 [regarding an objection by a parent or a resident of the county to the use of a specific instructional material or any material used in a classroom, made available in a school library, or included on a reading list] for the school year and the specific objections thereto. b. Each material that was removed or discontinued as a result of an objection. c. The grade level and course for which a removed or discontinued material was used, as applicable."

- b. However, Fla. Stat. § 1011.67 Funds for Instructional materials relating to the Superintendent report due to the Commissioner of Education by July 1 states:

"The certification must identify any material that received an objection pursuant to s. 1006.28 for the school year and the specific objections thereto, each material that was removed or discontinued as a result of an objection, and the grade level and course for which a removed or discontinued material was used, as applicable."

- c. Accordingly, this data must be collected for these reports in a manner as determined by the Superintendent/designee.
