Purpose of Collection Development Policy

This collection development policy is a statement of the principles and guidelines used by Watson B. Duncan Middle School Media Center in its selection, acquisition, evaluation, and maintenance of media center materials. It will be used for both providing consistency among those responsible for developing the collection and in communicating the Media Center's policies to faculty, staff, students and other members of the school community. It is understood that as the programs and information needs of the school change, so too, the collection development policy will change to meet those needs.

Background Statement & School Community

Located in Palm Beach Gardens, Florida, the student population at Watson B. Duncan Middle School ranges from grades sixth through eighth. The school presently has a population of 1,165 students. We are an AVID school with several choice academies which include Finance, Literary and Fine Arts, Vocal, Instrumental, and Visual. Our community of users also includes faculty, staff and parents.

Watson B. Duncan's diverse student population represents different cultural, ethnic and economic backgrounds. The racial breakdown is approximately 49% White, 22% Hispanic, 19% Black, 5% Asian and 5% Mixed. 50% of the students are on free/reduced lunch. Students with disabilities represent 20% of our school population and several students are learning English as a second language.

Responsibility for Collection Management & Development

The library media specialist is responsible for the collection management and its development, however, decisions are not made without the input of administrators, teachers and students. Throughout the year, teachers are asked to give input on titles or topics they are covering, and administrators are also consulted before purchasing. During the year, the media specialist gathers with various classes to get students' ideas of books/authors/topics that interest them.

A joy of learning is fostered in each student and a positive vision for their future is nurtured. Each student's cultural heritage is valued, and their physical, emotional, academic, and social needs are met. ...WE SEE YOU.

Library Media Center Mission Statement

The Library Media Center is dedicated to designing and maintaining a library media program that supports, complements, and expands the instructional program of the school and Palm Beach County. The library media staff will:

- Provide quality and reliable resources that meet the varying needs of students, faculty, and community members;
- Provide the knowledge, skills, and ethics required to be effective users of information;
- Provide a learning environment that promotes inquiry, curiosity and critical thinking;
- Nurture a love of reading and encourage students to become active, self-motivated learners.

Library Program

Watson B. Duncan Middle School's library media center staff consists of one full-time certified media specialist and one full-time media clerk position.

Except for the occasional need to use the media center for special events, the library is open each day that students are in attendance to ensure equitable access for all students to library media resources. Recent research shows improvement in student learning gains when the library media center is available to the student at the point of need. Students are able to access the library from 9:00 – 4:00 each day.

Teachers are encouraged to bring classes to the media center. The library media specialist collaborates with teachers, coteaches, and provides resources as needed.

Responsibilities of the library/media center

- To provide a comprehensive collection of instructional materials that will enrich and support the standards taking into consideration the varied interests, abilities and maturity levels of the students served.
- To provide up to date materials that will stimulate growth in factual knowledge, literary appreciation, aesthetic values and ethical standards.
- To provide a background of information that will allow students to make intelligent choices and judgments in their daily lives.
- To provide materials on opposing sides of controversial issues so that young citizens may develop, under guidance, the practice of critical analysis of all media.
- To provide materials representative of the many religious, ethnic and cultural groups in our society.
- To provide materials that will allow teachers to grow and develop professionally so they are knowledgeable of the best methods and practices that may best help their students learn.
- To place principle above personal opinion and reason above prejudice in the selection of materials of the highest quality in order to build a comprehensive collection appropriate for the users of the library/media center.

Goals and Objectives for 2023-2024

Goal 1: Increase participation in library programs and competitions.

- The past 2 years, we held a Book Club **before** school, and participation was low because of competition with other morning clubs. It was also difficult for many students to get to school early. In SY24, Book Club will be held during lunch, giving students an opportunity to participate while already on campus. Separate clubs will be held for each grade level during the three lunch periods.
- Book Club members will participate in different activities on a rotational basis each month to accomplish the goal.
 1. Week 1 - Activities related to Battle of the Books
 2. Week 2 - Promote literacy by reading to students at Timber Trace
 3. Week 3 - Activities related to Jim Harbin Media Festival
 4. Week 4 - Makerspace

Goal 2: Increase the use of district electronic databases, particularly in the area of Social Studies.

- Attend PLCs to inform faculty about the electronic sources available.
- Collaborate and present lessons with teachers to support student research.
- Demonstrate and practice using resources available through the student portal.

Goal 3: Increase the number of eBooks checked out and read by both students and staff by 10%.

- Conduct lessons with ELA and Reading teachers demonstrating how to access, check out, and read books online through sites like MackinVia.
- Inform our school community about additional online resources available through the public library such as CloudLibrary.

Ongoing Goals

- Decrease the average age of the nonfiction collection by weeding/replacing outdated materials.
- Hold annual book fairs to bring family events to school.
- Participate with BAM (Books and Music) and host author visits.

Budget and Funding

Watson B. Duncan Middle School's Library Media Center is given a school based operating budget each year. Scope of the Collection

The collection of Watson B. Duncan Middle School is geared toward meeting the curricular needs of all students. Materials are organized according to the Dewey Decimal Classification System as per section 5 of School Board policy 8.12:

Management of Library Media Materials.-- Following practice and precedent, the school library media centers in Palm Beach County will arrange media and materials according to the Dewey Decimal Classification System.

The major collection areas in the library include: Fiction, Nonfiction (the Hundreds divisions), Biographies, Reference, Professional, and Audio/Visuals. Many of the Fiction books have identifying spine labels to assist users in easily identifying genres. Separate areas for Historical Fiction, Mystery, Horror, Fantasy, Sports and Adventure have been created to help students locate books easily. There is also a Young Adult section for 8th grade students.

The collection has both hardcover and paperback books, as well as DVDs. The library collection also has eBooks that students may access both on campus and at home, seven days a week. Students have the ability to access databases and conduct online research using their own Chromebooks or the media center's computers. In addition there are multiple copies of novel sets for teachers to use with class lessons.

Materials in the collection are meant to support both curriculum and pleasure reading as per School Board Policy 8.12 section 2d:

(A comprehensive collection should).....Meet the personal needs and interests of students, including materials that: nurture the development of recreational reading/listening/ viewing, cultural appreciation, and aesthetic values; represent the many religious, racial, ethnic, linguistic, and cultural groups in our society and reflect their contributions to the heritage and culture of our civilization; foster respect for the diverse roles available to women and men in today's society; and provide access to materials in heritage language as stipulated by the META agreement.

Collection Development

The primary goal of the Media Center's collection development efforts is to build a collection that supports the needs of the Watson B. Duncan school community. Materials in the library are available to every student in the school, as well as staff members and parents. Acquisition and maintenance of materials is the primary function of the media staff to ensure that students have the required materials at the time of need and to enrich their educational experience. Special consideration is taken to ensure the size, variety, and age of the collection meet the needs of our learners.

Selection and Evaluation Criteria

When selecting materials, the primary objective is to implement, enrich and support the School Improvement Plan. The library/media center makes available a wide range of materials on varying levels of difficulty with a diversity of appeal compatible with the varying interests, needs and viewpoints of learners and teachers.

Watson B. Duncan Media Center materials are carefully evaluated and vetted prior to purchase, and books have at least 2 positive reviews from reputable sources such as School Library Journal, Kirkus Reviews, and Horn Book Magazine. The materials are evaluated according to their aesthetic, literary and social value, appropriateness to student age and emotional maturity and relevance to the curriculum.

Furthermore, our materials reflect many cultures and ethnic groups. Materials that contain political theories and ideologies, religion, public issues and controversial topics have a balanced representation with various opinions.

Media center materials are judged as a whole, considering the author's/producer's intent rather than focusing solely upon individual pages, phrases, pictures or incidents taken out of context.

Other factors that are considered in the final decision to purchase new materials include their educational significance; need and value to the collection as a whole; and their relationship to the interests of students and curriculum course of study.

The media specialist has the responsibility of coordinating the collection development program. The media specialist uses input from teachers, especially the Language Arts and Reading teams to ensure that the collection meets the needs of the school. The media specialist attends meetings, conferences and professional development to obtain information on new equipment, materials and latest practices related to the state standards and student achievement.

The staff is encouraged to participate in the selection process by emailing or providing written requests at any time for specific items they would like to have in the media center.

District-Wide Procedures for Selecting and Developing Library Collections

- II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.
- III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.
- IV. Libraries should cooperate with all persons and groups concerned with resisting the abridgment of free expression and free access to ideas.
- V. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.
- VI. Libraries that make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

INTELLECTUAL FREEDOM

AMERICAN LIBRARY ASSOCIATION THE FREEDOM TO READ STATEMENT

The freedom to read is guaranteed by the Constitution. Those with faith in free people will stand firm on these constitutional guarantees of essential rights and will exercise the responsibilities that accompany these rights.

We therefore affirm these propositions:

1. *It is in the public interest for publishers and librarians to make available the widest diversity of views and expressions, including those that are unorthodox, unpopular, or considered dangerous by the majority.*
2. *Publishers, librarians, and booksellers do not need to endorse every idea or presentation they make available. It would conflict with the public interest for them to establish their own political, moral, or aesthetic views as a standard for determining what should be published or circulated.*
3. *It is contrary to the public interest for publishers or librarians to bar access to writings on the basis of the personal history or political affiliations of the author.*
4. *There is no place in our society for efforts to coerce the taste of others, to confine adults to the reading matter deemed suitable for adolescents, or to inhibit the efforts of writers to achieve artistic expression.*
5. *It is not in the public interest to force a reader to accept the prejudgment of a label characterizing any expression or its author as subversive or dangerous.*
6. *It is the responsibility of publishers and librarians, as guardians of the people's freedom to read, to contest encroachments upon that freedom by individuals or groups seeking to impose their own standards or tastes upon the community at large; and by the government whenever it seeks to reduce or deny public access to public information.*
7. *It is the responsibility of publishers and librarians to give full meaning to the freedom to read by providing books that enrich the quality and diversity of thought and expression. By the exercise of this affirmative responsibility, they can demonstrate that the answer to a "bad" book is a good one, the answer to a "bad" idea is a good one.*

This statement was originally issued in May of 1953 by the Westchester Conference of the American Library Association and the American Book Publishers Council, which in 1970 consolidated with the American Educational Publishers Institute to become the Association of American Publishers.

Adopted June 25, 1953; revised January 28, 1972, January 16, 1991, July 12, 2000, June 30, 2004, by the ALA Council and the AAP Freedom to Read Committee.

First Amendment of the Bill of Rights to the United States Constitution CONGRESS SHALL MAKE NO LAW RESPECTING AN ESTABLISHMENT OF RELIGION, OR PROHIBITING THE FREE EXERCISE THEREOF; OR ABRIDGING THE FREEDOM OF SPEECH, OR OF THE PRESS; OR THE RIGHT OF THE PEOPLE PEACEABLY TO ASSEMBLE, AND TO PETITION THE GOVERNMENT FOR A REDRESS OF GRIEVANCES.

The Bill of Rights to the U.S. Constitution was ratified on December 15, 1791

1. **Adequate Library Media Materials.**-- Library media materials for the school's Library Media Center, including print, non-print, serials [periodicals], electronic resources, computer software, video images, films, and instructional television programs, represent fundamental resources selected for schools to support instruction, promote reading, further the pursuit of knowledge through research and exploration, and provide information literacy experiences of educational significance for class groups, individual students, teachers and administrators. It is the shared responsibility of the State, District, and school, within budgetary constraints, to provide an adequate number and range of library media materials and resources in a variety of formats that are appropriate, timely, and essential to the attainment of specified educational objectives subject to District policy. It is also the responsibility of the State and District and school to provide library media materials that represent the diverse cultures, ethnic groups, languages and religious beliefs of the community and that are free of bias, stereotypes, distortions, and prejudices.
2. **Reading List Materials.**-- Reading list materials are recommended or assigned materials school- wide or grade level.
3. **Purpose.**-- The Board believes that the selection of library media materials and reading list materials is within its jurisdiction pursuant to relevant statutory and constitutional laws. The library media center, within budgetary constraints, shall contain a comprehensive collection of materials and equipment, in a variety of media formats that are accessible to students during the school day, to:
 - a. Promote the development of lifelong reading habits and information literacy skills in students;
 - b. Provide a broad background of information resources in areas of knowledge;
 - c. Support the general educational goals of the District and the objectives of specific courses, including materials that represent diverse points of view in order that young citizens may develop, under guidance, the practice of critical analysis of media and intellectual integrity in forming judgments;
 - d. Meet the personal needs and interests of students, including materials that: nurture the development of recreational reading/listening/ viewing, cultural appreciation, and aesthetic values; represent the many religious, racial, ethnic, linguistic, and cultural groups in our society and reflect their contributions to the heritage and culture of our civilization; foster respect for the diverse roles available to women and men in today's society; and provide access to materials in heritage language as stipulated by the META agreement.

e. Support the professional needs of teachers and administrators; and

f. Introduce new instructional technologies into the learning environment.

4. **Choice.**-- Library media materials are available to students and staff as optional resources and are usually not mandatory reading as is the case with textbook instructional materials.

Library media that is sensitive or mature may not be appropriate for all readers in a school but remains a part of the collection to address the needs of some of the reading community if it meets the selection criteria of the school. Educators and library media specialists should be sensitive to the reading level, belief system, interest level and maturity level of students when helping make selections for individuals, reading aloud to groups, or when having whole class participation in a reading project. If a parent or adult student states a reasonable objection to library reading material assigned to a class, comparable instruction will be made available for the student through an alternate reading assignment without penalty.

5. **Use of Library Media Materials Allocation.**-- School principals are responsible for ensuring that operating budget and state categorical funds are used to purchase library media materials that reinforce instruction and stimulate leisure reading for the students enrolled at the grade level(s) for which the materials are designed and to effectively communicate to parents the manner in which materials are used to implement the curriculum of the school under Fla. Stat. § 1006.40.

6. **Management of Library Media Materials.**-- Following practice and precedent, the school library media centers in Palm Beach County will arrange media and materials according to the Dewey Decimal Classification System. Library media materials acquired with funds from the General Appropriation Act of the State of Florida are to be cataloged and inventoried as part of the library media collection. Library media materials may be inventoried in one to three year cycles.

7. **Selection.**-- HB 1467 (2022), amending Fla. Stat. § 1006.28 provides selection requirements.

a. Initial Review Process

i. "Each book made available to students through a school district library media center or included in a recommended or assigned school or grade-level reading list must be selected by a school district employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated, or otherwise made available to students."

ii. For resources needing additional review by District Library Media Services, school-based certified library media specialists or principal designee will use PBSD 2671, attached hereto and incorporated as part of this policy, to solicit additional input.

b. The School Board is herein adopting "procedures for developing library media center collections" and shall "post the procedures" on each school's website within the District.

c. Each elementary school ^[1] must "publish on its website, in a searchable format prescribed by the [Florida Department of Education], a list of all materials maintained in the school library media center (as defined by SBER 6A-7.0713, including classroom libraries) or required as part of a school or grade-level reading list."

d. Per HB 1467 (2022), § 1006.28 (2) (d), these procedures for developing library media center collections must:

i. "Require that **book selections** meet the criteria in s. 1006.40(3) (d)." ^[2] _____

ii. Require consultation of reputable, professionally recognized reviewing periodicals ^[3] _____, if available after a documented diligent search, and school community stakeholders. ^[4] _____

iii. "Provide for library media center collections based on reader interest, support of state academic standards and aligned curriculum, and the academic needs of students and faculty."

iv. "Provide for the regular removal or discontinuance of books based on, at a minimum, physical condition, rate of recent circulation, alignment to state academic standards and relevancy to curriculum, out-of-date content, and required removal pursuant to subparagraph (a) 2." ^[5] _____

In addition to regular review, removal, or discontinuance by a school library media specialist, the Superintendent or designee, even without an Objection or challenge, has the authority to remove library media materials or materials on reading lists based on statutory considerations. The basis for the removal shall be documented. Removal procedures regarding an Objection are based on Statute and/or School Board Policy 8.1205 Objection Procedures for Instructional Materials.

District Library Media Services will offer annual training on this process.

- d. Moreover, consistent with Fla. Stat. § 1006.28 (2) (a) 2, library media materials must be suited to student needs and their ability to comprehend the material presented.
- e. In conjunction with the selection criteria above, employees holding a valid educational media specialist certificate (with the required training once it is available as stated in Paragraph 10 below) at each school location or if a qualified person is not employed at the school, by another District employee with these qualifications, shall evaluate and select print and non-print materials for the library media center using several of the criteria outlined below, as appropriate for the media type. **Any library media material containing pornography or otherwise prohibited by Fla Stat. § 847.012 as harmful to minors may not be used or made available within any public school.**

Policy 8.1205 - Objection Procedures for Instructional Materials, Library Media Materials, and Supplemental Classroom Materials, including Reading Lists

This Policy does not apply to the 30-day post-adoption challenges to specific instructional materials by parents or County residents in compliance with Fla. Stat. § 1006.28(1) (a) (3). The procedures to follow for those challenges are outlined in School Board Policy 8.122, subparagraph (3)(g).

In addition, the Superintendent or designee, even without an objection or challenge, has the authority to remove instructional materials, library media materials, supplemental classroom materials on reading list based on statutory considerations. The basis for the removal shall be documented.

This Policy implements Fla. Stat. § 1006.28 (2)(a)2 relating to: objections by parents or this County's residents to: a) instructional materials more than 30 days after adoption of instructional materials and b): library media materials, including reading lists, and non-adopted classroom materials. The procedures to follow for those challenges are outlined below; however, a parent or a resident of this County has the option to speak and proffer evidence at the Board hearing on adopting instructional materials and the Board adoption meeting without having followed the procedures below.

1. Grievance Procedures Concerning Core Instructional Materials, Library Media Materials, Reading Lists, and Supplemental Classroom Instructional Materials

- a. The Superintendent or his/her designee is authorized to administer the following procedures in accordance with federal and state law.
- b. Any resident of Palm Beach County, or emancipated student or parent of a child attending public school in Palm Beach County may file an objection with a school or the Board Clerk concerning the use of or content in instructional materials, library media materials, and supplemental classroom materials, including reading lists.
- c. The parent or resident will be provided the opportunity to proffer evidence on the grounds stated within Fla. Stat. § 1006.28(2)(a)(2), relating to instructional materials, library media materials, and supplemental classroom materials, including reading lists.
- d. Challenged materials may be removed from use in the school where the objection was initiated after the procedures of this Policy have been completed or if it is agreed by the District at any of these stages. Per Fla. Stat. § 1006.28(2)(a)(2), if the School Board "finds that an instructional material does not meet the criteria

under sub-subparagraph a. or that any other material contains prohibited content under sub- subparagraph b., the school district shall discontinue use of the material for any grade level or age group for which such use is inappropriate or unsuitable.”

- e. Objections filed by a parent or emancipated student shall be heard in the school in which that student is registered. If the parent has children at different schools in Palm Beach County, then the objection must specify which school(s) the objection pertains to and it will be heard in that/those school(s). If the objecting party is not the parent of a child in the School District, the objection will be assigned to the appropriate school within the boundary corresponding to the residence of the objecting party for review if the material is located at that school or to the school in close proximity where the material is located.

2. School Level: Informal Complaint

- a. Any complaint arising out of the use of a material in a school shall be registered in writing with the principal of the school. Within five school days of the receipt of the complaint, the principal and/or his/her designee and the appropriate staff member(s) shall meet with the complainant to explain:

- d. A challenge to the same material(s) by multiple challengers within one school can be consolidated into one challenge for consideration by the School Materials Review Committee, Principal, Superintendent, District Material Review Committee, and School Board (the reviewing persons and entities) as set forth in the below proceedings.
- e. A challenge to multiple materials will require additional preparation time for the reviewing persons and entities set forth below. - f. For materials used *in that school*, the form and the material in question shall be studied by a School Materials Review Committee appointed on an ad hoc basis by the school Principal.
