## **Purpose of Collection Development Policy**

The Collection Development Policy is designed to support the library's mission statement and serves as a guide for the selection, acquisition, maintenance, and retention of materials by establishing roles, responsibilities, and a process for addressing library user concerns.

As our student population changes, the Media Center at West Boca Raton High School reassesses and adapts its collection to reflect new and differing areas of interest and concern. The collection development policy is annually evaluated and revised as necessary to provide guidance for implementing changes in the collection.

## **Background Statement & School Community**

The users of West Boca Raton High School's Media Center come from grades 9 through 12 in addition to the faculty, staff, and parents of our community of users.

According to the FY'23 Gold Report, West Boca Raton High School has a culturally and ethnically diverse student population, which includes 7% black, 39% Hispanic, 4% Asian, and 47% white students. In addition, the West Boca Raton High School Media Center supports the unique curricular needs of the ESE, ESOL (5%), AICE, and AP track students. 45% of the students qualify for Free and Reduced lunch

Furthermore, West Boca hosts a variety of academies such as performing arts, medical, cyber security, culinary, aviation and technology, and drafting and design.

## **Mission Statement**

West Boca Raton Community High School will provide all students with an outstanding education in a safe learning environment, including the academic rigor needed to compete in a global economy. The support and active participation of our faculty, staff, parents, students and community will promote West Boca Raton graduates to become responsible life-long learners making a positive impact on their community and world.

## **Media Center Mission Statement**

The Library Media Center is dedicated to designing and maintaining a library media program that supports, complements, and expands the instructional programs of the school. The library media staff will provide and promote extensive use of resources in multiple formats that are designed to meet the varying needs of all learners in all aspects of the curriculum; provide a learning environment which promotes inquiry; stimulate intellectual curiosity; encourage reading for pleasure, develop diverse interests for the enjoyment of life-long learning, and provide and promote instruction to prepare students to become independent users of libraries and information resources.

The successful, self-aware learner should be able to identify, plan, and use resources; find and evaluate information; organize and maintain information; interpret and communicate information; use computers and technology to process information; use technology to present information; and work with a variety of technologies.

## **Responsibility for Collection Management & Development**

I, Kristine Cannon, a certified media specialist am ultimately responsible for collection management and development. All books that are purchased are first put on a website to allow district stakeholders to comment or object. In addition, I am always delighted to take recommendations from administration, faculty, and students. Many faculty members will provide recommendations based on their curriculum. For example, English teachers will let me know what novels they are assigning so I can make sure to have additional copies for checkout. I also have a suggestion box on my desk for students to provide recommendations, and when I am updating a section I send out surveys via Google Classrooms to find out what books students would like me to add. This year I followed this procedure for our biography section.

## **Library Program**

Foremost among national standards for school library media center programs is the need to work collaboratively with teachers to develop meaningful information literacy lesson plans that integrate into classroom learning. At West Boca Raton Community High School, the library media specialist uses Blender as a mechanism to review the standards being taught at a grade-level in any given week and works with the classroom teachers to develop compatible lessons that support classroom learning.

The library is open throughout each day (7:00am - 2:45pm) that students are in attendance to ensure equitable access for all students to library media resources. In addition, West Boca High's media specialist sponsors several clubs including Battle of the Books, the Literary League, and the Library Advisory Council. The library can also be booked by other clubs for use during lunch. Furthermore, the media center offers reading incentive programs such as Bulls Book Bingo, which runs for the duration of the year. When possible, special events such as Tech Week, Hour of Code, Shakefest, author visits and more are conducted throughout the year in collaboration with teachers or clubs.

The school administration and faculty are aware that recent research documents improvement in student learning gains when the library media center is available to the student at the point of need. At West Boca Raton High School the library media center has an open schedule. Students are allowed to use the library before and during school hours. They may come with a pass or with a class during the school day.

The Department of Instructional Materials and Library Media Services oversees lesson plans that are uploaded to Blender and/or CPalms on the district's main web page. These lesson plans are designed to be collaborative lessons with emphasis on supporting the Information and Media Literacy Sunshine State Standards embedded in Language Arts.

## **Goals and Objectives**

### **Goal 1: Increase collaborations between teachers and departments**

- research and send specific suggestions for collaborations to specific teachers/departments (e.g. circuitry stations for physics or Shakefest for English teachers)
- utilize the tools we have in the media center such as Breakoutedu, Goosechase, and the new poster maker to send specific activity ideas to teachers

### **Goal 2: Increase circulation of the nonfiction section**

- add color-coded signs and shelving to increase visibility
- continue to add high interest titles based on student interest surveys

### **Goal 3: Increase circulation of the fiction section and ebooks**

- increase advertising of the collection through Google Classrooms, social media, Library Advisory Council, teachers' classrooms and more
- purchase multiple copies of the most popular books instead of individual copies of more titles

## Budget and Funding

Funding for the media center comes from three different sources. There is a school-based operating budget, state media allocation, and an internal funding source. The school-based operating budget is given at the beginning of every school year and West Boca High's administration uses a formula to disperse the appropriated funds. The state media allocation is also provided towards the beginning of the year by the district and is based on a per student calculation. The budget for both of these funds for the 2023-2024 school year is expected to be similar to the 2022-2023 school year.

The final account is an internal funding source which comes from a café fundraiser and obligations for lost/damaged books. This amount varies from year to year depending on the success of the fundraiser. These funds are used primarily to support school-wide or departmental activities, technology purchases, supplies, furniture, and the needs of the clubs that run through the media center (i.e. purchasing extra books for Literary League or snacks for meetings).

### Scope of the Collection

West Boca Raton High School's library collection supports the school's curriculum and students' pleasure reading as per School Board Policy 8.12 (Section 2d), which follows the guidelines of the School District of Palm Beach County, which in turn are governed by the Department of Education of the State of Florida.

According to best practices for school libraries in the United States and per district policy, our print and non-print nonfiction collection at West Boca Raton High School is arranged by the Dewey Decimal Classification System. In addition, our fiction collection is genrified into six classifications: realistic fiction, mystery/horror, romance, adventure, sci-fi/fantasy, and sports and then arranged alphabetically by author's last name, also per the Dewey Decimal Classification System. We have labeled the Reading Counts books with an orange or yellow label.

The library media collection includes all the resources available in the school library media center along with all those that students, faculty, and administrators can access through district-wide subscriptions to electronic information databases and interlibrary loans. Moreover, all students and faculty have access to over 550 ebooks through MackinVIA, which is available as a tile in their portal or by downloading the app. Students can access ebooks and databases 24/7 throughout the school year and summer.

The average age of our collection is 2009 (fiction is 2010 and nonfiction is 2008), and we currently have 9,313 physical books and 556 ebooks. This year I've weeded 788 books, predominantly in the biography section. In contrast, by the end of the year we will have added approximately 505 print books and 10 ebooks.

Finally, the media center houses a variety of technology. We have 31 computers in the media center. In addition, we have three digital cameras, 3 Dell laptops, 12 iPads (various models), one iMac, and three Chromebooks which are all available for staff to check out. The makerspace has 2 Spheros, 2 Ozobots, 3 littleBits kits, 2 Makey Makeys, 2 Squishy Circuits kits, 1 3D printer, 2 3Doodlers, and 2 Dash robots. The media center also houses extra Chromebooks and HP Pro Laptops and is responsible for checking those out to students. Furthermore, the media center has single color and multi-color poster makers and a laminator to assist staff with their digital media needs.

## **Collection Development**

Collection development is the process of building a library collection encompassing high-interest quality print, non-print, and technology resources for the library's patrons. The goal of the collection is to ensure that patrons' personal and academic needs are met through a variety of up-to-date resources. The certified media specialist is responsible for collection development, though they have help via input from administration, teachers, students, parents, and stakeholders.

## **Selection and Evaluation Criteria**

All materials are selected on the basis of merit and age appropriateness, and often specifically correspond to curriculum or club requirements at West Boca High School. Each book selected for purchase is checked for academic reviews, unless specifically required for an upper level class such as AICE or AP. Sources such as *School Library Journal*, *Voice of Youth Advocates*, *Horn Book Guide* and more are consulted as well as lists of award winners from The American Library Association. After a list is gathered it is placed on a website for two weeks to allow stakeholders a say in the process of adding materials to the library.

## **District-Wide Procedures for Selecting and Developing Library Collections**

### **Who Makes the Selection**

1. Each book made available to students through this School District's library media centers must be selected by a school district employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated, or otherwise made available to students.
2. In HereFurther, employees holding a valid educational media specialist certificate must also have completed the required Florida Department of Education training once it is available and by law must be developed by January 1, 2023.
3. In addition, the person selecting the books is employed at that school location or if a qualified person is not employed at the school, by another District employee with these qualifications.
4. For resources needing additional review by District Library Media Services, school-based certified library media specialists or principal designee will use PBSB 2671 to solicit additional input.
5. Consultation with stakeholders is required which is accomplished by the following:
  - a. Any community stakeholders may provide consultation on selections via the list of LMS Selections for the current school year at Active Book Orders.
  - b. On the date of the requested purchase or acceptance of library media center materials, the District will provide an email or text notice to current members of the Board's Academic Advisory Committee (Policy 1.097) that there are new materials under consideration, the link to find the list of materials, and the

- deadline(s) for submitting questions or comments.
- c. Stakeholders with questions or concerns are directed to the following email address: [librarymediaservices@palmbeachschools.org](mailto:librarymediaservices@palmbeachschools.org), for sending their feedback to be reviewed by the District Library Media Services for consideration.
  - d. Selections may be purchased or accepted 72 hours after posting for book fair materials and two weeks after posting for all other purchases or donations.

### **Criteria for Selection**

#### **1. All book selections must meet these criteria:**

- a. Free of pornography and material prohibited under Florida Statute 847.012 [harmful to minors].
  - b. Suited to student needs and their ability to comprehend the material presented.
  - c. The content is to be appropriate for the grade level and age group for which the materials are used or made available. The District shall rely on any State Board of Education Rules, if they exist, to determine what is age appropriate.
2. In developing library media center collections consultation of reputable, professionally recognized reviewing periodicals is required, if available, after a documented diligent search.
3. These periodicals are print or non-print media including video footage that have been favorably reviewed by two or more professional sources, if available, after a documented diligent search, such as a School Library Journal, Horn Book, Booklist, Association for Library Service to Children, Kirkus, Young Adult Library Services Association, and/or Children's Catalog.
4. Library media center collections will be based on reader interest, support of state academic standards and aligned curriculum, and the academic needs of students and faculty.
5. Subject to the required statutory criteria stated above, additional selection criteria apply:
- a. A choice of materials that support the instructional program and promote reading shall be available to students and professional staff to allow for varying achievement levels, interests, and teaching/learning styles. ### LIBRARY BILL OF RIGHTS

The American Library Association affirms that all libraries are forums for information and ideas and that the following basic policies should guide their services.

- I. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.
- II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.
- III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.
- IV. Libraries should cooperate with all persons and groups concerned with resisting the abridgment of free expression and free access to ideas.
- V. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.
- VI. Libraries that make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

### INTELLECTUAL FREEDOM

#### AMERICAN LIBRARY ASSOCIATION THE FREEDOM TO READ STATEMENT

The freedom to read is guaranteed by the Constitution. Those with faith in free people will stand firm on these constitutional guarantees of essential rights and will exercise the responsibilities that accompany these rights.

We therefore affirm these propositions:

1. *It is in the public interest for publishers and librarians to make available the widest diversity of views and expressions, including those that are unorthodox, unpopular, or considered dangerous by the majority.*
2. *Publishers, librarians, and booksellers do not need to endorse every idea or presentation they make available. It would conflict with the public interest for them to establish their own political, moral, or aesthetic views as a standard for determining what should be published or circulated.*
3. *It is contrary to the public interest for publishers or librarians to bar access to writings on the basis of the personal history or political affiliations of the author.*
4. *There is no place in our society for efforts to coerce the taste of others, to confine adults to the reading matter deemed suitable for adolescents, or to inhibit the efforts of writers to achieve artistic expression.*
5. *It is not in the public interest to force a reader to accept the prejudgment of a label characterizing any expression or its author as subversive or dangerous.*
6. *It is the responsibility of publishers and librarians, as guardians of the people's freedom to read, to contest encroachments upon that freedom by individuals or groups seeking to impose their own standards or tastes upon the community at large; and by the government whenever it seeks to reduce or deny public access to public information.*
7. *It is the responsibility of publishers and librarians to give full meaning to the freedom to read by providing books that enrich the quality and diversity of thought and expression. By the exercise of this affirmative responsibility, they can demonstrate that the answer to a "bad" book is a good one, the answer to a "bad" idea is a good one.*

This statement was originally issued in May of 1953 by the Westchester Conference of the American Library Association and the American Book Publishers Council, which in 1970 consolidated with the American Educational Publishers Institute to become the Association of American Publishers.

Adopted June 25, 1953; revised January 28, 1972, January 16, 1991, July 12, 2000, June 30, 2004, by the ALA Council and the AAP Freedom to Read Committee.

First Amendment of the Bill of Rights to the United States Constitution CONGRESS SHALL MAKE NO LAW RESPECTING AN ESTABLISHMENT OF RELIGION, OR PROHIBITING THE FREE EXERCISE THEREOF; OR ABRIDGING THE FREEDOM OF SPEECH, OR OF THE PRESS; OR THE RIGHT OF THE PEOPLE PEACEABLY TO ASSEMBLE, AND TO PETITION THE GOVERNMENT FOR A REDRESS OF GRIEVANCES.

The Bill of Rights to the U.S. Constitution was ratified on December 15, 1791

Endorsed by the Board of Library Trustees: August 24, 2009, October 22, 2012, August 22, 2016

2. **Reading List Materials.**-- Reading list materials are recommended or assigned materials school- wide or grade level.
3. **Purpose.**-- The Board believes that the selection of library media materials and reading list materials is within its jurisdiction pursuant to relevant statutory and constitutional laws. The library media center, within budgetary constraints, shall contain a comprehensive collection of materials and equipment, in a variety of media formats that are accessible to students during the school day, to:
  - a. Promote the development of lifelong reading habits and information literacy skills in students;
  - b. Provide a broad background of information resources in areas of knowledge;
  - c. Support the general educational goals of the District and the objectives of specific courses, including materials that represent diverse points of view in order that young citizens may develop, under guidance, the practice of critical analysis of media and intellectual integrity in forming judgments;
  - d. Meet the personal needs and interests of students, including materials that: nurture the development of recreational reading/listening/ viewing, cultural appreciation, and aesthetic values; represent the many religious, racial, ethnic, linguistic, and cultural groups in our society and reflect their contributions to the heritage and culture of our civilization; foster respect for the diverse roles available to women and men in today's society; and provide access to materials in heritage language as stipulated by the META agreement.

e. Support the professional needs of teachers and administrators; and

f. Introduce new instructional technologies into the learning environment.

4. **Choice.**-- Library media materials are available to students and staff as optional resources and are usually not mandatory reading as is the case with textbook instructional materials.

Library media that is sensitive or mature may not be appropriate for all readers in a school but remains a part of the collection to address the needs of some of the reading community if it meets the selection criteria of the school. Educators and library media specialists should be sensitive to the reading level, belief system, interest level and maturity level of students when helping make selections for individuals, reading aloud to groups, or when having whole class participation in a reading project. If a parent or adult student states a reasonable objection to library reading material assigned to a class, comparable instruction will be made available for the student through an alternate reading assignment without penalty.

5. **Use of Library Media Materials Allocation.**-- School principals are responsible for ensuring that operating budget and state categorical funds are used to purchase library media materials that reinforce instruction and stimulate leisure reading for the students enrolled at the grade level(s) for which the materials are designed and to effectively communicate to parents the manner in which materials are used to implement the curriculum of the school under Fla. Stat. § 1006.40.

6. **Management of Library Media Materials.**-- Following practice and precedent, the school library media centers in Palm Beach County will arrange media and materials according to the Dewey Decimal Classification System. Library media materials acquired with funds from the General Appropriation Act of the State of Florida are to be cataloged and inventoried as part of the library media collection. Library media materials may be inventoried in one to three year cycles.

7. **Selection.**-- HB 1467 (2022), amending Fla. Stat. § 1006.28 provides selection requirements.

a. Initial Review Process

- i. "Each book made available to students through a school district library media center or included in a recommended or assigned school or grade-level reading list must be selected by a school district employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated, or otherwise made available to students."
- ii. For resources needing additional review by District Library Media Services, school-based certified library media specialists or principal designee will use PBSD 2671, attached hereto and incorporated as part of this policy, to solicit additional input.

- b. The School Board is herein adopting "procedures for developing library media center collections" and shall "post the procedures" on each school's website within the District.

- c. Each elementary school <sup>[1]</sup> must "publish on its website, in a searchable format prescribed by the [Florida Department of Education], a list of all materials maintained in the school library media center (as defined by SBER 6A-7.0713, including classroom libraries) or required as part of a school or grade-level reading list."

- d. Per HB 1467 (2022), § 1006.28 (2) (d), these procedures for developing library media center collections must:

- i. "Require that **book selections** meet the criteria in s. 1006.40(3) (d)."<sup>[2]</sup> \_\_\_
- ii. Require consultation of reputable, professionally recognized reviewing periodicals<sup>[3]</sup> \_\_\_, if available after a documented diligent search, and school community stakeholders.<sup>[4]</sup> \_\_\_
- iii. "Provide for library media center collections based on reader interest, support of state academic standards and aligned curriculum, and the academic needs of students and faculty."
- iv. "Provide for the regular removal or discontinuance of books based on, at a minimum, physical condition, rate of recent circulation, alignment to state academic standards and relevancy to curriculum, out-of-date content, and required removal pursuant to subparagraph (a) 2."<sup>[5]</sup> \_\_\_

In addition to regular review, removal, or discontinuance by a school library media specialist, the Superintendent or designee, even without an Objection or challenge, has the authority to remove library media materials or materials on reading lists based on statutory considerations.

The basis for the removal shall be documented. Removal procedures regarding an Objection are based on Statute and/or School Board Policy 8.1205 Objection Procedures for Instructional Materials.

- e. The District may restrict access to school library media and reading list materials from students in grade Kindergarten through Grade Three if such materials instruct on sexual orientation or gender identity because HB 1557 (2022) prohibits such instruction.

Annually, the District requires using the selection criteria and the removal criteria referenced in this Policy to have library media specialists evaluate their collection in order to write a School Collection Development Plan to enhance their individual library programs that align to the District required components<sup>[6]</sup>. They will share that plan with both their principal and District Library Media Services. Once the plan is approved, the school will post the school's plan on the school website. District Library Media Services will offer annual training on this process.
- b. The "Library Bill of Rights" referenced herein is to be used as a suggested guideline. To the extent that there are inconsistencies between the guidelines in the "Library Bill of Rights" and State Statute, or District policy, State Statute and District policy shall take precedence and shall govern the selection, retention and disposition criteria of library media materials for library media centers and classrooms.
- c. Selection of materials shall also be consistent with the provisions in the School Board's collective bargaining agreement with CTA relating to academic freedom and responsibilities--Article II, Section K--to the extent those provisions are applicable.
- d. Moreover, consistent with Fla. Stat. § 1006.28 (2) (a) 2, library media materials must be suited to student needs and their ability to comprehend the material presented.
- e. In conjunction with the selection criteria above, employees holding a valid educational media specialist certificate (with the required training once it is available as stated in Paragraph 10 below) at each school location or if a qualified person is not employed at the school, by another District employee with these qualifications, shall evaluate and select print and non-print materials for the library media center using several of the criteria outlined below, as appropriate for the media type. **Any library media material containing pornography or otherwise prohibited by Fla Stat. § 847.012 as harmful to minors may not be used or made available within any public school.**

### **Policy 8.1205 - Objection Procedures for Instructional Materials, Library Media Materials, and Supplemental Classroom Materials, including Reading Lists**

This Policy does not apply to the 30-day post-adoption challenges to specific instructional materials by parents or County residents in compliance with Fla. Stat. § 1006.28(1) (a) (3). The procedures to follow for those challenges are outlined in School Board Policy 8.122, subparagraph (3)(g).

In addition, the Superintendent or designee, even without an objection or challenge, has the authority to remove instructional materials, library media materials, supplemental classroom materials on reading list based on statutory considerations. The basis for the removal shall be documented.

This Policy implements Fla. Stat. § 1006.28 (2)(a)2 relating to: objections by parents or this County's residents to: a) instructional materials more than 30 days after adoption of instructional materials and b): library media materials, including reading lists, and non-adopted classroom materials. The procedures to follow for those challenges are outlined below; however, a parent or a resident of this County has the option to speak and proffer evidence at the Board hearing on adopting instructional materials and the Board adoption meeting without having followed the procedures below.

#### **1. Grievance Procedures Concerning Core Instructional Materials, Library Media Materials, Reading Lists, and Supplemental Classroom Instructional Materials**

- a. The Superintendent or his/her designee is authorized to administer the following procedures in accordance with federal and state law.
- b. Any resident of Palm Beach County, or emancipated student or parent of a child attending public school in Palm Beach County may file an objection with a school or the Board Clerk concerning the use of or content in instructional materials, library media materials, and supplemental classroom materials, including reading lists.
- c. The parent or resident will be provided the opportunity to proffer evidence on the grounds stated within Fla. Stat. § 1006.28(2)(a)(2), relating to instructional materials, library media materials, and supplemental classroom materials, including reading lists.
- d. Challenged materials may be removed from use in the school where the objection was initiated after the procedures of this Policy have been completed or if it is agreed by the District at any of these stages. Per Fla. Stat. § 1006.28(2)(a)(2), if the School Board "finds that an instructional material does not meet the criteria under sub-subparagraph a. or that any other material contains prohibited content under sub- subparagraph b., the school district shall discontinue use of the material for any grade level or age group for which such

use is inappropriate or unsuitable.”

- e. Objections filed by a parent or emancipated student shall be heard in the school in which that student is registered. If the parent has children at different schools in Palm Beach County, then the objection must specify which school(s) the objection pertains to and it will be heard in that/those school(s). If the objecting party is not the parent of a child in the School District, the objection will be assigned to the appropriate school within the boundary corresponding to the residence of the objecting party for review if the material is located at that school or to the school in close proximity where the material is located.

## 2. School Level: Informal Complaint

- a. Any complaint arising out of the use of a material in a school shall be registered in writing with the principal of the school. Within five school days of the receipt of the complaint, the principal and/or his/her designee and the appropriate staff member(s) shall meet with the complainant to explain:
  - i. the school's selection procedures for these materials;
  - ii. the criteria used for the selection of these materials;
  - iii. the role that the material in question has in the school's curriculum or library media center or classroom collection; and
  - iv. whatever additional information is deemed needed regarding the item's use.
- b. If the complainant is not satisfied with the explanation and desires to file a formal complaint, the formal procedures below shall be followed.

## 3. School Level: Formal Complaint

- a. As stated in Policy 8.122, objections to instructional materials and Supplemental Classroom Materials, including Reading Lists, shall be filed on form PBSB 2569 (Petition to Object/Objection to Instructional Materials), which is part of this policy and incorporated herein as part of this Policy. The form can be found on the District's forms website at: <https://www2.palmbeachschools.org/formssearch/pdf/2569.pdf>.

- c. The complainant shall sign and sufficiently complete the applicable form in its entirety for each material to be considered, including stating the basis of the objection, retain one copy, and send one copy of the completed form to the principal of the school. *Failure to sufficiently fill out the form along with complainant's signature will result in the rejection of the form and no formal review process under this subsection will be initiated.*
- d. A challenge to the same material(s) by multiple challengers within one school can be consolidated into one challenge for consideration by the School Materials Review Committee, Principal, Superintendent, District Material Review Committee, and School Board (the reviewing persons and entities) as set forth in the below proceedings.
- e. A challenge to multiple materials will require additional preparation time for the reviewing persons and entities set forth below. A challenge of more than five materials will add an additional two (2) days per item to the time deadlines for the school or District actions that are specified within this Policy.
- f. For materials used *in that school*, the form and the material in question shall be studied by a School Materials Review Committee appointed on an ad hoc basis by the school Principal. Representation on the School Materials Review Committee should reflect the diversity of the District and school, and the following provisions apply:
  - i. The committee shall consist of the Principal or his/her designee of the school where the complaint was made; two teachers in the appropriate subject area/grade; one teacher from another subject area/grade; a library media specialist; a guidance counselor; one student from the appropriate grade level or a student who is accomplished in the specific subject area (middle and senior high school only); one layperson from the school's Parent-Teacher Association or the School Advisory Council; a representative designated by the Regional Superintendent, and a representative from the District department representing Instructional Materials and/or Library Media Services.
  - ii. The School Materials Review Committee shall meet within fifteen (15) school work days of receipt by the Principal of the reconsideration form. The complainant shall be notified of the committee's meeting

- iii. The School Materials Review Committee shall solicit, if readily available, professionally written reviews of the material, from sources such as those listed in School Board Policy 8.12(7)(d)(ii).
  - iv. The School Materials Review Committee shall be chaired by the Principal or his/her designee. A recorder of minutes shall be appointed from the membership of the committee to take minutes and to record the recommendation of the committee.

This written communication must inform the complainant of the next level of appeal under this policy and the time deadline if the decision is not the relief sought by the objecting party. Such communication shall be sent by regular U. S. Mail, and certified mail, return receipt requested.

**4. District Level: Formal Appeal.** -- The complainant may appeal the Principal's decision to the Superintendent, subject to the following provisions.

- d. Within twenty (20) school work days of receipt of such request, the Superintendent or his/her designee and appropriate staff shall review the action taken at the school level and issue a decision based on the same criteria set forth in subsection (3)(g) above and with the same alternative results as set forth in subsection (3)(h) above.
