Purpose of Collection Development Policy

The Collection Development Policy is designed to support Pine Jog Elementary School's Library Mission Statement and serves as a guide for the selection, acquisition, maintenance, and retention of materials by establishing roles, responsibilities, and a process for addressing Library user concerns.

As our student population changes, the Media Center at Pine Jog Elementary School, reassesses and adapts its collections to reflect new and differing areas of interest and needs. The Collection Development Policy is annually evaluated and revised as necessary to provide guidance for implementing changes in the collection.

Collection Development

With input from administration, teachers, students, parents, and stakeholders, the media specialist will ensure the media collection has a variety of resources to meet the academic and personal interest needs of its students. Collection development follows guidelines set by the School District of Palm Beach County, which is governed by the Department of Education for the State of Florida.

Selection and Evaluation Criteria

Materials considered for purchase are selected on the basis of the criteria established in SDPBC 8.12 (See Appendix D).

Reputable, unbiased, professional reviewing sources used for selection include Kirkus Review, Titlewave, and School Library Journal.

Materials are selected based upon many factors. Considerations include aesthetics, literary and social value, appropriateness to student age and emotional maturity and relevance to the curriculum.

Selection Criteria

- a. Materials for use in school media centers or classroom library collections shall be carefully selected. A choice of materials that support the instructional program and promote reading shall be available to students and professional staff to allow for varying achievement levels, interests, and teaching/learning styles. Each school shall, in conjunction with the "Library Bill of Rights" (www.ala.org/advocacy/sites/ala.org.advocacy/files/content/intfreedom/librarybill/lbor.pdf) of the American Library Association (ALA) and District policy, establish procedures for the evaluation, selection, management, and disposal of library media materials in conformance with this policy and Policy 8.1205 and shall record such in the school's collection development plan.
- b. The "Library Bill of Rights" referenced herein is to be used as a suggested guideline. To the extent that there are inconsistencies between the guidelines in the "Library Bill of Rights" and District policy, District policy shall take precedence and shall govern the selection, retention and disposition criteria of library media materials for library media centers and classrooms.
- c. Selection of materials shall also be consistent with the provisions in the School Board's collective bargaining agreement with CTA relating to academic freedom and responsibilities--Article II, Section K--to the extent those provisions are applicable.

- e. In conjunction with the selection criteria above, library media specialists, teachers and administrators at each school location shall evaluate and select print and non-print materials for the library media center using several of the criteria outlined below, as appropriate for the media type. Any library media material containing pornography or otherwise prohibited by Fla Stat. § 847.012 as harmful to minors may not be used or made available within any public school.

 - iv. ACCURACY. -- Nonfiction information is correct, recent, and objective.
 - v. LITERARY MERIT. -- Fiction that has a noteworthy plot, setting, characterization, style and theme.
 - vi. SCOPE. -- Content is covered adequately to achieve its intended purpose.

Gifts and Donations

Any books gifted or donated to the school must meet the same selection criteria as all other materials. No materials will be added to the collection if they are out-of-date or age-inappropriate material simply because they were donated. All gifts and donations must follow the same processes as new book orders.

Collection Maintenance

Per Florida Statute governing Instructional Materials, instructional material stored in the Library Media Center must be inventoried annually. To facilitate the circulation and inventory process, Destiny Library Manager software has been made available to all schools. Pine Jog Elementary School typically inventories part of its collection each year on a rotational basis, every 3 years.

Weeding of materials and resources is essential for the maintenance of a healthy reading, research, and reference library media collection. Weeding is a form of quality control of the collection in which outdated, inaccurate, and worn-out materials and equipment are discarded from the electronic catalog and physically removed from the collection.

The Library Media Specialist is responsible for the ongoing maintenance of a quality collection which includes the procurement of new materials and discarding of ineffective items. Teachers, administration, and the school library media advisory committee assist in the re-evaluation and systematic deleting of materials and equipment to ensure that the collection remains responsive to user needs, changing curriculum, and advancing technology.

In coordinating this process, the library media specialist will follow objective criteria for removing materials and equipment from the media center, which include obsolescence, physical age and condition, and general inapplicability for continued inclusion in the existing collection.

Policy 8.12 - Selection of Library Media Center Materials and Reading List Materials

- 1. Adequate Library Media Materials.**-- Library media materials for the school's Library Media Center, including print, non-print, serials [periodicals], electronic resources, computer software, video images, films, and instructional television programs, represent fundamental resources selected for schools to support instruction, promote reading, further the pursuit of knowledge through research and exploration, and provide information literacy experiences of educational significance for class groups, individual students, teachers and administrators. It is the shared responsibility of the State, District, and school, within budgetary constraints, to provide an adequate number and range of library media materials and resources in a variety of formats that are appropriate, timely, and essential to the attainment of specified educational objectives subject to District policy. It is also the responsibility of the State and District and school to provide library media materials that represent the diverse cultures, ethnic groups, languages and religious beliefs of the community and that are free of bias, stereotypes, distortions, and prejudices.
- 2. Reading List Materials.**-- Reading list materials are recommended or assigned materials school- wide or grade level.
- 3. Purpose.**-- The Board believes that the selection of library media materials and reading list materials is within its jurisdiction pursuant to relevant statutory and constitutional laws. The library media center, within budgetary constraints, shall contain a comprehensive collection of materials and equipment, in a variety of media formats that are accessible to students during the school day, to:
 - a. Promote the development of lifelong reading habits and information literacy skills in students;
 - b. Provide a broad background of information resources in areas of knowledge;
 - c. Support the general educational goals of the District and the objectives of specific courses, including materials that represent diverse points of view in order that young citizens may develop, under guidance, the practice of critical analysis of media and intellectual integrity in forming judgments;
 - d. Meet the personal needs and interests of students, including materials that: nurture the development of recreational reading/listening/ viewing, cultural appreciation, and aesthetic values; represent the many religious, racial, ethnic, linguistic, and cultural groups in our society and reflect their contributions to the heritage and culture of our civilization; foster respect for the diverse roles available to women and men in today's society; and provide access to materials in heritage language as stipulated by the META agreement.
 - e. Support the professional needs of teachers and administrators; and
 - f. Introduce new instructional technologies into the learning environment.
- 4. Choice.**-- Library media materials are available to students and staff as optional resources and are usually not

mandatory reading as is the case with textbook instructional materials.

Library media that is sensitive or mature may not be appropriate for all readers in a school but remains a part of the collection to address the needs of some of the reading community if it meets the selection criteria of the school. Educators and library media specialists should be sensitive to the reading level, belief system, interest level and maturity level of students when helping make selections for individuals, reading aloud to groups, or when having whole class participation in a reading project. If a parent or adult student states a reasonable objection to library reading material assigned to a class, comparable instruction will be made available for the student through an alternate reading assignment without penalty.

5. Use of Library Media Materials Allocation.-- School principals are responsible for ensuring that operating budget and state categorical funds are used to purchase library media materials that reinforce instruction and stimulate leisure reading for the students enrolled at the grade level(s) for which the materials are designed and to effectively communicate to parents the manner in which materials are used to implement the curriculum of the school under Fla. Stat. § 1006.40.
6. Management of Library Media Materials.-- Following practice and precedent, the school library media centers in Palm Beach County will arrange media and materials according to the Dewey Decimal Classification System. Library media materials acquired with funds from the General Appropriation Act of the State of Florida are to be cataloged and inventoried as part of the library media collection. Library media materials may be inventoried in one to three year cycles.
7. Selection.-- HB 1467 (2022), amending Fla. Stat. § 1006.28 provides selection requirements.
 - a. Initial Review Process
 - i. "Each book made available to students through a school district library media center or included in a recommended or assigned school or grade-level reading list must be selected by a school district employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated, or otherwise made available to students."
 - ii. For resources needing additional review by District Library Media Services, school-based certified library media specialists or principal designee will use PBSD 2671, attached hereto and incorporated as part of this policy, to solicit additional input.
 - b. The School Board is herein adopting "procedures for developing library media center collections" and shall "post the procedures" on each school's website within the District.
 - c. Each elementary school^[1] must "publish on its website, in a searchable format prescribed by the [Florida Department of Education], a list of all materials maintained in the school library media center (as defined by SBER 6A-70713, including classroom libraries) or required as part of a school or grade-level reading list."
 - d. Per HB 1467 (2022), § 1006.28 (2) (d), these procedures for developing library media center collections must:
 - i. "Require that book selections meet the criteria in s. 1006.40(3) (d)."^[2]
 - ii. Require consultation of reputable, professionally recognized reviewing periodicals^[3], if available after a documented diligent search, and school community stakeholders.^[4]
 - iii. "Provide for library media center collections based on reader interest, support of state academic standards and aligned curriculum, and the academic needs of students and faculty."
 - iv. "Provide for the regular removal or discontinuance of books based on, at a minimum, physical condition, rate of recent circulation, alignment to state academic standards and relevancy to curriculum, out-of-date content, and required removal pursuant to subparagraph (a) 2."^[5]

In addition to regular review, removal, or discontinuance by a school library media specialist, the Superintendent or designee, even without an Objection or challenge, has the authority to remove library media materials or materials on reading lists based on statutory considerations. The basis for the removal shall be documented. Removal procedures regarding an Objection are based on Statute and/or School Board Policy 8.1205 Objection Procedures for Instructional Materials.
 - e. The District may restrict access to school library media and reading list materials from students in grade Kindergarten through Grade Three if such materials instruct on sexual orientation or gender identity because HB 1557 (2022) prohibits such instruction.

8. Additional Selection Criteria

- a. Materials for use in school media centers or classroom library collections shall be carefully selected subject to the requirements stated above in Paragraph 7. A choice of materials that support the instructional program and promote reading shall be available to students and professional staff to allow for varying achievement levels, interests, and teaching/learning styles. Each school shall, in conjunction with the "Library Bill of Rights" (<https://www.ala.org/advocacy/intfreedom/librarybill>) of the American Library Association (ALA), State Statute, and District policy, follow District procedures for the evaluation, selection, management, and disposal of library media materials in conformance with this Policy and Policy 8.1205. Annually, the District requires using the selection criteria and the removal criteria referenced in this Policy to have library media specialists evaluate their collection in order to write a School Collection Development Plan to enhance their individual library programs that align to the District required components^[6]. They will share that plan with both their principal and District Library Media Services. Once the plan is approved, the school will post the school's plan on the school website. District Library Media Services will offer annual training on this process.
- b. The "Library Bill of Rights" referenced herein is to be used as a suggested guideline. To the extent that there are inconsistencies between the guidelines in the "Library Bill of Rights" and State Statute, or District policy, State Statute and District policy shall take precedence and shall govern the selection, retention and disposition criteria of library media materials for library media centers and classrooms.
- c. Selection of materials shall also be consistent with the provisions in the School Board's collective bargaining agreement with CTA relating to academic freedom and responsibilities--Article II, Section K--to the extent those provisions are applicable.
- d. Moreover, consistent with Fla. Stat. § 1006.28 (2) (a) 2, library media materials must be suited to student needs and their ability to comprehend the material presented.
- e. In conjunction with the selection criteria above, employees holding a valid educational media specialist certificate (with the required training once it is available as stated in Paragraph 10 below) at each school location or if a qualified person is not employed at the school, by another District employee with these qualifications, shall evaluate and select print and non-print materials for the library media center using several of the criteria outlined below, as appropriate for the media type. Any library media material containing pornography or otherwise prohibited by Fla Stat. § 847.012 as harmful to minors may not be used or made available within any public school.
- f. Additional criteria used in evaluating and selecting all materials include:
 - i. EDUCATIONAL SIGNIFICANCE. -- Material is valuable to an individual course of study or to the library media collection; the degree to which the material would be supplemented and explained by mature classroom instruction.
 - ii. APPROPRIATENESS. -- Material is geared to the age, maturity, diverse interests, and learning levels of students for whom it is intended. Reading levels and Lexile's are considered to provide a range of material that challenges the student and guides their selection process.
 - iii. ACCURACY. -- Nonfiction information is correct, recent, and objective.
 - iv. LITERARY MERIT. -- Fiction that has a noteworthy plot, setting, characterization, style and theme.
 - v. SCOPE. -- Content is covered adequately to achieve its intended purpose.

Policy 8.1205 - Objection Procedures for Instructional Materials, Library Media Materials, and Supplemental Classroom Materials, including Reading Lists

This Policy does not apply to the 30-day post-adoption challenges to specific instructional materials by parents or County residents in compliance with Fla. Stat. § 1006.28(1) (a) (3). The procedures to follow for those challenges are outlined in School Board Policy 8.122, subparagraph (3)(g).

In addition, the Superintendent or designee, even without an objection or challenge, has the authority to remove instructional materials, library media materials, supplemental classroom materials on reading list based on statutory considerations. The basis for the removal shall be documented.

This Policy implements Fla. Stat. § 1006.28 (2)(a)2 relating to: objections by parents or this County's residents to: a) instructional materials more than 30 days after adoption of instructional materials and b) library media materials, including reading lists, and non-adopted classroom materials. The procedures to follow for those challenges are outlined below; however, a parent or a resident of this County has the option to speak and proffer evidence at the Board hearing on adopting instructional materials and the Board adoption meeting without having followed the procedures below.

1. Grievance Procedures Concerning Core Instructional Materials, Library Media Materials, Reading Lists, and Supplemental Classroom Instructional Materials
 - a. The Superintendent or his/her designee is authorized to administer the following procedures in accordance with federal and state law.
 - b. Any resident of Palm Beach County, or emancipated student or parent of a child attending public school in Palm Beach County may file an objection with a school or the Board Clerk concerning the use of or content in instructional materials, library media materials, and supplemental classroom materials, including reading lists.
 - c. The parent or resident will be provided the opportunity to proffer evidence on the grounds stated within Fla. Stat. § 1006.28(2)(a)(2), relating to instructional materials, library media materials, and supplemental classroom materials, including reading lists.
 - d. Challenged materials may be removed from use in the school where the objection was initiated after the procedures of this Policy have been completed or if it is agreed by the District at any of these stages. Per Fla. Stat. § 1006.28(2)(a)(2), if the School Board "finds that an instructional material does not meet the criteria under sub-subparagraph a. or that any other material contains prohibited content under sub-subparagraph b., the school district shall discontinue use of the material for any grade level or age group for which such use is inappropriate or unsuitable."
 - e. Objections filed by a parent or emancipated student shall be heard in the school in which that student is registered. If the parent has children at different schools in Palm Beach County, then the objection must specify which school(s) the objection pertains to and it will be heard in that/those school(s). If the

objecting party is not the parent of a child in the School District, the objection will be assigned to the appropriate school within the boundary corresponding to the residence of the objecting party for review if the material is located at that school or to the school in close proximity where the material is located.

2. School Level: Informal Complaint

- a. Any complaint arising out of the use of a material in a school shall be registered in writing with the principal of the school. Within five school days of the receipt of the complaint, the principal and/or his/her designee and the appropriate staff member(s) shall meet with the complainant to explain:
 - i. the school's selection procedures for these materials;
 - ii. the criteria used for the selection of these materials;
 - iii. the role that the material in question has in the school's curriculum or library media center or classroom collection; and
 - iv. whatever additional information is deemed needed regarding the item's use.
- b. If the complainant is not satisfied with the explanation and desires to file a formal complaint, the formal procedures below shall be followed.

3. School Level: Formal Complaint

- a. As stated in Policy 8.122, objections to instructional materials and Supplemental Classroom Materials, including Reading Lists, shall be filed on form PBSO 2569 (Petition to Object/Objection to Instructional Materials), which is part of this policy and incorporated herein as part of this Policy. The form can be found on the District's forms website at: <https://www2.palmbeachschools.org/formssearch/pdf/2569.pdf>.
- b. For objections to Library Media Materials, the complainant shall file form PBSO 1113 ("Objection to, Library Media Materials") and this form can be obtained from the Principal or a designee. A copy of the form is also available on the District's forms Web site at <https://www2.palmbeachschools.org/formssearch/pdf/1113.pdf> and is incorporated herein by reference as part of this Policy.
- c. The complainant shall sign and sufficiently complete the applicable form in its entirety for each material to be considered, including stating the basis of the objection, retain one copy, and send one copy of the completed form to the principal of the school. *Failure to sufficiently fill out the form along with complainant's signature will result in the rejection of the form and no formal review process under this subsection will be initiated.*
- d. A challenge to the same material(s) by multiple challengers within one school can be consolidated into one challenge for consideration by the School Materials Review Committee, Principal, Superintendent, District Material Review Committee, and School Board (the reviewing persons and entities) as set forth in the below proceedings.
- e. A challenge to multiple materials will require additional preparation time for the reviewing persons and entities set forth below. A challenge of more than five materials will add an additional two (2) days per item to the time deadlines for the school or District actions that are specified within this Policy.
- f. For materials used *in that school*, the form and the material in question shall be studied by a School Materials Review Committee appointed on an ad hoc basis by the school Principal. Representation on the School Materials Review Committee should reflect the diversity of the District and school, and the following provisions apply:
 - i. The committee shall consist of the Principal or his/her designee of the school where the complaint was made; two teachers in the appropriate subject area/grade; one teacher from another subject area/grade; a library media specialist; a guidance counselor; one student from the appropriate grade level or a student who is accomplished in the specific subject area (middle and senior high school only); one layperson from the school's Parent-Teacher Association or the School Advisory Council; a representative designated by the Regional Superintendent, and a representative from the District department representing Instructional Materials and/or Library Media Services.
 - ii. The School Materials Review Committee shall meet within fifteen (15) school work days of receipt by the Principal of the reconsideration form. The complainant shall be notified of the committee's meeting.

date and time and shall be invited to present arguments for no more than 10 minutes unless time is extended by the committee for good cause. A question/answer period or committee discussion may follow the presentation at the committee's discretion.

- iii. The School Materials Review Committee shall solicit, if readily available, professionally written reviews of the material, from sources such as those listed in School Board Policy 8.12(7)(d)(ii).
 - iv. The School Materials Review Committee shall be chaired by the Principal or his/her designee. A recorder of minutes shall be appointed from the membership of the committee to take minutes and to record the recommendation of the committee.
 - v. If the review is not completed, the committee may schedule additional meetings. Within five (5) school work days of its final meeting, the School Materials Review Committee shall prepare the committee's recommendation with supporting reasons and use form PBSB 1857, School Materials Review Committee Recommendations, or a signed letter written on school letterhead. The form can be found on the District's forms Web site at <https://www2.palmbeachschools.org/formssearch/pdf/1857.pdf> and is incorporated herein by reference.
- g. Guidelines for Committee's Recommendation. -- The School Materials Review Committee shall review enough of the relevant portions of the material being challenged in order to make an informed recommendation on the request. The committee shall also consider readily available reviews of the material, study the comments on the complainant's questionnaire, consider one or more of the evaluative criteria in Policy 8.12(7) (for media center materials) or State requirements and guidelines and Policy 8.122 (for textbooks or other instructional materials and reading lists) and shall render a decision based on a majority vote.
- i. The selection criteria in Policy 8.12(7), for media center, shall be made available to all interested persons.
 - ii. The recommendation to the Principal will be based on the selection criteria in School Board Policy 8.12(7) (for media center materials), State requirements and guidelines and School Board Policy 8.122 (for textbooks and instructional materials), and the following additional factors and criteria:
 - A. educational significance of the material;

 - E. literary merit;
 - F. validity, accuracy, objectivity, and up-to-date and appropriate information;
 - G. freedom from stereotypes, bias, prejudice or distortion; and
 - H. timeliness or permanence.

A. In addition, the recommendation shall also consider the provisions in the School Board's collective bargaining agreement with CTA relating to academic freedom and responsibilities-- Article II, Section K--to the extent those provisions are applicable. However, pursuant to current case law, the committee may not recommend removal of non-curricular books from the school's media center or classroom simply because a majority of the committee dislikes the ideas or the points-of-view contained in the media center instructional or supplemental classroom instructional materials.
- h. Committee's Recommendation to the Principal. -- The committee's final recommendation shall be immediately forwarded to the school Principal and may be any or a combination of the following:

This written communication must inform the complainant of the next level of appeal under this policy and the time deadline if the decision is not the relief sought by the objecting party. Such communication shall be sent by regular U. S. Mail, and certified mail, return receipt requested.

4. **District Level: Formal Appeal.** -- The complainant may appeal the Principal's decision to the Superintendent, subject to the following provisions.

- a. If the complainant appeals the Principal's decision, the Principal shall send copies of all reports and communications to division and department heads that supervise Instructional Materials and Library Media Services and to the appropriate Regional Superintendent.
- b. Access to challenged materials shall not be restricted during the reconsideration process; the materials shall remain in use unless the School Materials Review Committee, through formal vote, recommended removal of the instructional materials to the Principal, and the decision to remove is made by the Principal.
- c. Within twenty (20) calendar days of the date of the Principal's decision, the complainant shall notify the Superintendent in writing of the request to appeal. *Failure to comply with these requirements will result in the appeal not being considered.*
- d. Within twenty (20) school work days of receipt of such request, the Superintendent or his/her designee and appropriate staff shall review the action taken at the school level and issue a decision based on the same criteria set forth in subsection (3)(g) above and with the same alternative results as set forth in subsection (3)(h) above. If the decision does not include further review by the Superintendent/designee (and District Materials Review Committee), the complainant shall be so notified of the decision and be informed of the ability and deadline to request *in writing* an appearance to appeal directly to The School Board of Palm Beach County, Florida in accordance with this Policy. Notice to the complainant shall be made by regular U. S. Mail and certified mail, return receipt requested.
- e. If the Superintendent finds cause for further review, the complaint shall be submitted to a District Materials Review Committee whose representation reflects the diversity of the District and school, appointed on an ad hoc basis by the Superintendent or his/her designee, according to the following provisions:
 - i. Representation on District Instructional Materials Committees should reflect the diversity of the District and schools.

The General Counsel to the School Board, or designated attorney(s) of his/her Office, may be invited to provide legal advice to the Committee, if deemed appropriate by the Superintendent.
 - iv. In the event that a person from a position named above cannot be present at the District Materials Review Committee meeting(s), the Superintendent may appoint an alternate.
 - v. **District Materials Review Committee Procedures**
 - A. The District Materials Review Committee shall be chaired by the Chief Academic Officer or his/her designee. A recorder of minutes shall be appointed from the membership of the committee to take minutes and to record the recommendation of the committee.

- i. The Selection Criteria in Policy 8.12(7) (for media center materials) shall be made available to all interested persons.
 - ii. The recommendation to the Superintendent will be based on the selection criteria in School Board Policy 8.12(7) (for media center materials), State requirements and guidelines and School Board Policy 8.122 (for textbooks and instructional materials), as well as the following criteria:
