523000 Health & Life	\$7,600								
<b>Benefit Account used for Budgeting:</b>	<b>521000</b>	<b>521500</b>						<b>521500</b>	

\* Group insurance rates represent average cost for budget purposes. Actual health insurance costs vary according to the plan selected by each employee. For instance, family coverage costs the district more than single coverage. HIPAA privacy laws do not allow disclosure of employee health information. Consequently, average rates are developed for budgeting purposes. Additionally, group insurance costs are distributed to all jobs worked during a pay period. For regular employees working extra jobs in the district, a portion of their insurance cost is proportionately allocated to each job. This allocation method is standard business practice used in cost accounting.
