## **Purpose of Collection Development Policy**

**The Collection Development Policy of Berkshire Elementary School is created to ensure that the media center's collection is inclusive, diverse, and reflective of the experiences and perspectives of all members of the school community. The goal is to provide students with opportunities to explore and appreciate the richness and complexity of Latin American's cultures and to develop empathy, respect, and understanding for people who are different from themselves.**

**To achieve this purpose, our collection development plan should prioritize the selection and acquisition of materials that represent the Latin American cultures, ethnicities, and languages. Materials should be chosen based on their accuracy, authenticity, and relevance to the curriculum and the needs and interests of the students.**

## **Background Statement & School Community**

**Berkshire Elementary school was established in 1958 and currently has a student population of 1046. Berkshire Elementary school provides the finest Dual Language program. Additionally, the school is certified as an AVID, recognized as an International Spanish Academy (ISA) school by the Embassy of Spain and qualifies as a Title I institution.**

**Berkshire Elementary school is an elementary school that caters to students from kindergarten to fifth grade. The school has a diverse student population, with an enrollment of 1046 students. The breakdown of the student population shows that 9% of the students are black, 75% are Hispanic, 13% are white, and 3% are from other ethnic groups. A significant proportion of students, around 44%, are English Language Learners, which presents a unique set of challenges in the learning environment. Additionally, 91% of the students are eligible for free/reduced lunch, highlighting the low-income status of many families in the community. Finally, 13% of the students are part of the Exceptional Student Education program, demonstrating the school's commitment to providing an inclusive education for all students.**

## **Mission Statement**

**Berkshire Elementary School's mission is to develop young and healthy minds in an ever changing global economy with 21st century skills by providing a nurturing, diverse, and inclusive community where all stakeholders are valued**

## **Media Center Mission Statement**

**The mission of the Berkshire Elementary Media Center is to provide a dynamic and inclusive learning environment that fosters a love of reading, a passion for learning, and a deep respect for the diversity of cultures that make up our global community.**

## **Responsibility for Collection Management & Development**

**Responsibility for collection management and development in Berkshire Elementary media center rests with the media specialist, who is responsible for overseeing the selection, acquisition, organization, and maintenance of materials. The media specialist works closely with the school's administration and faculty to ensure that the collection aligns with the curriculum and supports the educational goals of the school.**

## **Library Program**

**The primary goal of the Library Media Center is to design and maintain a library program that will enrich and extend the educational program of the school. The library media staff seeks to provide various resources in multiple formats to meet the needs of all students in all areas of the curriculum. The library environment should also promote research, intellectual curiosity, reading for pleasure, and diverse interests for lifelong learning. The staff prepares students to be independent users of library and information resources and supports intellectual freedom, as described in American Library Association (ALA) publications.(Appendix A)**

**The LMC operates on a fixed eight-day Fine Arts rotation schedule, with seven classes per day (k-5). During each 30-minute class, students receive library lessons for the first 20 minutes (Digital Citizenship, Fundamental Reading Skills, Reading, Communication, Vocabulary, Sunshine State Readers Young Program, among many others) and the remaining 10 minutes are reserved to get books from the library. Although the Media Specialist is not available before and after school due to PLC coverage and student support in the classrooms, the doors are open for book check in/out. The Library Media Center also undertakes special initiatives as needed.**

**Students are expected to use the FINDS research process and various technology platforms such as PowerPoint, Google Slides, Adobe Express, Windows 365, and BrainPOP to present their research projects. With Adobe Express, students can create concept maps and videos, among other options.**

**The Battle of the Books and WBER NEWS Show aim to address both communication standards and ISTE standards. The WBER NEWS Show is bilingual and will continue to produce segments on Berkie Updates, Pledge of Allegiance, The Minute of Silence, Current Events, Motivational Programs, Vocabulary, Livestream from Outside the WBER Studio, and Student and Teacher Recognition. Additional instruction will be included based on collaboration of classroom teachers with support from the media. The Media Center hosts two Scholastic Book Fairs throughout the year.**

**Our LMC wants to integrate Latin American culture by using various strategies, such as including books, magazines, and other reading materials that focus on Latin American history, traditions, and customs. Cultural events or activities that highlight Latin American music, dance, and art can also be organized. Incorporating technology resources such as virtual field trips, online museum exhibits, and interactive language learning programs can provide students with immersive experiences that further deepen their understanding and appreciation of Latin American culture.**

## **Goals and Objectives**

**Goal 1: Increase representation of Latino American culture in the Media Center Development Collection.**

- **Research and purchase books on Latino American culture**
- **Promote diversity and inclusivity in the collection**

### Scope of the Collection

The concentration of collection development at School Berkshire Elementary revolves around the curriculum, which aligns with the guidelines established by the School District of Palm Beach County. These guidelines, in turn, adhere to the regulations established by the Department of Education of the State of Florida. In accordance with the recommended standards for school libraries in the United States, print and non-print materials at Berkshire Elementary School are organized using the Dewey Decimal Classification System. In addition, the school benefits from district-wide subscriptions to electronic information databases, further expanding the resources available 24/7 for students, for example MYON is a program used by our students. Policy 8.12 ensures that all collections and pleasure reading within the school are organized in accordance with the Dewey Decimal Classification System. ( See Section 5 Management of Library Media Instructional Materials).

In addition to its comprehensive collection, Berkshire Elementary school is proud of its special section dedicated to Latin American culture, which provides students with a rich and diverse perspective on this vibrant region. The library also places special emphasis on areas such as nonfiction materials that support STEM programs, ensuring that students have access to resources that further their interest and understanding in science, technology, engineering, and mathematics.

## **Collection Development**

The collection development process involves the provision of high-quality materials and resources for the library's media center. Its goal is to ensure that the collection contains a sufficient and diverse number of information sources to meet the academic and personal interests of students. The media specialist takes the lead in this process, collaborating with administrators, teachers, students, parents, and other stakeholders to gather information and make informed decisions.

## **Selection and Evaluation Criteria**

The coordination of the collection development program falls under the responsibility of the media specialist.

When selecting instructional materials, the needs of the Berkshire Elementary school take precedence and these needs are determined by considering the curriculum and the existing collection. To ensure an effective assessment of these needs, several steps are followed. First, an inventory of the collection is conducted to identify items that need to be replaced, missing materials, or other essential requirements. This helps identify areas that need attention and improvement. In addition, the library's media materials are reviewed in light of the Florida State Standards for appropriateness. To keep track of areas that require additional resources, a rolling list of topics is maintained, which serves as a guide for future acquisitions.

In addition, staff and student input is actively sought to identify the specific needs of the Berkshire Elementary school. Our teachers are surveyed at the end of research projects to assess the appropriateness and relevance of the materials used. This feedback helps to understand any gaps or areas that require further support. Periodic surveys of our students and staff are also conducted to gather their preferences and recommendations for the types of materials they would like to see added to the collection. This inclusive approach ensures that instructional materials align with the interests and requirements of the school community, encompassing informational materials, curricular materials, and materials for reading for pleasure.

Materials considered for purchase are selected on the basis of the criteria established in SDPBC 8.21 (6.d), which may include:

### INTELLECTUAL FREEDOM

#### AMERICAN LIBRARY ASSOCIATION THE FREEDOM TO READ STATEMENT

The freedom to read is guaranteed by the Constitution. Those with faith in free people will stand firm on these constitutional guarantees of essential rights and will exercise the responsibilities that accompany these rights.

We therefore affirm these propositions:

1. *It is in the public interest for publishers and librarians to make available the widest diversity of views and expressions, including those that are unorthodox, unpopular, or considered dangerous by the majority.*
2. *Publishers, librarians, and booksellers do not need to endorse every idea or presentation they make available. It would conflict with the public interest for them to establish their own political, moral, or aesthetic views as a standard for determining what should be published or circulated.*
3. *It is contrary to the public interest for publishers or librarians to bar access to writings on the basis of the personal history or political affiliations of the author.*
4. *There is no place in our society for efforts to coerce the taste of others, to confine adults to the reading matter deemed suitable for adolescents, or to inhibit the efforts of writers to achieve artistic expression.*
5. *It is not in the public interest to force a reader to accept the prejudgment of a label characterizing any expression or its author as subversive or dangerous.*
6. *It is the responsibility of publishers and librarians, as guardians of the people's freedom to read, to contest encroachments upon that freedom by individuals or groups seeking to impose their own standards or tastes upon the community at large; and by the government whenever it seeks to reduce or deny public access to public information.*
7. *It is the responsibility of publishers and librarians to give full meaning to the freedom to read by providing books that enrich the quality and diversity of thought and expression. By the exercise of this affirmative responsibility, they can demonstrate that the answer to a "bad" book is a good one, the answer to a "bad" idea is a good one.*

This statement was originally issued in May of 1953 by the Westchester Conference of the American Library Association and the American Book Publishers Council, which in 1970 consolidated with the American Educational Publishers Institute to become the Association of American Publishers.

Adopted June 25, 1953; revised January 28, 1972, January 16, 1991, July 12, 2000, June 30, 2004, by the ALA Council and the AAP Freedom to Read Committee.

First Amendment of the Bill of Rights to the United States Constitution CONGRESS SHALL MAKE NO LAW RESPECTING AN ESTABLISHMENT OF RELIGION, OR PROHIBITING THE FREE EXERCISE THEREOF; OR ABRIDGING THE FREEDOM OF SPEECH, OR OF THE PRESS; OR THE RIGHT OF THE PEOPLE PEACEABLY TO ASSEMBLE, AND TO PETITION THE GOVERNMENT FOR A REDRESS OF GRIEVANCES.

The Bill of Rights to the U.S. Constitution was ratified on December 15, 1791

Endorsed by the Board of Library Trustees: August 24, 2009, October 22, 2012, August 22, 2016

  - b. Provide a broad background of information resources in areas of knowledge;
  - c. Support the general educational goals of the District and the objectives of specific courses, including materials that represent diverse points of view in order that young citizens may develop, under guidance, the practice of critical analysis of media and intellectual integrity in forming judgments;
  - d. Meet the personal needs and interests of students, including materials that: nurture the development of recreational reading/listening/ viewing, cultural appreciation, and aesthetic values; represent the many religious, racial, ethnic, linguistic, and cultural groups in our society and reflect their contributions to the heritage and culture of our civilization; foster respect for the diverse roles available to women and men in today's society; and provide access to materials in heritage language as stipulated by the META agreement.

e. Support the professional needs of teachers and administrators; and

f. Introduce new instructional technologies into the learning environment.

4. **Choice.**-- Library media materials are available to students and staff as optional resources and are usually not mandatory reading as is the case with textbook instructional materials.

Library media that is sensitive or mature may not be appropriate for all readers in a school but remains a part of the collection to address the needs of some of the reading community if it meets the selection criteria of the school. Educators and library media specialists should be sensitive to the reading level, belief system, interest level and maturity level of students when helping make selections for individuals, reading aloud to groups, or when having whole class participation in a reading project. If a parent or adult student states a reasonable objection to library reading material assigned to a class, comparable instruction will be made available for the student through an alternate reading assignment without penalty.

5. **Use of Library Media Materials Allocation.**-- School principals are responsible for ensuring that operating budget and state categorical funds are used to purchase library media materials that reinforce instruction and stimulate leisure reading for the students enrolled at the grade level(s) for which the materials are designed and to effectively communicate to parents the manner in which materials are used to implement the curriculum of the school under Fla. Stat. § 1006.40.

6. **Management of Library Media Materials.**-- Following practice and precedent, the school library media centers in Palm Beach County will arrange media and materials according to the Dewey Decimal Classification System. Library media materials acquired with funds from the General Appropriation Act of the State of Florida are to be cataloged and inventoried as part of the library media collection. Library media materials may be inventoried in one to three year cycles.

7. **Selection.**-- HB 1467 (2022), amending Fla. Stat. § 1006.28 provides selection requirements.

a. Initial Review Process

i. "Each book made available to students through a school district library media center or included in a recommended or assigned school or grade-level reading list must be selected by a school district employee who holds a valid educational media specialist certificate, regardless of whether the book is purchased, donated, or otherwise made available to students."

ii. For resources needing additional review by District Library Media Services, school-based certified library media specialists or principal designee will use PBSD 2671, attached hereto and incorporated as part of this policy, to solicit additional input.

b. The School Board is herein adopting "procedures for developing library media center collections" and shall "post the procedures" on each school's website within the District.

c. Each elementary school <sup>[1]</sup> must "publish on its website, in a searchable format prescribed by the [Florida Department of Education], a list of all materials maintained in the school library media center (as defined by SBER 6A-7.0713, including classroom libraries) or required as part of a school or grade-level reading list."

d. Per HB 1467 (2022), § 1006.28 (2) (d), these procedures for developing library media center collections must:

i. "Require that **book selections** meet the criteria in s. 1006.40(3) (d)." <sup>[2]</sup> \_\_\_

ii. Require consultation of reputable, professionally recognized reviewing periodicals <sup>[3]</sup> \_\_\_, if available after a documented diligent search, and school community stakeholders. <sup>[4]</sup> \_\_\_

iii. "Provide for library media center collections based on reader interest, support of state academic standards and aligned curriculum, and the academic needs of students and faculty."

iv. "Provide for the regular removal or discontinuance of books based on, at a minimum, physical condition, rate of recent circulation, alignment to state academic standards and relevancy to curriculum, out-of-date content, and required removal pursuant to subparagraph (a) 2." <sup>[5]</sup> \_\_\_

In addition to regular review, removal, or discontinuance by a school library media specialist, the Superintendent or designee, even without an Objection or challenge, has the authority to remove library media materials or materials on reading lists based on statutory considerations.

The basis for the removal shall be documented. Removal procedures regarding an Objection are based on Statute and/or School Board Policy 8.1205 Objection Procedures for Instructional Materials.

- e. The District may restrict access to school library media and reading list materials from students in grade Kindergarten through Grade Three if such materials instruct on sexual orientation or gender identity because HB 1557 (2022) prohibits such instruction.

## 8. Additional Selection Criteria

- a. Materials for use in school media centers or classroom library collections shall be carefully selected subject to the requirements stated above in Paragraph 7. A choice of materials that support the instructional program and promote reading shall be available to students and professional staff to allow for varying achievement levels, interests, and teaching/learning styles. Annually, the District requires using the selection criteria and the removal criteria referenced in this Policy to have library media specialists evaluate their collection in order to write a School Collection Development Plan to enhance their individual library programs that align to the District required components<sup>[6]</sup>. They will share that plan with both their principal and District Library Media Services. Once the plan is approved, the school will post the school's plan on the school website. District Library Media Services will offer annual training on this process.
- b. The "Library Bill of Rights" referenced herein is to be used as a suggested guideline. To the extent that there are inconsistencies between the guidelines in the "Library Bill of Rights" and State Statute, or District policy, State Statute and District policy shall take precedence and shall govern the selection, retention and disposition criteria of library media materials for library media centers and classrooms.
- c. Selection of materials shall also be consistent with the provisions in the School Board's collective bargaining agreement with CTA relating to academic freedom and responsibilities--Article II, Section K--to the extent those provisions are applicable.
- d. Moreover, consistent with Fla. Stat. § 1006.28 (2) (a) 2, library media materials must be suited to student needs and their ability to comprehend the material presented.
- e. In conjunction with the selection criteria above, employees holding a valid educational media specialist certificate (with the required training once it is available as stated in Paragraph 10 below) at each school location or if a qualified person is not employed at the school, by another District employee with these qualifications, shall evaluate and select print and non-print materials for the library media center using several of the criteria outlined below, as appropriate for the media type. **Any library media material containing pornography or otherwise prohibited by Fla Stat. § 847.012 as harmful to minors may not be used or made available within any public school.**

  - i. EDUCATIONAL SIGNIFICANCE. -- Material is valuable to an individual course of study or to the library media collection; the degree to which the material would be supplemented and explained by mature classroom instruction.

- xvi. GRAPHIC NOVELS AND PERIODICALS.-- In addition to the above criteria, all pictures are to be reviewed for appropriateness prior to placing the graphic novel or periodical into circulation.

- a. Per HB 1467 (2022), school principals are responsible for overseeing compliance with school district procedures for selecting school library media center materials at the school to which they are assigned.
- b. Support toward compliance is available when the assigned school library media specialist(s) attend professional development/training hosted by the District Library Media team.

10. The Florida Department of Education (FL DOE) is developing an online training program by January 1, 2023 for school librarians, media specialists, and other personnel involved in the selection and maintenance of library media and collections or materials maintained on a reading list. These persons must complete this training once it is available before reviewing and selecting age appropriate materials, reading list materials, and library resources.

### **Policy 8.1205 - Objection Procedures for Instructional Materials, Library Media Materials, and Supplemental Classroom Materials, including Reading Lists**

This Policy does not apply to the 30-day post-adoption challenges to specific instructional materials by parents or County residents in compliance with Fla. Stat. § 1006.28(1) (a) (3). The procedures to follow for those challenges are outlined in School Board Policy 8.122, subparagraph (3)(g).

In addition, the Superintendent or designee, even without an objection or challenge, has the authority to remove instructional materials, library media materials, supplemental classroom materials on reading list based on statutory considerations. The basis for the removal shall be documented.

This Policy implements Fla. Stat. § 1006.28 (2)(a)2 relating to: objections by parents or this County's residents to: a) instructional materials more than 30 days after adoption of instructional materials and b): library media materials, including reading lists, and non-adopted classroom materials. The procedures to follow for those challenges are outlined below; however, a parent or a resident of this County has the option to speak and proffer evidence at the Board hearing on adopting instructional materials and the Board adoption meeting without having followed the procedures below.

#### **1. Grievance Procedures Concerning Core Instructional Materials, Library Media Materials, Reading Lists, and Supplemental Classroom Instructional Materials**

- a. The Superintendent or his/her designee is authorized to administer the following procedures in accordance with federal and state law.
- b. Any resident of Palm Beach County, or emancipated student or parent of a child attending public school in Palm Beach County may file an objection with a school or the Board Clerk concerning the use of or content in instructional materials, library media materials, and supplemental classroom materials, including reading lists.
- c. The parent or resident will be provided the opportunity to proffer evidence on the grounds stated within Fla. Stat. § 1006.28(2)(a)(2), relating to instructional materials, library media materials, and supplemental classroom materials, including reading lists.
- d. Challenged materials may be removed from use in the school where the objection was initiated after the procedures of this Policy have been completed or if it is agreed by the District at any of these stages. Per Fla. Stat. § 1006.28(2)(a)(2), if the School Board "finds that an instructional material does not meet the criteria under sub-subparagraph a. or that any other material contains prohibited content under sub- subparagraph b., the school district shall discontinue use of the material for any grade level or age group for which such

use is inappropriate or unsuitable.”

- e. Objections filed by a parent or emancipated student shall be heard in the school in which that student is registered. If the parent has children at different schools in Palm Beach County, then the objection must specify which school(s) the objection pertains to and it will be heard in that/those school(s). If the objecting party is not the parent of a child in the School District, the objection will be assigned to the appropriate school within the boundary corresponding to the residence of the objecting party for review if the material is located at that school or to the school in close proximity where the material is located.

## 2. School Level: Informal Complaint

- d. A challenge to the same material(s) by multiple challengers within one school can be consolidated into one challenge for consideration by the School Materials Review Committee, Principal, Superintendent, District Material Review Committee, and School Board (the reviewing persons and entities) as set forth in the below proceedings.
- e. A challenge to multiple materials will require additional preparation time for the reviewing persons and entities set forth below. A challenge of more than five materials will add an additional two (2) days per item to the time deadlines for the school or District actions that are specified within this Policy.
- f. For materials used *in that school*, the form and the material in question shall be studied by a School Materials Review Committee appointed on an ad hoc basis by the school Principal. Stat. 1006.28] subparagraph (a)2 [regarding an objection by a parent or a resident of the county to the use of a specific instructional material or any material used in a classroom, made available in a school library, or included on a reading list] for the school year and the specific objections thereto. b. Each material that was removed or discontinued as a result of an objection. c. The grade level and course for which a removed or discontinued material was used, as applicable."
